# STORM DAMAGES CROPS

## 3 MILITARY BIRDMEN KILLED

Two British Army Officers Fall to Their Deaths in Biplane

German Lieutenant Battles With Storm, but Is Finally Overcome and Falls

STEVENA, England, Sept. 6.—Two more British army officers lost their lives while flying today.

Captain Patrick Hamilton had taken Lieutenant Stewart with him as a passenger in his biplane. The two officers had flown for a considerable time when a strong wind sprang up and in endeavoring to make headway against it one of the wings of the aeroplane collapsed. The machine fell 250 feet and was destroyed. The bodies of the two officers were found in the wreck. Captain Hamilton was an infantry officer belonging to the Worcestershire regiment, but was attached for duty to the army flying corps. Lieutenant Stewart was not an aviator.

**GERMAN AIRMAN KILLED.**

MUNICH, Bavaria, Sept. 6.—A German military aviator was killed near here today during a reconnoitering flight. Lieutenant Stecker of the Bavarian army had ascended in his biplane to make a report of the position of the opposing force in the local maneuvers. The weather was stormy and when his machine had reached a height of 300 feet it suddenly buckled and fell. Lieutenant Stecker died shortly after he was picked up.

**Girl Walks 15,000 Miles, Seeing World**

Daughter of Diamond Dealer Tramps Through Many Countries.

PHILADELPHIA, Sept. 6.—Miss Clara Rodriguez, a 19-year-old girl from Amsterdam, is here today completing a walk of 15,000 miles. She has tramped through every country in North America and Europe. She is the daughter of a diamond dealer in Amsterdam, and lived with an aunt in Scotland until three and a half years ago, when she decided to see the world afoot.

## JUDGE FRICK ACCUSED OF MALICE BY ATTORNEY

### Gamblers Who Pled Guilty to Charge Are Fined Heavily by Court

Despite the fact that it was virtually proved that a sinister motive was behind the arrest of Jack Woolley, proprietor of the Turf club, and George French and W. Wood, on gambling charges, severe sentences were imposed by Judge Mortimer Smith upon the three men when they appeared in court this morning. That the arrests were actuated by malice was freely declared by Attorney Phil Walsh, attorney for the defendants, after it had been brought out in testimony that A. L. Frick, formerly attorney for Woolley, had been instrumental in causing Woolley's arrest.

Judge Smith declared that he could take no cognizance of what might or might not be behind the arrest of the three men for gambling, stating that all that was before him was the fact that they had pleaded guilty to the charge, and that they had violated the city laws. Upon Woolley Judge Smith passed sentence of paying a fine of \$200 or spending 100 days in the city prison. French and Wood were each fined \$100 with the alternative of spending 60 days in the city prison.

**WHAT WERE FRICK'S MOTIVES?**

What the motives of Judge Frick may have been in obtaining this evidence cannot be considered by this court," declared Judge Smith in passing sentence. "It has been shown, however, that repeated attempts were made to induce these defendants to permit betting on horse races

## 'SCORPION' HE TERMS JOSEPH

Mrs. Lichtenstein's Attorney Grills the Defendants in Conspiracy Trial

Men Accused of Framing Divorce Evidence Mercilessly Denounced

SAN FRANCISCO, Sept. 6.—A woman's reputation is the question at issue in the trial of Nat Lichtenstein, Sam Lichtenstein, attorney Milton Nathan and H. I. Joseph, a traveling salesman, which will be brought to a close tonight. Today was taken up in arguments on the part of counsel on both sides and when the session began Assistant District Attorney Brennan began his speech to the jury in which he castigatingly reviewed every one of the defendants but particularly Joseph who was surprised in a room at the Bay State Hotel with Mrs. Anita Lichtenstein, wife of Nat Lichtenstein.

"It is plain from the evidence in this case that these men agreed to get a divorce from this woman," observed the reputation of Mrs. Lichtenstein all her jewelry and kick her out into the streets, and let her make her own way in the world," cried Brennan in summing up the first half of his opening argument. He declared that there was not a shred of evidence against the reputation of Mrs. Lichtenstein and asserted that the four accused men had deliberately conspired to ruin her character and to make the compromising situation in order for divorce of the wife of the defendant, Joseph came in for the most withering arraignment.

"He is the arch conspirator in this case, a snake, a scorpion, a creeping bug. One cannot call him a man," attorney George Knight argued for the defendants after which Brennan will close for the state.

Joseph, who had been a friend of the Lichtensteins for a number of years, took Mrs. Lichtenstein to lunch in the Bay State Hotel last December, and according to the woman asked her to go to a parlor to look at some jewelry which he had purchased as a present. While there, there was a noise in the corridor and she claims he told her she had better look out or she would be shot and named her to go into an adjoining room which was a sleeping apartment, and her husband and Attorney Nathan rushed in upon her.

## AMERICANS IN DANGER, REPORT

Need of Troops in Northern Mexico for Their Protection Is Urged

Frantic Appeals Made to State Department by Mining Companies

WASHINGTON, Sept. 6.—American Ambassador Wilson was instructed by the State Department today to urge upon the Mexican government the dire need of Federal troops in Northern Mexico to protect Americans. Frantic appeals to the State Department tell of dangers threatening Americans and call for help. In the majority of cases, they come from mining companies in the northern States.

**JOINS OROZCO.**

MEXICO CITY, Sept. 6.—It is persistently reported that General Jose de la Sanchez, a staunch Maderista, who was entrusted with recruiting volunteers for the Federal cause, has gone over to Orozco at Olancho, in the State of Chihuahua, with 3000 rifles, half a million pounds of ammunition and 200 men. This is said to have been pre-arranged, and to have been the object of General Orozco's mysterious march.

**DETAILS OF BATTLES.**

WASHINGTON, Sept. 6.—More details of the recent Nicaraguan government victories were reported to the State Department today by Minister Weltzel. He says Colonel Zolozano Diaz, with 200 troops, defeated 500 Zelayistas commanded by General Marcos Serrano on the morning of September 2 in La Paz.

More than 2000 rounds of ammunition were captured, and Colonel Moises Berrios, secretary of war in the cabinet of former President Zelaya, was taken prisoner. Colonel Abel Samartia, a federal officer, was killed during this engagement.

A more important victory was won by the government in Tipitapa the same day, when General Arsenio Cruz, with 500 men, defeated a similar rebel force under Colonel Samuel Corillos.

In Tamarindo, on the east side of

**Wilson to Start On First Trip Sept. 17**

Itinerary for Central States Speech-making Tour Is Announced.

SEA GIRT, N. J., Sept. 6.—Governor Wilson announced today the itinerary of his first trip to the Central states. It is as follows:

September 17, Sioux City, Iowa; September 18, Minneapolis and St. Paul; September 19, Milwaukee; September 20, Columbus, Ohio; September 21, Pittsburg.

The governor will travel in a special car attached to regular trains. Two stenographers, two typewriter operators and a secretary will accompany him.

## Oscar Strauss Nominated For Governor of New York

SYRACUSE, N. Y., Sept. 6.—Oscar R. Strauss was unexpectedly placed in nomination for Governor by J. C. McGee of New York today. The placing of Strauss' name in nomination caused a demonstration. Men and women delegates paraded the aisles and cheered continuously. State Chairman Hotchkiss hurried to the platform and tried to get Chairman Strauss to agree to run. Delegates surrounded the platform and cried, "Make him take it! He's got to take it!"

## World's Ball Games for Championship Begin Oct. 8

ST. LOUIS, Sept. 6.—The series for the world's baseball championship will begin October 8, according to President B. B. Johnson of the American League, in a letter to a local paper. The American League pennant winners will not engage in a post season series with a picked team of the league, says President Johnson.

Johnson's letter follows: "A series of exhibition games for the championship of the American League at the close of this season would be impossible."

"In the East the championship races close on October 5 and in the west on the following day. The series for the world championship will begin on Tuesday, October 8. The only preparation the American League champions will make for this event will be to take a good substantial rest running during a period of two or three days."

## N. Y. SHAME LAID TO GAYNOR

Mayor's Policy of Recognition of "Necessary Evils" Told on Stand

Hayes' Failure to Raid Dens but Reflected Gaynor Policy, Says Attorney

NEW YORK, Sept. 6.—Relations between Mayor Gaynor and the New York police department; the mayor's attitude on the city's so-called vice and 'excise problems, and the extent to which the department followed his public declarations of his attitude, formed the basis of a relentless cross-examination undergone by Police Commissioner Waldo today in the trial of Cornelius G. Hayes, an inspector, suspended on charges of making false statements during an interview on the Rosenthal murder reflecting on the commissioner.

Thomas Thacher, Hayes' counsel, thwarted in his efforts to read into the record the mayor's utterances on the vice problem, finally gained recognition from the trial commissioner, Douglas McKay, by this declaration:

**GAYNOR'S POLICY TOLD.**

"I am merely trying to prove that Mayor Gaynor's policy was one under which the social evil was recognized as an unconquerable problem which had to be endured, but that the evil had to be present a front of outward decency; that in the failure of Inspector Hayes to raid disorderly houses he was merely reflecting this policy and that any orders issued to him by Police Commissioner Waldo were directly in violation of that policy."

Mr. Thacher was then permitted to proceed with his cross-examination along the lines he desired.

**WALDO DENIES IMPUTATION.**

"Does not Mayor Gaynor direct your policy toward vice?" he asked Waldo.

"He does not," snapped the commissioner.

"How Mayor Gaynor ever instructed you has to deal with disorderly houses?"

"He has never given me any instructions on that subject."

"As a matter of fact, you did not expect Hayes to raid disorderly houses within his district, did you?"

"I expected him to raid every disorderly house as to whose operation he could obtain evidence."

**KNOW THEY WERE THERE.**

"You knew, didn't you, that disorderly houses had flourished for six months in Inspector Hayes' district, that these houses were operating every day and that they were not being raided?"

"Yes, I knew it. I knew that disorderly houses had been flourishing in that district for that year. But I presumed Inspector Hayes was making every effort he could to close them up."

Waldo was the first witness called to the stand today at the departmental trial of Cornelius G. Hayes, deposited police inspector, charged with making

(Continued on Page 2, Col. 2)

## Revelation of Vice To Start Prosecution

GIRL WHO MADE CONFESSION IS RECOVERING FROM NERVOUS BREAKDOWN.

CHICAGO, Sept. 6.—Miss Frances Ford, whose confession of vice in the village of West Hammond, Ill., is expected to be the basis for prosecution of the alleged "vice ring" in the small town, was said to be recovering from her nervous breakdown today. Lack of morphine, to which the girl is said to be addicted, is believed to have contributed to her breakdown. Coroner Hoffman ordered deputies to seek information which would substantiate the allegations made by the Ford girl, who was an inmate of the resort owned by Henry Foss, in whose place Henry Messmaker, the alleged victim of poison, died.

## Lynch Negro Accused Of Attacking Girl

WEST VIRGINIA COLORED MAN IS HANGED TO A TELEGRAPH POLE.

BLUEFIELD, W. Va., Sept. 6.—Walter Johnson, a negro accused of attacking a 14-year-old white girl at Princeton, W. Va., was lynched late last night. Johnson was hanged to a telegraph pole and then his body was pulled with bullets.

The nomination was made by acclamation.

## GEN. MacARTHUR DROPS DEAD

### VETERANS SEE SOLDIER EXPIRE

GENERAL MACARTHUR, WHO DROPPED DEAD WHILE AT REUNION OF SOLDIERS IN MILWAUKEE.

## Widow Becomes Unconscious When Told of Death; Companion Also Stricken

MILWAUKEE, Sept. 6.—Mrs. Arthur MacArthur, widow of Lieutenant General MacArthur, who became unconscious when informed of the sudden death of her husband last evening while attending a banquet of the survivors of his old regiment, the Twenty-fourth Wisconsin Volunteers, was regained consciousness and no immediate change for the worse is expected by physicians in attendance. Captain E. B. Parsons, toastmaster at the banquet, who suffered a paralytic stroke following the shock incident to the sudden death of General MacArthur, is reported to be resting comfortably.

General MacArthur died suddenly last night following an apoplectic stroke while he was stricken while addressing the survivors of the Twenty-fourth Wisconsin volunteers.

known as the chamber of commerce.

The occasion was the fiftieth anniversary of the day the regiment left Milwaukee for the front.

General MacArthur had been introduced by the toastmaster, Captain E. B. Parsons, his companion all through the Civil War, and had been talking only a few minutes and was talking of the march through Georgia, when suddenly he paused with the remark:

"Comrades, I am too weak to proceed."

He sat down and his head fell forward. He was dead.

Scarcely had the tragic announcement of the death been made when Captain Parsons fell, himself stricken with paralysis.

With tears streaming down their cheeks, the gray-haired veterans, led

(Continued on Page 2, Col. 3)

## Planted U. S. Flag First On Soil of California

SAN FRANCISCO, Sept. 6.—Earl K. Cooley, one of the sailors who landed at Monterey with Commodore Sloat in 1842 and first planted the American flag on California soil, died at his home in Fruitvale this morning. He was 92 years old.

## Oakland Woman Travels 486 Miles to Pay 30c Bill

PASADENA, Cal., Sept. 6.—To pay a tax bill of thirty cents, Mrs. Mary A. Flaherty, of 1406 Eighteenth street, Oakland, Cal., traveled the 486 miles between that city and Pasadena, although the taxes were not due until October.

that the title to her property would be a tax bill of thirty cents. Mrs. Mary A. Flaherty, in person and deposited three dimes with the city treasurer, although the taxes were not due until October.

SACRAMENTO, Sept. 6.—The ball game that was scheduled for today between the Portland and Sacramento teams has been postponed on account of rain.

## RAINFALL IS RECORD BREAKER

Early September Downpours Are Most Unusual in California

Considerable Damage Being Done to the Prune and Grape Crops

RAINFALL IN OAKLAND	
Rainfall recorded by H. M. Sanborn's rain gauge for	
24 hours	.88
Total for season	.97

SAN FRANCISCO, Sept. 6.—This is the wettest 6th of September in California's history. The sun is not likely to shine again until Sunday unless all predictions fail and if the downpour keeps up all records for early September rains since the weather bureau was established will have been shattered.

From the northernmost point in Washington almost to the city of Fresno in this State, the rain has been falling, but California is having the greatest storm. There will be considerable damage to dried fruits, raisins and hay and it is expected that some of the grapes will be mildewed and the trays are covered.

Grazing and dairying interests will be helped by the assurance of abundant alfalfa. Irrigators and all agriculturists dependent on stored water will benefit. There has been a shortage of water all summer and the early rains will go far to restore the normal balance.

**RECORD RAINFALL.**

The rainfall for the last 24 hours has been .61 of an inch, the record for September 6. If it goes over an inch before Monday, as it is likely to do, it will be the heaviest downpour ever recorded. The only previous instance of such a volume of rain was in 1851, when from the 1st to the 9th of the month 11 inch fell.

Professor Alexander G. McAdie, the official meteorologist, explained the origin of the storm this morning.

"The rain is very heavy in the northern part of the State. It is unusual coming so early. Up in Siskiyou and in the other northern stations as much as 3 inches have fallen and this diminishes to a half inch between here and Fresno. Whatever fruit that is not covered will, of course, be damaged."

(Continued on Page 2, Col. 5)

## Worms Cause Death of Thousands of Horses

BUCKETFUL OF PARASITES FOUND IN THE INTESTINES OF DEAD ANIMAL.

DODGE CITY, Kan., Sept. 6.—An autopsy taken on one of the horses which died of the mysterious disease that is killing thousands of horses in Western Kansas, revealed a bucketful of worms in the intestines.

## Bail Games Postponed Because of the Rain

SAN FRANCISCO, Sept. 6.—The double-header baseball contest scheduled for today has been declared off on account of the rain. A double-header will be played at Recreation Park here tomorrow, beginning at 1:30 p. m.

The Association of American Advertisers has examined and certified to the circulation of this publication. The figures of circulation obtained in this Association's report only are guaranteed.

## MALICE CHARGED TO JUDGE FRICK

Why Did He Prosecute Man  
Who Had Employed Him,  
Asks Lawyer.

(Continued From Page 1.)

forfeiture of \$25 for the gamekeeper and \$10 for the players.

### ARRESTED IN JULY.

Woolley, Wood and French were arrested last July following a lengthy investigation of the Turf Club, with which they were connected, by H. Heynemann, head of a San Francisco detective bureau. It was said that Heynemann had protected Woolley that the recent agitation for an investigation of moral conditions in the community was instituted.

Although the three defendants pleaded guilty yesterday, it was determined this morning to take testimony to obtain a basis for Judge Frick to determine the gravity of the offense. For this purpose Heynemann was placed on the stand and interrogated by Prosecuting Attorney Ezra Derato.

Heynemann told of making several attempts to gain admission to the club, representing himself as a visitor in Oakland looking for "sociability." He was finally taken by an Oakland man and introduced at the Turf Club, 1214 Broadway. There he met Woolley, and attempted to induce Woolley to commit a felony by accepting wagers on horse racing and baseball. Woolley refused, but introduced Heynemann to a group of men around a table who were engaged in snooty traps.

### REFUSES TO TAKE OATHS.

Heynemann visited the club three or four times, and each time attempted to induce Woolley to take bets on horse racing or baseball. Each time Woolley refused. Heynemann entertained himself with the doted women.

Attorney Phil Walsh, representing the defendants, asked Heynemann who employed him.

"Judge Frick," responded the detective.

"Did he tell you to go after Woolley?" asked Walsh.

"No, he told me to get evidence of baseball or race track gambling in clubs in Oakland."

"Did you find any?"

"I did not, and so reported to Judge Frick. I made written reports to him, in which I mentioned that I had gambled myself."

"Did you go into any other clubs?" asked Walsh.

"I attempted to, but failed to gain admission."

"How did you happen to swear to this information against Woolley?"

"I was instructed to do so by Judge Frick."

"Did he tell you why he wanted Woolley arrested?"

"He did not," answered the witness.

When the case was submitted by the prosecution, Walsh made a plea for dismissal from the court.

"There are several significant omissions in this testimony," said Walsh. "It will be remembered that Judge Frick was Mr. Woolley's attorney. Now he appears as the prosecuting attorney, and failing that, as a witness against a minor."

"REPEATED ATTEMPTS."

"It looks as though there were something behind these arrests. They have

## GAYNOR 'GOAT' FOR N. Y. INQUIRY

Police Commissioner Waldo on  
Witness Stand Grilled by  
Hayes' Lawyer.

(Continued From Page 1.)

false statements concerning the commissioner. Douglas C. McKay, first deputy commissioner, presided, having overruled the contention of Hayes' lawyer that he was incompetent to preside because he had been subpoenaed as a witness.

Commissioner Waldo testified that he called before him on August 16 the various inspectors to ascertain which one of them, if any, had given an anonymous interview, published that day to the effect that orders had been given by Waldo that no disorderly houses should be entered without his instructions.

"Inspector Hayes then told me that he understood his orders were not to raid disorderly houses without specific instructions from me," Commissioner Waldo continued.

"Had you ever given him such orders?" asked Terrence Farley, assistant corporation counsel, representing the department.

"He was never given any instructions of that character in any form whatsoever," Commissioner Waldo replied.

## Four Policemen Save Lives of 62 Persons

NEW YORK, Sept. 6.—Sixty-two persons, 48 of them children, were saved from death in a row of burning tenements in De Graw street, Brooklyn early today by four policemen. All of the 62 had been overcome by smoke and were carried half-conscious from their rooms to the street. The principal loser in the fire was the International Provision Company, whose four-story packing house was swept by flames and damaged to the extent of about \$150,000.

## AUTOMOBILES FOR THE CITY INSPECTORS

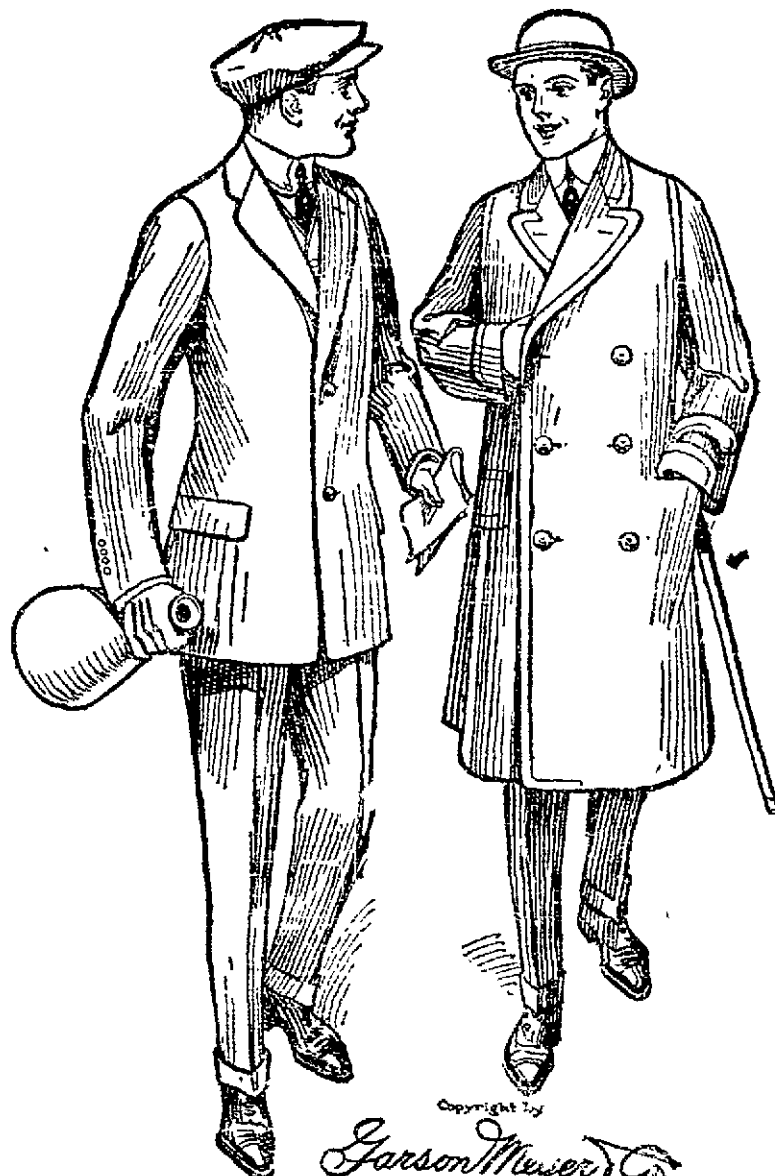

The city council passed an ordinance this morning appropriating \$250 for the purchase of four runabout automobiles. The runabouts are to be used by the milk inspector, building inspector and two street department inspectors.

a peculiar appearance when we consider the facts. Repeated attempts were made to induce Woolley to accept wagers on the race. Then the evidence was gathered for the minor charge.

"It is easy to get something against a man if a studied attempt is made to do so. As for the gambling, there are few clubs in which a certain amount of gambling does not go on."

These being the facts, it would seem apparent that these arrests were motivated by other than good motives. It would seem that an element of revenge or spite enters into the case, and I think that should be taken cognizance of by the court. We do not mean to defend gambling, or violation of the law, but the offense was one that is committed daily, and seems to be a defect in human nature. I think these defendants are entitled to some show of clemency.

# Fall Opening of the Remodeled Keller Store

Copyright by  
*Garrison Meyer Co.*  
Superior Tailored Clothes  
Rochester, N.Y.

A CORDIAL invitation is extended to the public to visit our remodeled establishment tomorrow, Saturday, September 7th, and inspect the

## Fall Attire For Men and Boys

It is the most beautiful store of its kind in the West. An especially interesting feature is our display of Men's Suits and Overcoats in "New Way" dustproof, all glass revolving cabinets. This is the modern, up-to-date method of displaying clothing to keep it free from dust and wrinkles.

The entire arrangement of the store is such as will enable us to give prompt and efficient service to our patrons.

The Clothing is shown in all the newest smart models, in a wide variety of materials and colors.

The Hat Department is overflowing with crisp new styles in soft and stiff shapes. Keller's have always been the first to show the newest headwear and this season we have aimed to outdo all previous efforts.

In the Furnishing Department we are ready with immense assortments of shirts, neckwear, hosiery, underwear, fancy vests, jewelry and other dress accessories.

Be With Us Tomorrow.

Everybody Is Welcome.

## GEN. M'ARTHUR DIES SUDDENLY

Famous General Expires While  
Attending Reunion of the  
Old Soldiers.

(Continued From Page 1.)

by the Rev. Paul B. Jenkins, repeated the Lord's prayer, and the banquet ended.

While nothing definite regarding funeral arrangements has been announced, it is expected the services will be of a private and simple character, in keeping with a previously expressed wish of General MacArthur. The burial probably will take place on Monday afternoon.

### WAS WELL BELOVED.

SAN FRANCISCO, Sept. 6.—General MacArthur was widely known and beloved throughout California during the six months he was in command of the department of California in 1902-1903. During the following year he was at the head of the Pacific division.

The noted soldier was born in Springfield, Massachusetts, June 2, 1845. His early education was obtained in Milwaukee, to which city he returned to make his home after his active days were over.

When the Civil War broke out MacArthur went to the front as a lieutenant in a Wisconsin regiment. At the end of the war he was appointed a lieutenant in a United States regiment. He became a captain in 1886, and a major four years later.

He again saw active service as soon as the Spanish war broke out. His rank by his time had become major general. He commanded some of the first troops that were sent to the Philippines and remained in the service there for several years. Upon his return to the United States he took successive command of several of the departments. For nearly two years

his headquarters were in San Francisco.

General MacArthur's retirement occurred June 2, 1909. He went back to his home in Milwaukee. At the time of his death he was surrounded by 100 of his Civil War comrades.

During the Russo-Japanese war General MacArthur was a guest in the Japanese headquarters on the field of action. He was a great admirer of the skill and resourcefulness of the Japanese commanders. Upon his return to America, MacArthur made an exhaustive report on the military conditions in various sections of the Orient.

General MacArthur and his staff were contributors to the army store for the Sloat monument at Monterey.

### WIRES TO GENERAL'S SON.

WASHINGTON, Sept. 6.—Adjutant-General Andrews today telegraphed to Mrs. MacArthur and the two sons of the dead officer, Captain Douglas MacArthur, U. S. A., at Fort Leavenworth, and Lieutenant Commander Arthur Jr., at the naval war college at Newport, R. I., to learn their wishes about participation of the army in the funeral service.

The death of General MacArthur leaves four lieutenant generals of the United States army surviving all retired—General Miles, Young, Chaffee and Bates.

## BOYS' CLUB TO STORM STATE FAIR

Youthful Musicians Ambitious  
to Earn Transportation to  
Sacramento.

The musical branch of the Oakland Boys' Club, which is unquestionably the biggest thing in Oakland, has been invited to attend the Sacramento State Fair September 10, and enter in the band contest.

The boys are negotiating for a means of arranging transportation to the capital city, and will do anything in the way of furnishing music in exchange for fares to and from Sacramento.

## RAINFALL IS RECORD BREAKER

Storm Comes From North and  
Extends as Far South as  
Fresno.

(Continued From Page 1.)

aged, but a good deal of it has been stacked up and covered, as the growers have been warned. The storm is an offshoot of a large depression in Alaska. There have been two or three of these and the storm is moving very slowly south. Present indications are that the rain will continue for at least 24 hours longer.

### HEAVY LOSS TO FARMERS.

HAYWARD, Sept. 6.—The early autumn rain is damaging the crops throughout Alameda county. The heavy rainfall of the past twenty-four hours has done thousands of dollars' damage to the tomato and hay crops in this vicinity, and harvesting is at a standstill. Thousands of tons of hay are lying in the fields waiting to be stacked. In the section around Livermore and Pleasanton, celebrated for its vineyards, great damage has been done to the ruin and hop crops. The hundreds of hop pickers who are working a few days ago, are idle and will remain so until the weather clears. It is the first time in many years that the autumn rains have come so early and it has caught the farmers and vineyardists quite unprepared. The losses in the Livermore section are exceedingly heavy.

### BIG LOSS PREDICTED.

That the present rainfall will result disastrously to the dried fruit and grain crops of this state is the belief of local Sacramento and San Joaquin valley fruit handlers. According to officials of the H. H. Hatch & Co. of this city, the downfall will, if it endures much longer, result in almost a complete ruin of the dried fruit crop as well as much damage to the grain crops. The dried prune and grape crop will be the heaviest loss, as these are now lying unprotected in the

various orchards in the process of sun drying.

The rainfall is causing considerable apprehension among the various barley and wheat growers, as these crops have been for the most part harvested and the grain is now lying in the open field. Owing to the suddenness with which the rain began falling no preparations could be made to shelter the fruit or grain crops. Fortunately a large portion of the fresh fruit, such as pears, apricots, etc., has already been harvested and shipped to the various points of distribution about the city, the only portion of this crop remaining on the trees being peaches. Another crop which will probably be damaged to a considerable extent is the hops, it being reported that already a considerable portion of this crop has been destroyed by the rain.

### HEAVY DOWNPOUR.

SANTA ROSA, Sept. 6.—The storm which had been threatening for several days reached Sonoma county in force yesterday, and since 11 o'clock there has been a heavy downpour and the streets of the city are carrying good sized streams of water. Lighter rain fell Tuesday and Wednesday, aggregating .09 of an inch, while the precipitation for six hours yesterday added .47 more to the total for the season.

The rain has softened the ground so as to interfere with the gathering of the prune crop. The dryers and growers who have large quantities of the trays will suffer heavily. The tomato crop also will be badly damaged.

The hop pickers who are camping out with light shelter are finding the storm very inconvenient. The hops will be injured. It is feared the mould will attack the vines, while hot weather would result in turning the crop red and reducing its value.

The storm is very untimely for Sonoma county producers, as the crops all promised to be unusually heavy, with good prices.

Heavy rain continued here today. Many hop yards have collapsed, the poles and wires supporting the vines being unable to support the unexpected weight of water. Many trays of drying prunes not under cover will be damaged and perhaps ruined. The loss on hops, prunes and hay probably will be heavy.

### MORE THAN AN INCH.

UKIAH, Sept. 6.—One of the heaviest rains known here during the last 35 years at this early date in September commenced yesterday, and up to 6 o'clock last evening over an inch

## FIX REGULATIONS FOR CORPORATIONS

Plats and Maps of Pipes, Conduits and Cables Laid  
Must Be Filed.

An ordinance providing that corporations using the city streets must file plats and maps of the pipes, conduits and cables laid down by them to the street department was passed by the city council this morning after it had been held up for some weeks at the instance of the attorneys for the Pacific Gas and Electric Company and the Peoples Water Company. It is alleged by the two corporations that the making public of their operations would give an unwarranted advantage to business rivals. Ordinance No. 100 was raised to the ordinance on the ground of constitutionality, but the council passed this morning on the opinion of the city attorney that it was valid. A lawsuit is threatened if it is enforced.

## AIR PIPE BEING DRIVEN TO ENTOMBED MINERS

BIWABIK, Minn., Sept. 6.—Officials of the Ruby Mine, which was filled by a cloudburst Wednesday night, are driving a pipe through eighty-five feet of earth to two miners caught in a sub-level to give them air if they still are alive. While they have given no sign, it is believed the two are safe from the water and eventually will be rescued. A third man caught was at the bottom of the shaft and undoubtedly is dead.

of water had fallen. There is a great fear that heavy loss will be sustained by the hop men, as picking had fairly begun. Should the weather turn off again after the storm the hot rays of the sun will burn the blossoms to such an extent that it will be useless to pick the hops. A great deal of damage is being done to the fruit crop.

## AGED WOMAN TELLS STORY OF PRIVATION

Inmate of King's Daughters' Home Asks  
for Part of Estate

SAN FRANCISCO, Sept. 6.—Sightless for a score of years and her form bent with the weight of the allotted time of life, Mrs. Adele Brunn Delaporte presented a pathetic figure on the witness stand before Judge J. V. Coffey in the probate department of the Superior Court, where she today concluded her story of forty years spent as the wife of the late George Delaporte.

In the estate of her deceased husband there is \$89,000, which his will bequeaths to strangers, while the lonely pioneer woman, whom the world knows as his widow, is without means and a charity resident at the home of the King's Daughters in Oakland.

A part of this fortune, which her testimony shows she made possible by her bounty to the man she loved, she asks the court to decree her, as compensation for the many hours she has spent with in the past dozen years since Delaporte deserted her for a younger woman when she had grown old and was blind.

The story told by the aged contestant on the witness stand dates back to the French Commune.

She was then a young girl and the wife of a man named Brunn, in Paris.

LOVED DELAPORTE.

George Delaporte was a young man, handsome, and she fell in love with him. It was the same love, she told the court, he carried with him to the grave four years ago.

Delaporte himself had been married twice. She was divorced, but he was not.

He had no money and no business, while she was a modiste. She opened a shop in Paris, and with the money she gave him Delaporte, at her suggestion, learned the secret of how to make rock and rye.

Pleased with his advancement, she gave him more money and he became an expert chemist.

Then the turbulent days of the Commune came, and Delaporte, a leader in the strife against the government, was arrested and thrown in jail.

Adele Brunn bailed him out and gave him money to escape to America.

A few months later she sold her business and joined him in New York, where she opened a fashionable modiste establishment, which, she told the court, was patronized by the Vanderbilts, Astors, and Goulds, and their sets.

She made money while Delaporte earned nothing.

GO SOUTH.

Hearing there was money to be made in Mexico and Delaporte fearing arrest because of his admitted bigamous marriages, they went to the southern republic.

But before leaving New York, on St. Adele's Day, a French feast day, they

entered into a contract marriage, in the presence of witnesses. But there were no papers signed.

In Mexico Mrs. Delaporte opened another modiste establishment and did well, while Delaporte did nothing.

In Mexico he met a priest who advised him to return to the United States and seek employment on letters the priest furnished him.

They returned to New York and again the wife took up dressmaking while Delaporte went into the liquor business with the money she furnished him.

Nearly 40 years ago they came to San Francisco, where Mrs. Delaporte opened another modiste establishment and supplied the money which her contract husband developed the business he left at his death.

BECAME BLIND.

Here for a score of years, they lived happily and entertained the best of the French colony in their home.

Thirteen years ago Mrs. Delaporte fell in her home and the result of that injury was loss of her sight.

Delaporte moved her to Berkeley, where for a time they appeared happy, and then one day he came home and told her he intended to leave her.

She testified he told her he had another wife, by whom he had three children, and he intended to live with them.

He effected a settlement with Adele Brunn Delaporte by paying her \$1000, one-half of which she gave to the King's Daughters to admit her to their establishment.

She did not bother Delaporte any more, expecting that in the event of his death before her own he would provide for her.

Her astonishment came when his will was read. She found that Helen Dorothy, his bookkeeper, was residuary legatee to his fortune and that she was cut off without anything.

Helen Dorothy has since managed the business left by Delaporte and has made it a paying one, although it was embarrassed at his death.

She is contesting the claim of the aged woman whose testimony, told in a simple way, brought tears to the eyes of more than one in the courtroom.

Mrs. Delaporte has finished her direct examination and Tuesday will again take the stand to be cross-examined by counsel for the proponents of the will.

## BURGLAR ALARM PROVES EFFECTIVE

Red Light Draws Quartet of  
Policemen Who Surround  
and Nab Thief.

SAN FRANCISCO, Sept. 6.—The sudden appearance of a red light in a section far removed from what is commonly known as the "red light district" aroused Corporal of Police Kerrigan and Patrolmen Kerr and Stevens at 2:30 this morning and with the aid of Special Officer Silver, George Lewis, a laborer, was captured and charged at the city prison with burglary.

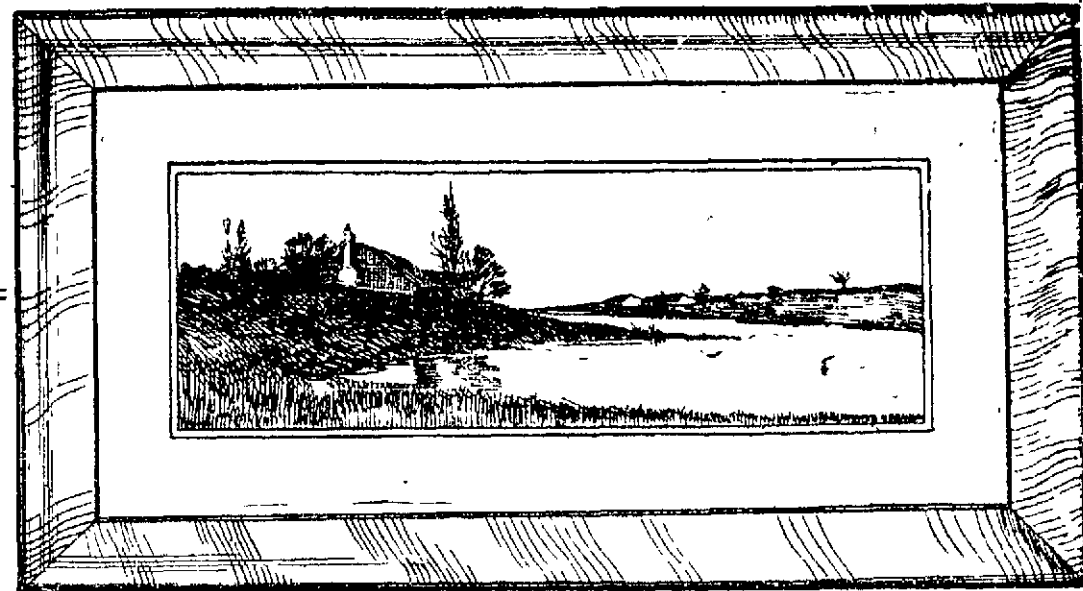

The red light is an improved burglar alarm and Lewis, who goes under the alias of George L. Goldkahl had hardly made his way into the premises of the Justin Liquor Company, 2788 Mission street, before he realized its efficiency.

The quartette of policemen were a considerable distance off when they saw the light flash and a few moments later had surrounded the store. Kerrigan entered, compelled Lewis to throw up his hands, but he turned and ran almost into the arms of Policeman Kerr who was waiting without.

OWLS' PRESIDENT MAY  
OBTAIN AN INJUNCTION

SAN FRANCISCO, Sept. 6.—Master in Chancery H. W. Wright of the United States District Court has rendered a report on final hearing in the case of John W. Talbot, et al., vs. Independent Order of Owls, in which he finds that John W. Talbot, supreme president of the Order of Owls, of South Bend, Ind., is entitled to a permanent injunction against the "Independent Order of Owls," a California corporation, prohibiting the use of the name, "Independent Order of Owls," of from using any name of which the words, "Order of Owls" from a part in collocation with other words, and from in any manner representing itself as being the "Order of Owls," or representing its membership as being members of the "Order of Owls."

## AMERICANS IN DANGER, REPORT

Need of Troops in Northern  
Mexico for Their Protection Is Urged.

(Continued From Page 1.)

Lake Managua, the government, captured General Alfonso Irias with 140 revolutionists. Irias is a deputy to the national assembly and a brother of Julian Irias. This party was en route from Leon to Granada to join General Mena.

Generals Mena and Zedeno are using every means at their command to obtain money with which to foster their cause. To this end they have resorted to robbery and extortion, and according to state department reports they have collected large amounts.

Government successes over the rebels in several engagements in Nicaragua and in the capture of a large number of directing heads of the revolution, together with the almost complete domination of the situation by the American naval forces now in the country, sum up the situation in that Central American republic today.

Larger forces of American marines and bluejackets are stationed at the important bridges and stations along the railroad, and Major Butler, commanding the marines, says he will have little trouble protecting the railroad and maintaining communication between Managua and Corinto.

Reassuring advice were received at the navy department from Admiral Southard regarding the situation of the Americans and other foreigners in Managua. He reports that he has been in communication with the place and that rumors of danger had been greatly exaggerated.

CRUISER CLEVELAND SPOKEN.

SAN DIEGO, Sept. 5.—The protected cruiser Cleveland, in command of Captain DeWitt Blumer, was off Magdalena bay at 2 o'clock yesterday morning, according to a radiogram from the vessel. Two companies of marines, five rapid fire guns and several thousand rounds of rifles and ammunition are on the Cleveland, which is speeding south to join the fleet at Corinto. It is expected that the protection and as many as 100 men can be spared will be landed immediately on the vessel's arrival at the Nicaraguan port. The cruiser reports all well.

MEXICANS CROSS LINE.

EL PASO, Sept. 6.—Reports of a skirmish between United States troops and Mexican rebels who crossed the international line below Hachita, New Mexico, were received today by General E. Z. Steever at Fort Bliss, Tex.

According to the official report Mexican rebels engaged 15 men of the Third Cavalry and one rebel was captured. One hour later a strong band of rebels crossed the line, but were driven into Mexican territory by the American soldiers after fighting at long range.

FLETCHER ASSURED OF  
ELECTION AS GOVERNOR

MONTPELIER, Vt., Sept. 6.—With 39 small towns still to decide on, the representatives in the legislature or unrecorded in the vote cast on Tuesday, the 27 that had been reported up to noon today, together with the number of Senators elected, showed a Republican majority of 11 in the new legislature, or sufficient to elect Allen M. Fletcher, the party candidate for Governor on the first ballot. Returns from 207 cities and towns divide the legislature as follows: Senate—25 Republicans, 1 Democrats and 2 Progressives; House—35 Republicans, 55 Democrats and 29 Progressives.

McCOMB TO RESUME  
CHARGE OF CAMPAIGN

NEW YORK, Sept. 6.—An announcement was made today at Democratic national headquarters that William F. McComb, chairman of the national committee, who has been ill for more than a month, will return to his desk next week and take charge of the work of the campaign. As a campaign contribution, E. L. Daughtridge, a North Carolina farmer, today sent in \$540, which he said he had received from the first sale of cotton ginned this year in North Carolina.

## STIMSON'S PARTY VISITS YOSEMITE

Secretary of War Praises the  
Army Posts and Men of  
Regular Army.

SAN FRANCISCO, Sept. 6.—Secretary of War Henry Lewis and his party arrived in Yosemite Valley this morning, where they will remain for about ten days. The secretary and his companions were much impressed by the beauties of the national park as they were driven over the valley road, and all expressed themselves as being glad that they were able to remain in the valley long enough to see the majority of its charms.

While the trip into Yosemite is largely a vacation, Secretary Stimson will inspect the cavalry stationed at the Yosemite barracks, and may look over Hetch Hetchy Valley.

The distinguished party left here last night. Yesterday was a busy day for Stimson, he having spent all morning and most of the afternoon visiting the various posts about the bay, including Alcatraz Island and inspecting harbor defenses.

Before his departure the Secretary highly lauded the men at the army posts in San Francisco and vicinity. The fortifications are the most important in the United States next to New York, according to the Secretary, and he declared before leaving that he was glad he had recommended to Congress that \$1,000,000 be appropriated for improvements at the Presidio.

Stimson highly praised General Arthur Murray, head of the Western division of the army, and said that he had never seen more efficient troops than are gathered at the Presidio.

The Secretary was greatly impressed by the fortifications of the harbor. "Perhaps an enemy could force its way into San Francisco harbor," said he, "but it will have to be when we want it to. Our fort there is close to being impregnable that there is no joke about it."

## FORGED FROM KEY, GIRL SENDS S. O. S.

Only Woman 'Wireless' Operator  
on Ocean Steamers  
Must Quit Service.

SAN FRANCISCO, Sept. 6.—The saddest wireless telegraph operator in the world today is Miss Mabel Kelo, a San Francisco girl, whose deft fingers and winning smile have not served to keep her from her position as the only woman operator on Pacific Ocean steamers.

Miss Kelo, who was the first young woman to pass the government examination for eligibility to an operator's berth, and the first and only one to be assigned to the key on an ocean-going vessel, has been notified that she must leave the Mariposa, a liner which sails between Seattle and Alaskan points, by her employer, the Marconi Company.

The Marconi Company explains its action by pointing to the United States Department of Commerce and Labor with a prejudice against women wireless operators. Federal officials along the Pacific Coast deny this, however.

Miss Kelo, who went from her home here to take her examination at Seattle last spring, has been promised another berth from this port by R. V. Adams, the government's wireless inspector on the Pacific Coast Cadmus, declares she is one of the most competent operators in the service.

## Special Fall Opening Attractions

EVERY DEPARTMENT contributes some feature toward the inviting spread of tempting offerings herewith set before you. In itself a complete Fashion Show for Men, Young Men and Children, this store also is noted for its superiority in lines of Ladies' and Misses' Coats, Hats, Gloves, Hosiery, Handbags, Trunks and Leather Goods.

### Men's Fall Blue Serge Suits

FOR POPULARITY throughout the year nothing rivals the standard favorites, Blue Serge Suits. We have received a line of Blue Serge Suits, however, that excels anything else at the price within our experience.

In the first place the serge itself is a phenomenal piece of cloth—soft and of good weight, with fine twill and sold with our guarantee that it neither will fade nor shine.

Secondly, the tailoring is superb, so splendid, in fact, that it is the equal of that found in many suits selling for 50% higher.

Thirdly, the models uniformly are exceptionally well designed, whether they have single or double-breasted coats, semi-fitted or box backs, in two or three-button styles.

Altogether, these are most unusual suits and, because of their arrival at just the time of our Fall Opening, we have priced them SPECIAL \$20

### Men's Soft Felt Hats

Italian Soft Felts in several shades are the popular hats of the season, a particular favorite being the pearl gray, bound in a lighter shade with a narrow ribbon band to match. A Special Fall Opening value at \$3. Also the famous Borsalino Hats from Italy at \$5

### Manhattan Shirts

All the Fall patterns are ready for our Fall Opening, both soft and stiff cuffs being shown at prices from \$1.50.

### "Cross" Gloves

The finest glove made for men, sold exclusively by us, a particular value being the hand-sewn quality offered at \$1.50.

### "Everwear" Hosiery

Black or tan, six pairs guaranteed six months. Egyptian cotton, \$1.50; silk lisle, \$2; pure thread silk, \$3.00.

### Negligee Shirts

Blue or gun metal negligee outing or work shirts, with soft collar and two pockets; regular 75c value—SPECIAL 50c.

### Misses' Mannish Coats

One of our most popular coats is a double-breasted style shown in wide herringbones of gray and tan with convertible collar and belt all around, a part of which, or all, may be detached. Patch pockets, straps on cuffs and worsted plaid linings complete the mannish effect of these exceptional coats, and are a special value at \$18.50

### Children's Hosiery

Full length black or tan stockings, or half hose of the English type with plaid tops, are special values at 25c. To feature this department we shall give away, with each purchase of hosiery, a mammoth balloon (not a balloon with each pair of hose) that will gladden the hearts of the little folks.

### Ladies' Plush Hats

For motoring or outdoor wear in inclement weather, these hats fill a void that heretofore always has existed. Made of beautiful fur plush in shades of navy, brown, black or white and of a shape that anticipates every requirement. Especially smart with one of our "Man-made" coats \$2.50 to \$6.50

### Ladies' Hand Bags

A line of staple shopping and novelty shaped Bags bought especially for our Fall Opening. Genuine seal and walrus leathers, with leather lining and German silver frames that won't tarnish. You will have difficulty in equaling these bags elsewhere at \$7.50. We have priced them for our Fall Opening, special \$5.00

**FIND CLUES IN MURDER MYSTERY**  
**BLACK HAND PLOT NIPPED BY POLICE**

**Pawn Tickets Found Near the Body of Man Killed in Canyon.**  
**Members of Mafia Arrested; Accused of Shooting at Countryman.**

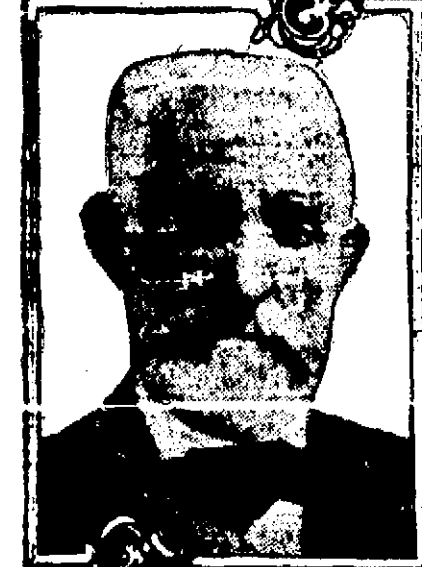

RICHMOND, Sept. 6.—That the man whose body was found in the ravine a mile east of Steele Junction last Monday, was murdered was proven beyond a question of doubt yesterday at the autopsy performed by Dr. L. A. Martin and Coroner C. L. Abbott.

Chief of Police J. P. Arnold is today engaged in running down all possible clues that may lead either to the identity of the victim or those who were responsible for his death. It was ascertained by the autopsy that the man was shot twice in the base of the skull. The first bullet struck him in the back of the head and was found by the probe. The second bullet entered the skull an inch from the first call. From the position of the bullet holes it was decided that the man was killed while he was walking down a hill. The body was dressed in fine clothing, nearly new, and all about it were found signs of a struggle. A bunch of pawn tickets was found this morning near the spot where the body was discovered and these will be used as clues toward unravelling the mystery. Chief Arnold believes he has a good case to work on and that he will have evidence to present within a week.

**UNION OFFICER RESIGNS.**  
HARTFORD, Conn., Sept. 6.—Following a stormy session of the Hartford Central Labor Union, Frederick D. Barnes has tendered his resignation as president. The trouble is the outgrowth of a sensational attack upon the Roman Catholic church, which Barnes made in a speech at the Plymouth Congregational church last Sunday evening. In his letter of resignation Barnes declares that he has no apologies to offer, and that he will stand by every statement he made.

**BURGLAR GETS JEWELRY.**  
SAN FRANCISCO, Sept. 6.—The residence of Mrs. Frank S. Knowles, 1122 Sacramento street, was ransacked by a burglar last night and jewelry to the amount of \$100 stolen.

**Hale and Hearty at 79**

MR. R. H. CHASE, 79 years of age.

**Duffy's Pure Malt Whiskey**

The strength, vigor and health enjoyed by Mr. R. H. Chase, who is almost 79 years of age, are most remarkable, and he says it is all due to the use of Duffy's Pure Malt Whiskey.

"I have used Duffy's Pure Malt Whiskey for over 13 years, and although nearly 79 can out-walk most of the young men of today. My strength, activity and ability to enjoy life are all due to your valuable medicine. I am now negotiating starting a fruit farm in Washington or Michigan, as I feel like a young man with all the world before me. I will always keep Duffy's Pure Malt Whiskey with me, and I recommend it to all old people who wish to keep young and vigorous." R. H. Chase, 7218 S. Morgan St., Chicago, Ill.

**BE SURE YOU GET DUFFY'S**  
The great potency of youth has been used for more than half a century with great success in the treatment and prevention of all throat, lung and stomach troubles and for all weakened and run-down conditions. The merit and honesty of an article that has been used and approved of by the public for such a length of time cannot be questioned. Its fame has spread the world over, and it stands today the most celebrated and most successful medicine and body builder known.

**TO MAKE FIGHT AGAINST WHITE PLAGUE**  
**TUBERCULOSIS LECTURES TO BE GIVEN**

WORKERS IN THE WHITE PLAGUE FIGHT. AT TOP, DR. EDWARD VON ADELUNG. MRS. F. P. HOGAN. BELOW, DISTRICT ATTORNEY W. H. DONAHUE.

**Alameda County Society Will Inaugurate Crusade**

A series of interesting lectures has been arranged by the Alameda County Society for the Study and Prevention of Tuberculosis, which will be inaugurated in Oakland, Berkeley, Alameda, San Leandro and Hayward.

Dr. Edward von Adelung, first vice-president of the society, will give the first lecture of a series of thirty at the Lincoln grammar school, Tenth and Alice streets, September 7, at 8 p. m. The lecture will be illustrated with stereoscopic views collected by the National Anti-Tuberculosis Society of New York, and designed to demonstrate the causes and prevention of the white plague.

The society is conducting a free clinic in addition to the educational work at 35 Seventeenth street, in charge of Dr. Von Adelung, Dr. Florence Sylvester and George T. Pomeroy.

The executive committee of the society is composed of Victor H. Metcalf, Commissioner F. C. Turner, Dr. Florence M. Sylvester, Rev. Clifton Macdon and Supervisor John F. Mullins. T. C. Cuvellier is executive secretary, and Miss Stella de Vine is visiting nurse. The board of directors is made up of Mrs. Charles S. Chamberlain, Mrs. David S. Edwards, Dr. E. N. Ever, Charles S. Greene, David Hadden, Mrs. T. P. Hogan, Rev. H. A. Jump, Dr. A. S. Kelly, Superintendent of Schools J. W. McCormick, Kenneth Mellican, Probation Officer C. Ruess, Mrs. Charles L. Smith, Dr. Florence Sylvester, Mrs. Mary Taylor, Dr. H. G. Thomas, Mrs. W. T. Veitch and Mrs. Charles von Koenigsberg of Oakland; Mrs. A. G. Freeman, Mrs. Duncan McDuffie, Dr. Clarence Pease, Victor Robertson, Miss Mabel Wedd and Miss Bertha Wright of Berkeley; C. A. Rev. F. S. Brush, A. C. Luzzo and W. C. Wood of Alameda; Dr. C. H. Miller of San Leandro and Dr. F. W. Browning of Hayward.

District Attorney W. H. Donahue is president of the society.

**CHORAL SOCIETY TO GIVE OPERA**

**"The Mikado" to Be Produced by Amateurs in City of Martinez.**

MARTINEZ, Sept. 6.—The Gilbert and Sullivan comic opera, "The Mikado," will be given tonight by the Martinez Choral Society. The performance will be the most pretentious held by an amateur organization in the county for many years. The principal and choruses have been rehearsing for months under the leadership of W. B. Bartlett. The performance will be repeated tomorrow night. The advance sales point to a large attendance and a financial success. Reservations have been made from Concord, Pittsburg and Crockett.

The title role will be sung by E. W. Hunt, while the part of Pooch-Bah will be taken by George ...

**FATHER YORKE TO SPEAK TO GAELIC LEAGUE**

Under the auspices of the Dr. Yorke branch of the Gaelic League there will be an illustrated lecture on "Scenes in Ireland" by the Rev. Father Peter C. Yorke this evening in St. Anthony's hall, East Oakland.

The Dr. Yorke branch of the Gaelic League was organized recently in Oakland for the study of Irish language and literature. The meetings are held every Friday evening in St. Anthony's hall.

**MARINES FROM VALLEJO OFF FOR PHILIPPINES**

VALLEJO, Sept. 6.—A detachment of 62 marines, in command of Lieutenant H. N. Smith, Lieutenant Ralph E. Davis and Lieutenant Clarence P. Rutting, left for the Mare Island Navy Yard today and boarded the transport Thomas at San Francisco, on their way to the Asiatic station. Lieutenant Rutting will stop at Guam, but the others will go on to the Philippines.

**GIBSON CHARGED WITH CONSPIRACY**

**New York Lawyer Must Explain Peculiar Appearance of Woman's Death.**

NEW YORK, Sept. 6.—Pending a decision from the district attorney's office here, the attorneys of Orange county, New York, are holding in abeyance authority for investigation into the death of Mrs. Rosa Szabo, an Austrian woman who was drowned in Greenwood Lake, that county, while in company with Burton W. Gibson, a New York lawyer. At an inquest at the time of the death, a verdict of accidental drowning was returned.

One of the chief questions to be cleared up is whether Mrs. Penetronella Menchick, mother of the victim and beneficiary under the will, is alive. Mr. Gibson contends she is alive in this country, and he has produced what purports to be a waiver of citation signed by her, placing him in control of her daughter's estate. In the affidavit submitted to the surrogate, the Austro-Hungarian consul alleges Mrs. Menchick died in 1910, and that the waiver of citation is a forgery.

Gibson says he can explain everything and answer all charges at the proper time.

**RANCHER KILLED IN A GUN DUEL**

**Imperial Valley Resident Shot by Los Angeles Watchman.**

LOS ANGELES, Sept. 6.—Clarence Reynolds, a young rancher from Imperial Valley, died early today from a gunshot wound received, the police stated, in a duel with a night watchman at Fifty-ninth street and Ninth avenue late last night.

When found last night Reynolds told the police that he had been held up and shot by two men near a Vernon resort. Today, however, Charles Merz, the night watchman, came to police headquarters and identified Reynolds as the man whom he saw acting in a suspicious manner near the building he was watching. When approached by Merz, it was said, Reynolds opened fire and fell. Five shots were fired at him by Merz, one of which, Merz believed, took effect.

**JUST AS YOUR LOVED ONES LOOK BY FIRESIDE**

THE TRIBUNE is giving away, absolutely free, an order in Arrowsmith's studio for two large, handsome Fire-tone Photos. These photos are all the rage, giving that natural, homelike expression not found in ordinary photographs.

An order for two of these photos will be given to every customer placing over our counter 2 cash classified advertisements to run for one week or more.

- SAVOY SHOE STORE 1024 Washington St.

## FORTUNE QUEST AFOUL OBSTACLE

Wertz Family Association May Have to Pay Costs of the Litigation in Advance.

CHICAGO, Sept. 6.—The Wertz family association incorporated in Illinois has encountered a serious obstacle in its attempt to gain possession of the \$300,000-000 estate of Paul Wertz, a German, according to a letter received in Chicago from Mrs. Estelle Ryan Snyder, president of the association who is now in Germany looking out for the family interests.

The county court at Hamburg, according to the letter, has refused to permit the association to enter its suit until the privilege accorded to the poor—that of withholding court costs until the settlement of the litigation. The court held that it was not competent to declare the case and suggested that suit be instituted in Amsterdam, Holland.

The suit was brought in the name of a Miss Wertz said to be the only member of the association who can prove that she is a lineal descendant of Paul Wertz, who amassed the millions that are now being made the subject of court action.

## CHARGES ARE FILED AGAINST RAILROAD

WASHINGTON, Sept. 6.—Contending that they had been the victims of gross discrimination, B. Miller & Company of Benson, Arizona, have filed with the Interstate Commerce commission a complaint against the Southern Pacific railroad. The firm contended that lower rates were charged on sugar shipments from California to Texas points than from California to Benson, although the Texas shipments went through Arizona. They ask for a refund of alleged excess freight payments and that a regulatory order be issued.

## SAILS FOR BRIDE DAY SHE DROWNS

Ignorant of the Shock That Awaits Him, Scientist Is Sailing Over Sea.

WASHINGTON, Sept. 6.—Dr. Philip Newton, a special representative of the Smithsonian institution recently assigned to Manila is now crossing the Pacific to his sweetheart Miss Alice Dorothy Nixon as his bride all unaware that on Tuesday she gave her life to save a drowning companion and that yesterday she was buried in Glenwood cemetery. Dr. Newton began his journey from Manila on the very day Miss Nixon was drowned. They were to be married in the early fall. So far the relatives of the young couple have been unable to reach Newton by wireless to tell him of the shock that awaits him.

## COMPANY PERMITTED TO ISSUE BONDS

SAN FRANCISCO, Sept. 6.—The State Railroad Commission acted favorably yesterday on bond matters for the San Diego Consolidated Gas and Electric and the Northern California Power companies. It permits the former to issue \$250,000 in 5 per cent bonds. They are already contracted for. It allows the other company to expend the full proceeds from a recent sale of \$500,000 of debentures.

## ALBANIANS CLASH WITH TURKISH TROOPS

ATHENS, Sept. 6.—It is semi-officially announced that an engagement has occurred at Harmanli, Albania, between the insurgents, of whom one of the leaders was the governor of Djakova, and Turkish troops. The latter was forced to retire to Berana, near the Montenegrin frontier.

## ELISHA GIVENS DIES, AGED 90

Crossed Plains in 1852 After Five Months of Thrilling Adventure.

The funeral services of the late Elisha Givens, a retired California rancher and settler of early frontier days who died at his home 1826 B street, yesterday at the advanced age of 90 were held today.

Givens had been in failing health during the last week and his death was not unexpected. He was a native of Indiana crossing the plains to California in 1852 in company with a small party of friends.

After five months of trial and tribulation, during which time the little band of settlers were forced to defend themselves on numerous occasions from the attacks of raiding Indians, they arrived in San Francisco. Givens settled in San Francisco where he engaged in the mercantile business for a number of years, later moving to Healdsburg where he bought a large tract of land.

Givens always took an active interest in the civic and political affairs of the state and several times was urged to run for political office by friends being prominently mentioned for the State Senate a few years ago.

Givens is survived by a son John Givens and a daughter, Mrs. Belle Downing.

## KAISER DRENCHED, TRAMPS WAR FIELD

Germany's "War Lord" Eagerly Watches Maneuvers in Switzerland.

ZURICH, Switzerland, Sept. 6.—Undeterred by a drenching the German Emperor was actively engaged yesterday and followed each feature of the maneuvers with the closest attention. At lunch the emperor paid special attention to General Pau, head of the French military mission in Germany, who lost his right arm in the war of 1870 and is generally regarded as likely to be appointed generalissimo in the event of war with Germany.

The emperor conversed with him at great length. He paid General Pau several compliments on his distinguished career of which he says he has heard much. He recalled several French generals with whom he was acquainted asking to be remembered to them and also charged General Pau to present his respects to President Fallieres.

The German Emperor concluded his visit here today. His majesty was very cordial when taking leave of the Swiss President, Dr. Ferret, to whom he expressed his pleasure at having had an opportunity of witnessing the Swiss army maneuvers.

He then entrained for Germany amid the cheers of thousands of people.

## VAINLY RACES DEATH ON SPECIAL TRAIN

CHICAGO, Sept. 6.—Rufus Pearing Daves, only son of Charles C. Daves, Chicago banker, and former controller of the currency, was drowned while bathing yesterday at Lake Geneva. As soon as he heard of the accident Daves hired a special train and with his wife, physicians and an expert in charge of a motorboat on board, made a ninety-mile run to Lake Geneva in one hour and 15 minutes, but too late to save his son.

# Tomorrow—the Last Day of the Fall Fashion Show

It is gloriously successful. Thousands have been here to express their approval. Many after coming crossed the bay and then returned to tell us that "this costume" or "that suit," or a certain "wrap" was more beautiful than anything they had seen in their "rounds," and—a point of great interest—more reasonably priced.

The unanimous praise has been very gratifying to us. From the day of its opening the new Capwell's demonstrated its superiority as a shopping place—in convenience, comfort, service and the quality of merchandise and these "style show" days only serve to emphasize these excellent points.

If you have overlooked the fact that these are "fashion days" be sure and come tomorrow. You will find much to delight and interest you.

## Millinery

Fall opening days have been very busy ones in the Millinery Shop—a department in which Capwell's leadership was never more forcibly demonstrated. Gathered here from the world's most famous makers are hundreds of hats in every style and shape new to the season.

Whether you want a chic tailored hat or an elaborate dress creation the one to suit your face is here at the price you want to pay.

# Women's New Dresses, Suits, Coats

The readiness of our Apparel Section to meet your fall needs is emphasized at our Fashion Show. From every standpoint it is worth your while to visit this department before making your fall purchases, for never have our stocks been in better shape to serve the needs of critical women. Not only is the showing comprehensive, but each garment is exclusive in style and was selected by our buyer as special value for the price asked.

## Dresses That are Different

The one predominating note in the new fall dresses for street, afternoon and evening wear is a decided "difference" from the models of the past season. There's a truly Parisian touch in the ingenious ideas in drapery and a chic Parisian touch is evidenced in the trimmings, the vests of contrasting color, revers and collars of new shapes and sizes, tabliers and sashes with a bit of color typical of the Orient. Materials are charmeuse, serge and Bedford.

## Coats That are Smart

As pleasing in their diversity as in the newness of their styles. They include fancy mixed cloths, diagonal stripes, boucles, chinchilla, blue or black serges, chevrons, broadcloths and fur-trimmed or fur-lined automobile coats. Plain and two-tone colors. Also white polo and plaid-back "Johnnie" coats in three-quarter length. The plain-tailored styles have as much chic sewed into their seams as the most elaborate trimming imparts to the dressy models.

## The Suits

No prettier suit styles have been seen in years. Made of English suitings, serges, mixtures and two-tone effects. Some of the more strictly tailored are of serge, wide wale diagonals, handsome mixtures and Scotch tweeds noticeable for simple elegance and perfection of tailoring. Among the novelty suits are combinations of black broadcloth and satin and eponge, the material that has become the Parisian craze. Specially featured are suits at \$25 and \$35 which combine more style and value than can be duplicated elsewhere at these moderate prices. Come in and see them.

## Doll Patterns Given Away

at the Pattern Counter during the demonstration of McCall Patterns.

Tomorrow is the last day Mrs. Frisbie will be with us. If you have not already done so, be sure and call and let her tell you how to use your patterns to best advantage.

tailored garments. Specially priced at \$12.50

ALL POLICEMEN MUST  
GET OUT AND DRILL

SAN FRANCISCO, Sept. 6.—Chief of  
Police White issued an order this morning  
in which nearly every member of the  
department was instructed to report to  
Detective Sergeant Gaughan for drill.

beginning Tuesday, September 10. The  
different companies will practice on the  
several afternoons of the week and the  
members of the traffic squad, who have  
been exempted, have been directed to  
be in two sections and must parade.  
Officers on special duty, with the ex-  
ception of the detective sergeants, are also  
included in the order.

SCHOOL PLANS ARE  
GIVEN TO BOARD

Design and Specifications for  
New Washington Build-  
ing Furnished.

Completed plans and specifications for  
the new Washington school were sub-  
mitted last night to the Oakland Board  
of Education with the assurance from  
Architect J. J. Donovan that six or  
eight other plans would be ready within  
the next few weeks.

Donovan promised the board that there  
would be no further delay on the six-  
teen new schools authorized by the last  
bond issue.

Representing the Santa Fe Improve-  
ment Club, a delegation appeared before  
the board to protest against the failure of  
the board to start work upon the new  
building at Fifty-fourth and Market  
streets.

Donovan agreed to prepare the  
plans of that school ahead of others,  
explaining the delay by the fact that  
members of the board for a long time  
were undecided whether or not to use the  
site in question or abandon it in favor of  
one further from railroad and street car  
crossings.

On the showing that the  
residents of the district were satisfied  
with the site the board decided to start  
work there immediately.

Meyer Bloomfield, a noted Boston ex-  
pert on the subject of vocational train-  
ing, will be in Oakland on September 17  
and will lecture to the teachers of Oak-  
land on that evening on the work which  
he has made his life mission. The place  
for the lecture will be announced later.

FISHERIES SOCIETY  
TO MEET IN BOSTON

DENVER, Sept. 6.—The American  
Fisheries society, in annual convention  
here, selected Boston as the convention  
city in 1913, and elected officers as follows:  
President, Dr. Charles H. Townsend,  
New York; vice-president, Dr. H. T.  
Ward, Urbana, Ill.; secretaries, Ward T.  
Bower, Washington, D. C., and Dr. Geo.  
W. Fitch, Boston.

WHAT'S THIS? LET'S  
ALL SUBSTITUTE

Error in Salary Ordinance Sets  
Pay of Sub-firemen at  
\$2400 Per Year.

The general shift in positions which oc-  
curred a year ago when the department was  
reorganized under the new com-  
mission form of government threatened to  
take place again among city employees yes-  
terday when an ordinance creating 15  
positions in the fire department was pub-  
lished. Through a technical error in the  
wording of the ordinance, salaries for  
"substitute firemen" were fixed at \$2400  
a year.

Everybody wanted to be a substitute  
fireman. It was not known what the  
duties might be, but it was felt these  
could not be onerous. Clerks and in-  
spectors and draftsmen, and assistant sub-  
superintendents all wanted to be  
transferred to the fire department.

The telephone bell in Commissioner Fred  
C. Turner's office was kept busy through the  
morning by calls as to whether all  
15 positions had been filled.

"What's the matter with all these peo-  
ple?" demanded Turner. "Are they crazy?"

Turner, in whose department the new  
positions are to be created, and at whose  
instance the ordinance was drawn, went  
on a careful investigation and found that  
an error had been made by setting down  
the aggregate salary for all 15 positions,  
which are to be filled only on emergency  
occasions, as the salary for each man.

The ordinance was withdrawn from  
publication and will be amended.

N. Y. PROGRESSIVES  
SEEK A GOVERNOR

Comptroller Prendergast of N.  
Y. Leading Can-  
didate.

SYRACUSE, N. Y., Sept. 6.—Com-  
ptroller Wm. A. Prendergast of New  
York still loomed large as the lead-  
ing candidate for Governor when the  
Progressive state convention reassem-  
bled today. There were predictions  
that his would be the only name pre-  
sented. Supporters of Bainbridge  
Colby of New York talked over the  
situation today and virtually decided  
not to present his name.

State Chairman Hotchkiss, beyond  
stating that he is not a candidate, had  
nothing to say this morning. The  
state chairman believed a studied at-  
tempt had been made by enemies of  
the party to create friction between  
Prendergast and himself over the Gov-  
ernorship with the ultimate design of  
disrupting the new party.

Efforts were made today to pre-  
vail upon Hotchkiss' friends to  
present his name.

Governor Johnson arrived from Col-  
umbus shortly before noon. A crowd  
of about 1000 greeted him with shouts  
and applause when he arrived at his hotel.

"Hiram's the right man," and  
"What's the matter with Hiram?"  
shouts were heard.

After addressing the convention dur-  
ing the afternoon the Governor  
planned to leave at midnight for De-  
troit.

BANDITS BIND  
AND GAG VICTIM

Three Robbers Force Entrance  
to Cabin and Escape  
With Money.

Forcing an entrance to the cabin of E.  
Scholz, near Walnut Creek, in Contra  
Costa county, three bandits bound and  
gagged Scholz at an early hour yester-  
day while they looted the place. They  
stole a gold watch and \$15 in coin. The  
bound man was found during the morning  
by farm hands and released. The police  
of Oakland and nearby cities have been  
asked to search for the bandits.

Two men, who were reported to  
the police last night, Mrs. J. E. Car-  
tor, 1460 Seventy-third avenue, reported  
that burglars had attempted to force the  
rear door of her home, but had been  
frightened away before they succeeded.  
George Nichols, 2805 Penniman avenue,  
reported that burglars cut the screen from  
the rear door, but failed to obtain en-  
trance.

HUGH CRAIG HAS AN  
OFFER FOR MOORE LAND

Hugh Craig, mayor of Piedmont, has  
submitted the following for publication:  
"September 5, 1912.

"A. A. Moore, Jr., Piedmont, Cal.:  
"Dear Sir: Referring to your offer  
last evening to sell your property on  
Crocker and King avenues, Piedmont, at  
\$40 per foot front, we have a purchaser  
for the entire frontage, viz., north 77.50  
feet of lot 114, all of lots 115, 116, 117,  
118, 119, 120, 121, 122, and north 77.50 feet of  
lot 123, viz., 1088 feet frontage, more or  
less, at \$40 per front foot, spot cash,  
subject to our commission of 5 per cent  
as selling agent. Deposit of 5 per cent  
is at your disposal. HUGH CRAIG."

OAKLAND BILLIARD PARLOR  
MAKES POPULAR PRICES

Followers of the cue are showing their  
pleasure in the new schedule of prices  
introduced recently by F. Y. Chapin, pro-  
prietor of the Oakland Billiard Parlor,  
at 1105 Broadway. Cueists on this side  
of the bay have long wanted a high-  
class house maintaining popular prices,  
and Chapin seems to have hit them in a  
tender spot with the change. Only thirty  
cents per hour, two handed; forty cents  
three handed, and fifty cents four handed.  
The Oakland Billiard Parlor has estab-  
lished a reputation long extending up and  
down the coast, and even into the East.  
The house is widely known for the ex-  
cellence of its equipment. Cues, balls,  
tablets and employees all conform to the  
same high standard. Mr. Chapin has  
aimed to make the place homelike, cozy  
and conservative. He has catered to the  
business man, and has a patronage of  
friendly players who feel perfectly at  
home. The new fixtures he has been in-  
troducing are of the latest style, and with  
great taste, and the billiard room has  
a decided air of luxury and comfort.  
—Advt.

SAYS SHE GOT  
NO SYMPATHY

Mrs. G. W. Werner Declares  
That Husband Wouldn't  
Send for Doctor.

George W. Werner, a wealthy manu-  
facturer of Berkeley, had no sympathy for  
his wife when she complained of being ill,  
according to the complaint of Bertha M.  
Werner for divorce. She said that he was  
worth more than \$15,000 and had an in-  
come of \$150 per month but that he would  
not pay for a physician. Plaintiff asks for  
the custody of five minor children.

Nora B. Steck failed to obtain a divorce  
from Tracy Steck, a railroad man, be-  
fore Superior Judge Murphy yesterday  
and instead her husband was awarded an  
interlocutory decree on the grounds of  
desertion. Mrs. Steck charged cruelly  
but her testimony did not substantiate  
the charge in the opinion of the court  
and when Steck produced evidence that he  
had been the one injured he was given the  
decree.

Because J. S. Meyers was accustomed  
to going home intoxicated two or three  
times a week, Virginia Meyers was given  
an interlocutory decree upon her testimony  
to that effect yesterday. On such occa-  
sions she said that her husband drugged  
her about the house and threatened her  
with serious injury.

Harriet S. Flynn obtained a final decree  
from William F. Flynn and the same sort  
of decree was given Amelia Sinclair  
against George Sinclair.

TRIAL OF FORMER  
FIGHTER NEAR END

Taking of Evidence in Case of  
James Lawlor About  
Concluded.

SAN FRANCISCO, Sept. 6.—The  
taking of evidence in the case of  
James Lawlor, former prize fighter  
and resort keeper, charged with white  
slavery, was concluded in Judge  
Dunne's court this morning. Lawlor's  
accuser is Miss Harriette Bretagne, a  
Sacramento girl, with whom he for-  
merly lived, and for beating whom he is  
under sentence of six months in  
the county jail. The young woman,  
following her first charge against the  
defendant, again succumbed to his ad-  
vances and claimed that he placed her  
in a house of questionable reputation.  
Several detectives of the police de-  
partment gave evidence this morn-  
ing and the defense rested without  
calling Lawlor to the stand. Assis-  
tant District Attorney Quinn argued  
for the conviction of the accused, de-  
nouncing him to the jury.

It is expected that the jury will re-  
turn a verdict late this afternoon.

BABY ABANDONED  
IN THE RAINSTORM

SAN FRANCISCO, Sept. 6.—While the  
heaviest rain of the evening was pour-  
ing down about 11:30 last night, a weak  
old infant was left at the door of the  
foundling asylum 437 28th avenue. The  
little one was almost soaked with the  
wet when an attendant carried him in  
and according to the customs of the in-  
stitution was immediately selected. He  
was called Fred Olsen, but exposure had  
been too much for him and this morning  
he died.

## PICKPOCKET WORKS ON CAR.

A clever pickpocket who sat beside Mrs.  
Max Abernathy of 274 Oak street, on a  
Powell street car last night, suc-  
ceeded in getting her purse containing  
\$15.00. The man used the old  
newspaper trick and while apparently  
reading it opened her satchel and re-  
moved her pocketbook. The detective  
department was notified and a descrip-  
tion of the culprit sent out.

Last Opportunity This Season  
For Eastern Summer  
Excursions

Tickets are now on sale to all Eastern  
cities for September 14, 15 and 16, return  
limit October 31; also October 9, 10, 11  
and 12, return limit November 15. The  
above dates and low rates will also take  
care of the Christian Church Convention  
at Louisville, Ky.; National Convention of  
Underwriters, Memphis, Tenn.; and Pin-  
etola Convention, Denver. Make reser-  
vation early through any Southern Pacific  
agent, or Broadway and Thirteenth  
street, Oakland, California.

## STATE TAX LAWS ARE IN MUDDLE

Board of Equalization Asks for  
Aid in Straightening  
Out Tangle.

SACRAMENTO, Sept. 6.—An apparent need for a revision of the rates of taxation levied against corporations under the corporation tax law (Amendment No. 1), as adopted in October, 1910, has led to the commencement of a thorough and State-wide investigation of the taxation situation in California by the members of the State Board of Equalization. State Controller Nye has made public circular, which he is sending to city and county tax collectors, auditors and assessors and "all other interested parties," in which he asks for co-operation with the board in the task that has been attempted, the results of which are to be contained in a comprehensive report to the State Legislature when it meets for the 1913 session.

**REVISION NECESSARY.**  
The recent decision of the State Supreme court in the Mulford case, declaring the corporation license tax law and fee bill unconstitutional, Nye says, necessarily will cause a great deal of work by the next session of the legislature in revising the State revenue laws generally. "This decision," says Nye, "forebodes a radical revision of the corporation license tax act, if not its total repeal, and there are also some other conditions which have a serious bearing on the revenue situation."

The revision of the corporation tax laws, Nye believes will be the chief subject of the legislative efforts on revenue laws. And this revision, it seems, will be a "revision upward," despite the protest of many corporations that the taxes levied under this law are excessive. The State requires more revenue to meet its increasing obligations.

**OBJECT OF INVESTIGATION.**  
The object of the investigation started by the equalizers is to ascertain two general conditions:  
1. Are taxpayers on general property paying a fair share of its actual value toward the upkeep of government?  
2. Are corporation taxpayers contributing a fair share of the cost of the government's wealth, toward government support?

**"BEAUTIFUL DOLL" WIRELESS SELECTION**  
SAN DIEGO, Sept. 6.—Considerable trouble is being experienced by the operators of the government radio station on Point Loma because of interference by an unknown amateur somewhere along the California coast. For the past two nights, according to the operators, government messages have become confused because of the work of the mysterious amateur who persists in singing, "Oh, You Beautiful Doll" and other popular airs, sending his musical notes along the ether waves with the skill of a professional performer. A call has been sent to all government stations along the coast to pick up the musical performer and bring his work to a stop.

**Milady's Toilet Table**  
By Mme. D'VILLE.

"When occasion demands quick hair-dressing, nothing is finer than a dry shampoo, made by mixing four ounces of orris root with package of hair oil. Mix a little over the head, brush out, and your scalp is clean and your hair beautifully lustrous, light, wavy and easy to do up."  
"Ladies troubled with fuzzy growths are delighted to learn that delicate removals with this shampoo, make a paste with warm water, spread it on the hair, let remain for a few minutes, then remove and wash surface."  
"Plain pyroxin applied to eyebrows with finger ends causes them to grow thick and beautiful, and brushing will train them into well-formed arches. Eyelashes come in long and slither if pyroxin is applied to the roots."  
"If your face is sunburned, spotted or muddy-looking, apply in the morning a beautifying lotion made by dissolving an original package of mayonaise in a half-pint of witch hazel. This treatment replaces powder. It will hold all day, will not rub off or show, and makes the skin soft, smooth and satiny."

## COAST ATHLETES SEEK NEW RECORDS TO FEATURE STOCKTON FETE ON NINTH

C. B. SMITH, SECRETARY OF THE STOCKTON ATHLETIC CLUB  
AND ADMISSION DAY CELEBRATION COMMITTEE.

## Olympiad Stars Will Strive for New Laurels on Admission Day Before N. S. G. W.

STOCKTON, Sept. 6.—Many coast records are doomed to go by the board this year, if the entry list for the annual championship track and field meet to be held by the Pacific Athletic Association is any criterion. The meet will be held at Stockton, September 9, and will be but one of the many big entertainment features planned in connection with the three-day Admission Day celebration, under the auspices of the grand parlor of the Native Sons and Daughters of the Golden West.

Many world-record holders, as well as coast record-holders, are entered for the meet. Prominent among them will be the coast athletes who upheld the honors of the American team in the great Olympic games at Stockholm. As this will be their first performance since returning from Sweden, unusual interest will center in their efforts. Among those who participated in the Olympiad at Stockholm who

will be seen here during the Admission Day meet are: Ralph Rose, world's champion shotputter, Pete Gerhardt, who won heads in the short sprints at the Olympiad; George Horine, world's record-holder in the high jump; Fred Allen, the University of California broad jumper, who took fifth place in the games at Sweden; and Ira Courtney, another of the "Five Sons" celebration.

Many athletic clubs, high schools and T. M. C. A.s have entered their best men. Herbert Hauser, secretary of the P. A. A. of the A. A. U., who is managing the meet, expects it to prove the most noteworthy ever held on the coast.

The Pacific Association of Amateur Carriers will hold their championship regatta on Stockton channel, Sunday, September 8, in connection with the Native Son's celebration.

C. B. Smith, secretary of the Stockton Athletic club, is doing much to make the athletic meet a success.

## AAHMES NOBLES TO VISIT SACRAMENTO

Local Mystic Shrine Delegation  
Will Inspect State Fair  
With Brother Lodges.

Arrangements are being rapidly completed for a pilgrimage of nobles of Ahahmes Temple, Order of the Mystic Shrine, and members of the other Masonic lodges of Oakland, Berkeley and Alameda to Sacramento on Saturday, September 14, to attend the State fair as the guests of the Sacramento lodges of Masons. The plans call for a large delegation and it is hoped that all the edge brothers who can possibly get away will make the trip.

Aahmes band, which is one of the best amateur organizations in the east bay, will accompany the delegation. The band is composed of 1500, 1200 and 1150. W. P. Bidwell, director of the band, is confident that his musicians can carry off the leading honors and the bandmen are drilling nightly and will continue to do so until the opening of the contest.

Six special cars have been chartered to carry the delegation and these will be decorated with the colors of the temple and the Masonic colors.

The delegation will leave the Sixteenth street station at 2:30 o'clock Saturday afternoon and return Sunday night. Special rates have been granted by the Southern Pacific and the Union Pacific for good return trip until September 21.

The headquarters will be at Hotel Sacramento, Tenth and K streets. The visitors will be given a reception and ball Saturday evening and on Sunday there will be a parade and then the band contest.

The committee in charge of the affair is composed of the following:  
J. B. D. MacKenzie, chairman; Dr. J. L. Pease, L. E. Westrich and F. W. Le Bellister.

## RAILROAD OFFICIALS MEET IN CHICAGO

CHICAGO, Sept. 6.—Officials of thirty railroads conferred yesterday with the Chicago Association of Commerce on the proposition of substituting electrical for steam operation in the city limits. The meeting was called primarily to consider the mechanical difficulties to be overcome in carrying out such a project. Special emphasis was laid by railroad men in the danger in electrifying freight yards and repair tracks and in adding a "third rail" in yards where the network of tracks is already complicated. Two of overhead wires was held up as a menace to employees working on the tops of cars. The question of smoke abatement was also taken up.

## ESCAPED LUNATIC IS RECAPTURED

Asylum Employee Recognizes  
Missing Man and Has Him  
Arrested.

SAN FRANCISCO, Sept. 6.—F. C. Chapman, assistant secretary of the Stockton Insane Asylum, was waiting for a boat at the ferry at 5:30 this morning when he came upon Albert J. McOscar, who escaped from the institution on August 24. McOscar was committed from Alameda county. After he had been taken into custody by Policeman J. D. Dalmas, he admitted that he had gone away from the asylum saying that he had just walked out of the yard and leisurely made his way to this city. He will be returned to Stockton.

## CHICAGO OFFICIALLY EXECUTES 100 DOGS

CHICAGO, Sept. 6.—One hundred dogs are doomed to die at the city dog pound today. The animals have fallen into the hands of the dog catchers during the two weeks of hot weather just past, on account of a rigid order from Chief of Police McTear, that all dogs must be kept muzzled. More than 280 persons have been bitten by dogs during the last month, twelve victims being added to the list yesterday.

## Pearline Cleans Everything

Fine for Silver

**TAFT & PENNOYER COMPANY**  
FORTY DEPARTMENTS

THE SHOPPING CENTER OF OAKLAND

## Exclusive Autumn Models Gathered from Many Marts

While the FALL FASHION SHOW is proving such a brilliant success—while it is before us in its dazzling beauty—we desire to harmonize with it, as it were, by bringing before the public some of our EXCLUSIVE MODELS and more valuable apparel, asking our patrons, however, to bear in mind that our FORTY DEPARTMENTS are replete with merchandise for all occasions and priced accordingly, to meet the varied needs of everybody.

## Evening Gowns, Wraps, Dance Frocks, Afternoon Dresses, Waists

in magnificent array with space to give description of only one of each—no black and white description, however, can give an adequate impression of the beauty of colors, tonings, materials and models. We have

**A LOVELY PAUL PORET EVENING GOWN**, a white charmeuse foundation with a lunic of lace combined with white and gold chiffon and satin, draped with elaborated beaded lace in crystals and rhine-stones. \$97.50

**BEAUTIFUL EVENING WAIST** made of white all-over hand-embroidered net and pink girdle with lace falling over it, enhanced with choice flowers. \$37.50

**AN AFTERNOON DRESS OF CORAL** satin with lace flounce underneath; a very late innovation—with broad band separating panier from narrow skirt, giving straight and artistic lines. \$60.00

**DANCE FROCK FOR GIRLS**, in the latest Parisian mode with skirt and bodice of all-over accordion plaits, broken at side with inset of lace finished with bows on sleeves and skirt caught up with rosebuds. \$25.00

**A FRANCES EVENING WRAP** in new dark effect, carried out in two-toned velvet, in blue and black. Trimmed with black fox with head forming fastening at the hip, giving the artistic wrap appearance. \$75.00

**ARTISTIC AFTERNOON WAIST**, white lace foundation with draped cape effect of black chantilla lace lighted up with rhinestone buttons; a rich combination. \$8.00

**AFTERNOON WAIST OF SHADOW LACE** with pompadour chiffon draped over lace, touched up with bands of lace, velvet bows and rhinestone buttons. \$15.00

## Exclusive Imported Silks

Our SILK DEPARTMENT is unusually gorgeous this fall with a handsome showing of rare and exquisite goods—beautiful weaves, shades and novelties.

**NOVELTY BROCADES** for evening gowns and wraps—a large assortment, with space to mention only three: White Brocade, with light blue and silver designs, dainty and effective. \$6.00 a yard  
Heavy Black and Gold Brocade, large floral design, very handsome. \$7.50 a yard  
Cream Brocade, gold bouquets interspersed with clusters of flowers, in colors, very rich and elegant. \$12.50 a yard  
French Ratine, in all-over effects, with Egyptian designs and colors—the very latest conception in silks. \$10.50

## ROBES

Japanese Crepe Robe, hand embroidered, with large and elaborate design, in a beautiful dove and gray. \$67.50  
French Robe, in two-toned green and purple chiffon, with heavy gold border, a rich weave and design. \$60.00  
CREPE CHIFFON ROBE, cream ground, heavily embroidered in gold with eyelet embroidery, an elegant piece. \$75.00

## Exclusive Millinery

To convey any idea, by words, of beautiful hats is about as easy as to describe a wonderful painting, or to talk about beautiful music—the impression must come first hand. We only mention three models from our large autumn display. First,

**A MME. GERMAIN ORIGINAL MODEL**, made of moleskin plush, trimmed with swan's breast and wing and an ultra bow-buckle of silver. \$75.00

**A GAGE MODEL IN TAUPE VELVET**, ornamented with exclusive silver collar, trimmed in grey shaded plumes. Soft, graceful mushroom lines, with Tam o' Shanter crown. \$70.00

**MAISON LEWIS MODEL**, of long, black seal skin plush, medium size, with "dash-trim" in white ostrich fancy and touch of black moire. \$42.50

## BEAUTIFUL ALL-OVERS AND LACES

The LACE DEPARTMENT is radiant with lovely all-overs, laces and neckwear in exclusive designs at splendid values.

## METAL ALL-OVERS

In shadow effects—gold, silver and steel used for draping evening gowns. Very effective. \$3.50 a yard  
Gold Fancy Net for draping evening gowns. \$7.50  
FILET, MACREME, BOHEMIAN, CLUNY, MALINE AND SHADOW LACES in insertions, bands, edgings, medallions, flouncings.

## LEADED ALL-OVER NETS

In a variety of colors—coral and steel on black, turquoise and crystal on white, light azure and steel on black, etc., etc. Used for yokes and sleeves. \$2.75  
FINE CREPE ROBING, heavily embroidered. \$6.50 a yard

## The Producer and Consumer.

The problem of the high cost of living presents just now some very interesting side lines for investigation.

Taking the two staple articles, onions and potatoes, as an example: The consumer, who buys at retail, is now paying in Oakland and San Francisco three and a third cents a pound for onions, and two and a half cents a pound for potatoes. At the same time the producer is getting half a cent a pound for onions and seven-tenths of a cent a pound for potatoes. In each case he is getting a price that is below the cost of production, and the consumer is paying several hundred per cent above the price obtained by the producer.

The main center of production of onions and potatoes is on the islands in the delta, within less than sixty miles of the market; the transportation is all the way by water and is cheap. Now, who takes up the slack between the producer and consumer? Who is skinning both? The producer pays \$2 per day for his labor. The cost of bags to market his crop is nearly double what it has been for several years. Transportation cost is unchanged. Who takes up the slack? Who is pocketing the several hundred per cent between the producer and consumer?

A majority of producers will end the season with a large loss. Many of them will grass their lands next year or put them in wheat or barley. If they had a fair price for their onions and potatoes, and no one pocketed the slack between them and the consumer, the latter would still get their onions and potatoes cheaper than now, and these two staples would be in proper balance between producer and consumer. The question remains: Who pockets the slack?

"All bosses look alike to us," says the Colonel. Bill Flinn bears no resemblance to Bill Barnes in Teddy's estimation, nor does Tim Woodruff look at all like William L. Ward, formerly a leader, now a boss. According to the Colonel's classification, no bosses are fighting in the third-term ranks. Those hitherto classed as bosses have become leaders. Thus Tom Finn, Abe Ruef's former lieutenant, is now a leader and is fighting for the Lord at Armageddon.

According to the Chronicle, the primary returns show that Taft will carry the State in November. But how can he carry the State if the electors are given no opportunity to vote for him? With Roosevelt electors grouped under the Republican party name and no Taft electors on the ballot at all, it is idle to say that Taft has a chance of carrying the State. The enterprising gentlemen who have constituted themselves the people and are running things to suit themselves have made up their minds that Taft shall not get a vote in California if they can help it. They have stripped him of his party designation and propose to steal the place on the ballot allotted to the Republican electors for Roosevelt, so the only alternative the citizens will have is to vote for either Wilson or Roosevelt—a choice between two evils. And this condition has been brought about in the name of progress and reform!

## A Defect in the Election Law.

The primary returns have brought to light a defect in the election laws that should be remedied at the next session of the Legislature. The office of Judge has been made non-partisan as far as the law can make it, judicial candidates being nominated by direct vote of the people without a party designation.

The law provides that where only one Superior Judge is to be elected, a candidate receiving a majority of all the votes cast at a primary election is declared elected without being required to present himself at the general election, but where two or more judges are to be elected this rule does not apply. Apparently, this discrimination is the result of an oversight. It is not conceivable that a rule which is good in the case of a single candidate is not good in the case of two or more candidates.

At the recent primary election in this county Judge Ogden and William H. Donahue both received an overwhelming majority of all the votes cast. Mr. Donahue received approximately twice as many votes as were cast for all the candidates opposed to him. Judge Ogden received a still larger proportion of the popular vote. The total vote cast was about 35,000. Ogden received 26,418 and Donahue 22,606.

Thus Donahue polled not quite two-thirds of the total vote and Ogden considerably more than two-thirds. Yet by a manifest defect in the law both are required to present themselves for election a second time. This should not be. A majority of all the votes cast at a primary election should elect to a non-partisan judicial office no matter how many judges are to be elected. Only those who fail to receive a majority of all the votes cast should be required to run again.

Charlie Curry's victory in the Third Congressional District was a magnificent personal triumph achieved in the face of tremendous odds. Frank R. Devlin, Mr. Curry's opponent, is a man of ability, character and address, locally popular and generally respected. He was on the popular end of national politics in this State and had the active support of the State machine, with its superb organization. Mr. Curry, on the other hand, had no organization and no money. He made the fight single-handed and alone, and he won out by the mere force of personality. In Sacramento county, the home of the Governor and the headquarters of the State machine, he rolled up a majority of 1041. His victory is one to be proud of because it is proof of extraordinary personal popularity. It will gratify thousands of Mr. Curry's friends in other sections of California. He has them in every county, and as the result of the primary shows, friends who can be depended upon in an emergency.

France has an agricultural school exclusively for women, and it is proving an admirable aid to vocational education. This school at Grignon is attended by several hundred women, who are taught to do everything needed to be done on a farm without the aid of men. Included in the course of training is instruction how to keep the accounts of a farm, so that the cost and profits of each branch of the business can be determined at a glance. Housekeeping on scientific and labor-saving principles is taught. The women are trained to be both farmers and housekeepers. We are not aware of the existence of any similar institution in the United States. It strikes us as something good.

John W. Stetson congratulates Joseph R. Knowland on the emphatic endorsement he received. It was certainly emphatic enough. Mr. Stetson chose the right word to describe it, though it is altogether clear that the emphasis was to his liking.

## DO YOU REMEMBER THAT NIGHT?

—BY THE OAKLAND TRIBUNE CARTOONIST.

## Our Substitutes for Coal.

California is deficient in coal, but she is plentifully supplied with two things which far more than compensate for her lack of coal—water power and oil. Our mountain streams can be utilized to generate an incalculable amount of power for lighting, heating, manufacturing and transportation purposes. Our oil fields are the greatest in the world. They afford an inexhaustible supply of fuel for both power and illuminating purposes.

Nature has been so prodigal to us with these gifts that we can do without coal. Oil and electricity are cheap and available substitutes that have many advantages over coal for most industrial purposes. Their chief merit is that they are cheap and easily utilized. Oil in particular has the double advantage of being a cheap fuel and a raw material for the manufacture of many articles in commercial demand—such as gas, dyes, coal-tar, etc.

Our abundant water power is a perpetual source of wealth. As long as the streams flow down from the mountains there will be electricity to light our cities, run our street cars, turn our mills and furnish power for all sorts of minor industries. Water never wears out with use. Once harnessed, the stream goes on working forever.

The mountain streams of California are a priceless possession which has only just begun to be developed. It gains rather than loses by development, and is a mine of wealth that can never be worked out. Coal mines can be worked out and oil fields exhausted, but water power can never be worked out or exhausted. When our oil supply grows short, there is still electricity in plenty. As long as water runs down hill there will be light and power in abundance in California. Water is one of the great sources of wealth in this State.

The defeat of Senator Lester G. Burnett for State Senator by Edward L. Wolfe in San Francisco is a righteous retribution. When the State was redistricted Wolf was gerrymandered out of the Legislature and out of his district. Burnett was one of the leaders in this job and took pleasure in telling how Wolfe had been euhred out of his district and his seat in the Legislature. But Wolfe changed his residence and has now put Burnett out of business. Burnett's chickens have come home to roost.

Chester Rowell denies that he is a boss. He is not—he is only a political bunco-steerer.

## Sir Edward Grey's Foolish Argument.

Sir Edward Grey's contention that British shipping is to be burdened with an undue proportion of the cost of maintaining the Panama canal by reason of the exemption of American shipping from paying tolls can only be characterized as nonsense.

Why British ships more than German ships, or French ships or even American ships not engaged in the coasting trade?

The tolls on ships other than American vessels engaged in the coasting trade will not be a farthing higher because of the exemption. British ships will pay no more than the ships of other nations are required to pay. The exemption clause will not affect the rates of toll in the slightest degree.

The Suez canal will be an active competitor of the Panama canal for ocean-borne commerce between the hemispheres. The rates charged at Suez will govern the charges at Panama. It is conceded that the tolls at Panama must be as low, if not lower, than the tolls at Suez. Exempting of American ships engaged in the coasting trade will not influence the rates of toll on other ships a particle.

Sir Edward Grey must know this, nevertheless he proceeds to deal with the man of straw set up by himself as if he thought it a real person. He has manufactured a grievance to sustain an unfair and unjust contention. He is compelled to stand up for our Canadian neighbors in order to gain their support for the imperial naval program. The reasons he advances are put forward to save his face and give the color of plausibility to a contention that has no justification in morals or common sense.

## Twenty Years Ago Today

Foggy, damp weather has injured the grape crop in all parts of Alameda county.

Both Corbett and Sullivan are now at New Orleans ready for the going. The Dixon-Skelley fight is scheduled for this evening at New Orleans.

The Oakland Orpheum society was organized today with J. L. Howard as president. D. P. Hughes is the conductor.

An American princess is being produced at the People's Theater with Miss Jennie Calkins in the title role.

The Oakland Sons of Veterans are circulating petitions to obtain subscriptions to a fund with which they will equip a military organization with uniforms.

Jack Snyder, who has been visiting friends in Golden Gate, has returned to Callista.

Miss Gertrude Moore has returned from Sonoma, where she has been spending the summer months.

Mr. and Mrs. Thomas Magee Jr. and Mr. and Mrs. William Magee were in London.

Dr. A. F. Merriman and wife have gone to Castle Craig for three weeks.

Will O. Cullen and Gus Gray are hunting big game in the vicinity of Lake Tahoe.

Chauncey Taylor has gone east on a three months' trip.

Pev Father Seraphim is interesting the German residents in the vicinity of the stockyards in his plan to found a Catholic church there.

Francis Murphy lectured in Oakland this evening on the subject of capital and labor. A big audience crowded the tabernacle.

The Democrats carried Arkansas yesterday in the State election.

## MEETING EMERGENCIES

Senator Dixon was condemning a piece of political deception.

"The thing was as flagrant," he said, "as the railway case."

"Two men, one of them very short were passing through a station toward the train gates when the bigger one was heard to say:

"I've took a half ticket for ye, George. Yer so little ye'll pass all right."

"But," protested George, "how about my beard?" And he twiddled his chin beard nervously.

"Oh," rejoined the other, "tell 'em it's a mole!"—Minneapolis Journal.

## WITTY BITS

The average person shows great fortitude in hearing everybody's troubles but his own.

It will be recalled that the Rough Riders' favorite tune was not "All Coons Look Alike to Me."

Seven men were electrocuted at Sing Sing yesterday, not one of whom was a New York policeman.

Perhaps it is only a coincidence that the hookworm cure discovered by the Rockefeller Institute is known.

Individual drinking cups for horses is the latest health fad in New York. This should make them feel their oats.

## SCHOOLS AND COLLEGES

THE WESTERN SCHOOL OF EXPRESSION offers a full course in Oratory, Dramatic Art, Interpretative Reading, Voice Culture, Physical Culture, Literature, Rhetoric.

Full Term Begins September 10th. Catalog Upon Request.

Director may be seen daily from 11:00 to 12:00.

EBELL CLUB, 1440 Harrison St. Telephone Oakland 3707. Residence Telephone Oakland 7338. Private pupils received at any time.

The best work—by far—yet done by the author of That Printer of Udell's, The Shepherd of the Hills, The Calling of Dan Mathews, The Winning of Barbara Worth, etc.

## HARRIMAN LINES TO BE OPERATED SEPARATELY

To Avoid Entanglement Unit System for Roads Will Be Continued.

JUDGE LOVETT ENDS WORK OF INSPECTION

Agreement for Interchange of Traffic Is Ratified by Official

SAN FRANCISCO, Sept. 6.—When Judge Robert S. Lovett, chairman of the executive committee of the Harriman lines, left San Francisco last night he had completed the final disposition of long-standing agreements between the Union Pacific, Southern Pacific, Oregon Short Line, and Oregon-Washington Railroad and Navigation companies and had satisfied himself as to the successful operation of the new unit system of operating on the four roads mentioned.

This unit system, by which each railroad of the four mentioned now operates over every inch of its own mileage, was established as an experiment last spring by the Harriman lines, and their successful maintenance affords grounds for the Harriman system to be declared a permanent agreement in the event that the pending appeal before the United States Supreme Court in the government's efforts to declare the Union and Southern Pacific a combination in restraint of trade should result in the reversal of the Circuit Court of Appeals judgment, which was in favor of the transportation system.

**INSPECTION TRIP.**  
The inspection of the working of the new operating units of the four roads was the main object of Judge Lovett's western trip. A year ago, up to a few days before the Circuit Court of Appeals decision in the anti-trust action was announced—the four railroads were operating on a territorial basis, established by the late Edward H. Harriman. At that time the Short Line extended from Huntington, Ore., to Ogden and Salt Lake, thence to Butte. The Southern Pacific's territory from Sparks, Nev., to Ogden, Utah, was being operated by the Short Line, as was the Union Pacific's mileage between Green River, Wyoming, and Ogden. The Oregon-Washington Railroad and Navigation Company was operating the Southern Pacific's territory from Ashland, Portland, Ore., to Seattle, Wash. As a result the Southern Pacific's system extended north only as far as Ashland and east as far as Sparks.

**ORGANIZES SYSTEM.**  
The government's suit to have the Union Pacific and Southern Pacific declared a railroad trust on the ground that the companies operated parallel lines greatly to competitors' disadvantage, was then pending, and to forestall a possible decision disadvantageous to the lines Lovett organized a new unit system by which the Southern Pacific resumed its Sparks-Ogden and Ashland-Portland territory and the Union Pacific its Green River-Ogden territory, thus depriving the Oregon Short Line of considerable operating mileage, but restoring to each company its individual territory. The step was taken primarily with the intention of proving to the government that the agreement between the four lines was purely one of convenience and in no manner constituted a merger. When the Circuit Court's decision declaring the lines were not merged, the government appealed, but to be on the safe side Lovett desired the new unit system of operating to be permanent.

**FAVOR SYSTEM.**  
For that reason he came here the first part of the week and received reports from President Farrel of the Oregon lines, President Mohler of the Union Pacific and President Spruille of the Southern Pacific. They all favored the new system. Should the appeal now before the Supreme Court be against the railroad and the case ordered back for another trial, the Harriman lines will offer as new evidence tending to disprove the alleged merger the fact that the roads are now operating their own mileage. This fact, too, the Harriman system intends to offer as proof that the former agreements were merely convenience pacts. Lovett will hear this time, after the new unit system has been ratified, new agreements for an interchange of traffic between the four lines, which are not as closely related as those formerly in effect and which resemble the usual traffic agreements between differently owned railroad corporations more than those controlled by the same banking interests.

**CONSIDER FINANCES.**  
Lovett departed last night for Santa Cruz, where he will remain till Saturday, then returning to New York. Yesterday morning he ratified the new agreements between the four Western Harriman lines. In the afternoon he was the guest at a Pacific Union Club luncheon tendered by President Spruille and attended by about thirty-five representative citizens. Before he departed he went into executive conference with Spruille, Vice-President E. O. McCormick and President Paul Shoup of the Pacific Electric. Shoup and McCormick both had business with Lovett pertaining to needed monetary acquisitions for their respective departments. Shoup will also, it is understood, represent the Southern Pacific in negotiations for extending a new electric system from San Francisco to San Jose, via San Mateo. Spruille accompanied Lovett to Santa Cruz, but on Sunday will leave for Seattle to deliver addresses before the American Association of General Passenger and Ticket Agents' convention, this practically marking his first Western appearance as a public speaker.

## FRECKLES

There's no longer the slightest need of feeling ashamed of your freckles, as a new drug called Double Strength has been discovered that positively removes these homely spots. Simply wash your face of choline—double strength, from Carrow Bros. and apply a little at night, and in the morning you will see that even the darkest freckles have begun to disappear. After the freckles have vanished entirely, it is advised that more than an ounce is needed to keep the skin clear and gain a beautiful complexion. Be sure to get the Double Strength cream, as this is sold under guarantee of money back if it fails to remove freckles.

Tomorrow Begin These Great Annual

# Fall Trade Sales

Hale's  
GOOD GOODS

OAKLAND STORE  
Hale's  
GOOD GOODS

THESE Trade Sales beginning tomorrow morning are Big Merchandising Events, prepared carefully for months. Trade Sales are vast movements of individual lines of merchandise—not specials, jobs or odd lots—but complete lines of staple goods—with prices forced down owing to our five-store purchasing power.

## Trade Sale New Ribbons

A Trade Sale triumph in high-class fancy ribbons for Fall. Thousands of yards underpriced as follows:

- 50c Ribbons at 25c a Yard

## NEW SUBMARINE RECORD IS MADE

Vessel Sinks to the Depth of 283 Feet in Waters of the Bay.

SAN FRANCISCO, Sept. 6.—The United States Navy submarine F-1 established a new world's record for vessels of that type yesterday, when it sank to a depth of 283 feet in the waters of San Francisco bay off Point Diablo.

## TABLE GRAPE CROP RUINED

Mildew Sets in After Rain at Fresno; the Loss May Be Two-thirds.

FRESNO, Sept. 6.—Local fruit men declare today that the Emperor table grape crop in Fresno county has been practically ruined as a result of mildew setting in after the recent rain. Even the most conservative estimates place the loss at from half to two-thirds of the crop. It is feared that last night's rain may make the

## ARMY OFFICERS ARE TRANSFERRED

Major L. S. Upton to Leave Hospital and Report for Active Duty.

WASHINGTON, Sept. 6.—The following transfers at the request of the officers concerned are announced:  
Second Lieutenant Gustave Jacob Gomez, from the 12th Infantry to the 21st Infantry.  
Second Lieutenant Joseph Edmund McDonald, from the 21st Infantry to the 12th Infantry.  
First Lieutenant Philip H. Bagby, 4th Infantry, is relieved from duty in this

## BANKER IS DEAD

EUGENE, Ore., Sept. 6.—James G. Brattain, president of the First National Bank of Springfield and a pioneer of 1852, died suddenly at his home here yesterday, aged 63 years.

## A BOLLER OF PRACTICAL ENGINEERING

Complete courses in Civil, Mechanical, Electrical, and Marine Engineering. Also courses in Surveying, Estimating, and other branches. Address: Pacific College of Engineering, 27 Franklin St., Oakland, Cal.

## SEATTLE-ALASKA RATE WAR IS ON

Alaska Steamship Company  
Cuts Tariffs to Lowest  
Point Ever in Effect.

SEATTLE, Sept. 6.—Officials of the Alaska Steamship Company today announced the second reduction in freight from Seattle to Southeastern Alaska ports in ten days, precipitating a rate war which is expected to be the most bitter in the history of Pacific coast shipping.

Rates on general merchandise from Seattle to Ketchikan, Juneau, Skagway and all other ports of call in Southeastern Alaska have been cut to \$2 a ton, the lowest tariff ever placed in effect by a steamship line operating to the north. Southbound rates are unchanged, as are rates to Seward, Cordova, Valdez and other ports of call in Southeastern Alaska.

The first reduction, announced ten days ago, ranged from \$1 to \$3 a ton, making the rate on general merchandise \$3 from Seattle to Ketchikan, \$4 to Juneau and \$5 to Skagway. The new tariff places all ports in Southeastern Alaska on the same basis.

It is explained that the cut is made to meet the excessive competition of independent lines which have been carrying big cargoes to Southeastern Alaska ports.

Officials of the Pacific Coast Steamship Company announced that they would meet the reduction of the Alaska Steamship Company. No action has been taken by the other lines operating to Southeastern Alaska ports.

## PHYSICIAN BEQUEATHS PHYSICIAN BEQUEATHS

WASHINGTON, Sept. 6.—Funeral services for Dr. J. W. McGee, the scientist, who bequeathed his body to the medical college in the hope that something might be learned of the rare form of cancer which caused his death.

## FAMILY OF SEVEN KILLED IN WRECK

MEXICO CITY, Sept. 6.—A rear-end collision at Calera, near Aguas Calientes, on the Mexican Central railway, yesterday resulted in the death of twelve passengers on a northbound train and the injury of four others.

Among the dead are Division Superintendent Christensen, an American, his wife and five children, who were traveling in a private car. The injured were taken to Aguas Calientes. Christensen had been in the employ of the Central and National railways for twenty years.

## MADAM! IF YOU DON'T FEEL RIGHT TAKE DELICIOUS 'SYRUP OF FIGS'

Waste-Clogged Bowels, Torpid Liver and Decaying Food in  
Stomach Cause the Sick Headache, Gas, Back-  
ache, Sallowness, Biliousness and Indigestion.

All women get bilious, headache and constipated—simply because they don't exercise enough. They don't eat coarse food, or enough fruit and green vegetables. Those are nature's ways of keeping the liver and thirty feet of bowels active; but very few women employ them. The next best way is delightful, fruit Syrup of Figs.

Nearly all ills of women can be overcome with Syrup of Figs alone. There is no need to have sick headache, backache, dizziness, stomach sour, and full of gases, bilious spells, sallowness, constipation, bad breath, bad complexion, nervousness and depression. The surest and safest remedy is one or two teaspoonsful of delicious Syrup of Figs. Try this tonight—you'll feel splendid in the

## ENGAGEMENT OF OAKLAND GIRL IS ANNOUNCED

MISS PAULINE AMES.  
—Hartbrook photo.

The announcement of the engagement of Miss Pauline Ames, of Nineteenth and Webster streets, to James LeRoy Sampson, a salesman of San Francisco, was given out yesterday at a luncheon entertainment in honor of friends of the bride-to-be.

Miss Ames is popular in the younger set in Oakland, is an accomplished musician and a member of several of the social clubs.

The wedding will be solemnized in the early part of January, and after a brief honeymoon the couple will reside in Oakland.

## LA PALOMA CLUB TO OPEN SEASON

La Paloma Club will give the first dance of the second autumn series this evening at Maple Hall. Three hundred invitations have been issued and excellent music will be a feature of the evening. The committee in charge has spared no time or expense to make the affair one of the most brilliant entertainments in the history of the club.

## PLASTERERS WALK OUT.

FRESNO, Sept. 6.—Charging their bosses with discrimination in paying \$7 a day to a few of their fellow-workmen, members of the local plasterers' union walked out on a new building here. This action was taken without the approval of the Building Trades Council, but will result in a general strike of plasterers. The union scale is \$6 a day and the strikers want an increase of \$1 a day, which will equal the San Francisco scale.

## JAS. HACKETT IS 'MAN ON HORSE'

Has Strong Part in New Play  
at Macdonough by Booth  
Tarkington.

"A MAN ON HORSEBACK."  
Cast of Characters.  
Richard Quarrier, U. S. Senator  
Mordimer T. Spurne, U. S. Senator from another state.  
James Quincy, Fred A. Sullivan  
Abel Greenough, a party manager from Quarrier's state.  
Frazier Coulter  
Rembrandt Jeff, Charles Lane  
Henry Ferguson, Quarrier's secretary.  
Mr. Schinckel, Vaughan Trevor  
Mr. Donovan, Fred Wilson  
Harry Miller, Daniel Jarrett Jr.  
A colored man, servant at Chamberlain Hotel.  
Fred Wynan  
A sentry, Clarence Force  
A surgeon, U. S. A., Albert Green  
Mary Quincy, called "Mrs. Ves-  
tries," Oliver  
Jane Spurne, Lily Cahill  
Mrs. Fannie Mabel Boyle  
Wilma Mari Moore  
Mrs. Bonnie Granger Smith  
Miss May Bean, Elaine Inescort

James K. Hackett is provided with another role of the masterful sort in "A Man on Horseback," a new play by Booth Tarkington, presented by the Hackett company for the first time in Oakland last night. It is difficult to imagine the former actor of romantic dramas in anything else than a play in which he is fighting against heavy odds and winning out. He had such a part in "The Grain of Dust," which was presented during the first half of the Hackett week at the Macdonough. The company will repeat "A Man on Horseback" tonight and at tomorrow's matinee and evening performances.

Suspended interest almost until the close of the play is a characteristic of Tarkington's latest production, and that interest is maintained with keenness. The climactic scene usually found in an earlier act does not occur until well into the fourth in the Indianan's play.

## SENATORIAL CONTEST.

It is a story of political intrigue in Virginia, the scene being laid at Old Point Comfort and the neighboring Fortress Monroe.

"A Man on Horseback" has to do with the fortunes of a United States Senator whose seat is sought by a millionaire. Senator Quarrier, played by Hackett, is not only the idol of his state, but a commanding national figure. His reputation is so high, so the representatives of the million-aires who want to prevent his reelection realize that their only hope is to embarrass him by demands which he cannot meet and by discovering, if possible, some scandal in his private life.

Fortune seems to favor their efforts. Senator Quarrier is placed between the devil and the deep sea by the contradictory demands made upon him by the liquor men and the anti-liquor forces of his home state, where the liquor question is a burning issue. At the same time his enemies discover facts which seem to point to an intrigue with a notorious woman.

The situation looks dark for "A Man on Horseback" and he has to summon all his strength to meet it. The manner in which he rides down his enemies at a time when his case appears most hopeless proves that he has not been called "an equestrian statue" for nothing. The scene in which he gets the best of the plotters by doing what seems impossible—namely, winning the support of both the liquor and the anti-liquor forces—is a very strong one. But the principal thrills come in the intense scene at the end of the play when the plot which sought to involve him with Mrs. Mary Quincy, an innocent woman, is shattered to pieces through the sheer force of his dominating personality, aided by a curious trick of fate.

Oliver Oliver appears in the leading woman's part of "A Man on Horseback" and exercises sufficient repression to give a true ring to the emotional scenes.

## 245th Saturday Surprise Sale at Breuner's

## 'CASCARETS' FOR SICK HEADACHE

It's Your Inactive Liver and  
Bowels; You Need Cas-  
carets Sure.

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean, stomach sweet and your head clear for months. Children love to take Cascarets, for their taste good and never gripe or sicken.

## COTTON CROP BIG BUT OF LOW GRADE

Overproduction Responsible for  
Loss to South of Over  
Two Millions.

NEW ORLEANS, Sept. 6.—The cotton crop of the South for the year ending August 31, 1912, according to statistics compiled by R. G. Hester, secretary of the New Orleans Cotton Exchange, exceeded that of the previous year by 4,018,821 bales. Its money value was \$107,074,820 less, due as much to the low grade of the crop as the decrease in the price resulting from over-production. It was the lowest in grade of any crop for the past ten years.

Mr. Hester says that an acreage in cotton larger than ever before cultivated in the South induced by the high prices of the two previous years, uniformly dry and hot weather during the growing season, a late frost and low open fall for harvesting combined towards the production of a crop larger by 2,300,000 bales than ever before recorded.

If to the value of the crop the value of the cotton seed is added, the actual wealth producing capacity of the Southern cotton farms this year would be \$937,710,073. Last year the total value, including seed, was \$1,030,103,527, so that for a crop embracing 4,018,000 bales more cotton sold at \$22,000 a ton more the South received nearly \$2,500,000 less money.

During the last year, he says, there was the heaviest consumption of American cotton on record, exceeding the previous maximum of 1908-09 by 1,358,000 bales.

## OFFICER'S ASSAILANT NEAR DEATH AT OXNARD

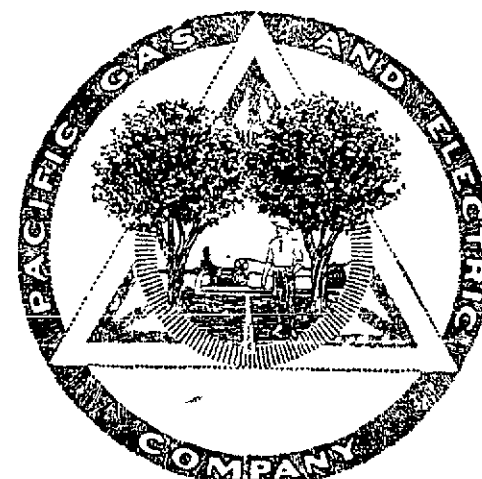

OXNARD, Sept. 6.—Antonio Martinez shot and seriously wounded Policeman John Higgins late today and narrowly escaped lynching at the hands of a mob of excited citizens. Quick action by the police prevented summary punishment.

Martinez had been shooting up a saloon, and when Higgins approached to disarm him, the Mexican shot him and tried to escape. A dozen men with guns gave chase down the principal business street of the town and overhauled Martinez after he had fled to a nearby building.

Martinez was immediately surrounded by a crowd which started to drag him to an improvised scaffold, when the police interfered and dispersed the mob.

What We Never Forget

According to science, are the things associated with our early home life, such as Buckle's Arnica Salve, that mother's remedy used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures prove its merit. Unrivaled for piles, corns or roll cores. Only 25 cents at Good Brothers.

## Satisfied with Your Power?

If the power you are now using isn't giving entire satisfaction we'd like to have you investigate "Pacific Service." "Pacific Service" is quick, reliable, economical. There's a sense of satisfaction in having it for power because you know it is always there, waiting to obey your command, day or night. "Pacific Service" is a clean power. There's no dirt connected with it. It satisfies equally the large and small consumer. "Pacific Service" embodies the latest thought in reliable, economical power. Why not install it, and have your power question economically and satisfactorily settled? We'll be glad to answer any questions you may wish to ask. Write us.

"Pacific Service" is "Perfect Service."

## HAIR HEALTH

If You Have Scalp or Hair Trouble, Take Advantage of This Offer.

We could not afford to so strongly endorse Rexall "33" Hair Tonic and continue to sell it as we do, if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "33" Hair Tonic not give entire satisfaction to the users they would lose faith in us and our statements and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to unaturally fall out or if you have any scalp trouble, Rexall "33" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about.

Out of one hundred test cases Rexall "33" Hair Tonic gave entire satisfaction in ninety-three cases. It has been proved that it will grow hair even on bald heads when, of course, the baldness had not existed for so long a time that the follicles, which are the roots of the hair, had not become absolutely lifeless.

Rexall "33" Hair Tonic is a vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring the hair growth and hair health. It is not greasy, and will not gum the scalp or hair, or cause permanent stain. It is as pleasant to use as pure cold water.

Our faith in Rexall "33" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, price obtainable only at The Owl Drug Company, 50 cents and \$1.00. Remember you can stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

## THIS IS RECIPE FOR PRESERVES

Martha Washington Put Her Pears Up in Brandy and Syrup.

PHILADELPHIA, Sept. 6.—Martha Washington's own recipe for preserving pears has been brought to light among some unpublished colonial papers in the possession of Mrs. Arvilla McDonough. The recipe is as follows: "The pears should be very fresh. Wash and put them into boiling lye for a minute. Remove and put them into cold water. Next put the fruit into a prepared syrup of sugar and water. Use a half-pound of sugar for every pound of fruit, water to dissolve. Now cook for a quarter of an hour. Remove and put on plates to cool. Roll syrup down to one-half its original quantity. Pour syrup and pears into jars and add brandy. Seal while hot."

LEAVES FEDERAL SERVICE. WASHINGTON, Sept. 6.—Dr. F. L. Dunlap of the Bureau of Chemistry and associate chemist under Dr. Harvey W. Wiley, while the latter was chief of the bureau, resigned yesterday to accept a commercial position in Chicago. Dr. Dunlap was a member of the pure food board and came into public notice as one of the authors of charges of irregularity against Dr. Wiley.

## Chronic Ulcers Mean Bad Blood

If outside influences were responsible for chronic ulcers, then external applications and simple cleanliness would be a curative treatment. But the trouble is always in the blood which has become unhealthy and diseased, and keeps the sore open by continually discharging into it impurities and infectious matter. Salves, washes, lotions, etc., may cause the place to scab over temporarily, but the blood is not made purer by such treatment and soon the old inflammation and discharge will return and the sore be as bad or worse than before. S. S. S. heals old sores by going down into the blood and removing the impurities and germs which are responsible for the place. S. S. S. thoroughly purifies the circulation and in this way destroys the source of every chronic ulcer. In addition S. S. S. enriches this vital fluid and assists nature in overcoming the bad effects of a chronic ulcer. Book on Sores and Ulcers and any medical advice free to all who write.

## SCIENTISTS GIVE MONKEYS MEASLES

Investigators Say Disease Is Not Carried by Dry Skin Particles.

WASHINGTON, Aug. 6.—Dr. John F. Anderson and Dr. Joseph Goldberg of the Public Health Service have succeeded in inoculating monkeys with measles, something said to be hitherto unknown, and in course of their researches have made discoveries which promise to make the malady less dangerous.

The investigators have found that measles are not carried as supposed by the dry particles of skin which brush off the body of a patient but that the germs are conveyed in the breath and secretions from the nose and mouth, and in the blood.

The germ was found to be so minute that it passed through the pores of a porcelain filter.

## TO STAND ON HEAD FOR THREE MONTHS

Novel Method to Cure Fractured Right Hip of a Baby Boy.

LOS ANGELES, Sept. 6.—Jose Verdugo, fourteen months old, who suffered a fracture of his right hip when he fell out of a buggy recently, must practically stand on his head for three months until the break in the bone mends.

Jose is at the children's hospital in this city, where he was taken after the accident.

Miss Marion L. Vannier, superintendent of the hospital, invents a contrivance by which a fifty-pound weight was fastened to one end of a series of ropes run through pulleys and Jose was fastened to the other, so that only his head barely touched the bed. In that position he must remain for three months, possibly longer, but Jose does not seem to mind. He lavishes baby smiles upon all attendants and visitors.

## COUPLE SUED FOR DRESSMAKER'S BILL

SAN MATEO, Sept. 6.—Mr. and Mrs. Peter T. Brunsing, a San Francisco couple, well known in society, are named as defendants in a suit brought in Justice of the Peace J. A. McCormick's court today for an unpaid dressmaker's bill of \$35. The plaintiff is Mrs. Emma Tansel, proprietor of a dressmaking establishment at 7 B street, this city. Brunsing is a broker of San Francisco, and last winter maintained an elaborate country residence at 200 Elm street in San Mateo.

## MORE MATRONS THAN SPINSTERS AT CONVENTION

SYRACUSE, N. Y., Sept. 6.—A poll of the women delegates and alternates at the Progressive state convention here shows that there are more matrons than spinsters in the list. The count shows 119 married and 71 single.

## BURGLARS CLEAN OUT BUILDING

Wholesale Robbery of Clothing Establishments Makes New York Police Gasp.

NEW YORK, Sept. 6.—One of the most complete jobs of wholesale burglary ever accomplished in New York City was discovered early this morning when the police were called to an eleven-story building at 118 University place by the sounding of a burglar alarm from the ninth floor. When the police arrived it was found that burglars had been through every one of the first eight floors which were occupied by various clothing manufacturers. The intruders had gone through all the stock rooms and offices and had evidently removed several truckloads of merchandise. It was impossible to obtain any accurate estimate of the total loss, but the police believed it would reach \$50,000.

## DARROW WITNESS UNDER INDICTMENT

Policeman Accused of Interfering With District Attorney's Detective.

LOS ANGELES, Sept. 6.—Peter Piroto, a member of the Venice police force, and one of the chief witnesses for the defense in the trial of Clarence S. Darrow, was arrested yesterday on an indictment charging him with falsely imprisoning and interfering with a detective connected with the district attorney's office.

The indictment and arrest of the officer followed a grand jury's investigation of charges that the Venice police had interfered with county detectives who were endeavoring to apprehend fishermen alleged to be breaking the law by spreading their nets within the one-mile limit of a sewer at Hermosa Beach. It was charged that Piroto had caused the arrest and incarceration of George K. Noland, a county detective, and had interfered with others.

Mayor C. W. Melbrook of Venice, and C. Menetti of the same resort, provided Piroto's bail which had been fixed at \$100. He will appear in court Saturday and to have his case set for trial.

## HOTEL EMPLOYEES OUT ON STRIKE

Tie-up in Business Threatens Several Big Hostelties in Boston.

BOSTON, Mass., Sept. 6.—Fifty waiters and cooks are on strike at the Hotel Georgian in Park Square, tying up the dining room service of that house. They signalized the beginning of their strike by a midnight demonstration in Newspaper Row, which the police broke up without disorder. Leaders of the strikers, among whom were several who directed the recent strike of hotel workers in New York, say that strikes will be declared at once in three additional hotels, the largest in the city, unless agreements are reached.

The demands in Boston are practically the same as those made elsewhere, and are based upon a request for a 45 increase to waiters and shorter hours for the cooks. The threatened strikes at several hotels have been prevented by the proprietors acceding to the union demands.

## COURT OF HONOR ORDERS A DUEL

BERLIN, Sept. 6.—Captain Kammer of the army, who is stationed at Rybnik, East Prussia, has been ordered by a court of honor to challenge Judge Knittel to a duel. Knittel got into disfavor with local society people at the last election when he supported a Polish candidate for the Reichstag, and was eventually ostracized and removed from the army reserve, in which he was an officer, to the Landwehr.

Judge Knittel openly accused Captain Kammer of having been the cause of this and openly charged the officer with having been the cause of this and openly charged the officer with having been the cause of this and openly charged the officer with having been the cause of this.

## WORD OF EXPLORER

SEATTLE, Sept. 6.—Advice received at Dawson, Y. T., over the trail from the mouth of the Mackenzie river, say that Indians brought in word to Fort McPherson that they had found strange writing on a tree east of the Mackenzie delta. Where Herbert Darrell, the Arctic explorer, was last seen. The Indians promised to bring in the writing on their next trading expedition. Darrell went eastward from the Mackenzie in 1910, and has long been given up for lost. Numerous venturesome prospectors are seeking gold along the tributaries of the Mackenzie, a returning traveler reports.

## A Physician's Report on Tuberculosis Medicine

"Have used Eckman's Alternative in several cases of tubercular glands of the neck, with excellent results every time. In one case it cost me \$60, for the girl was put on it only until she could arrange to be operated, and in a short time an operation was not needed. I suppose your records are just as fine as of old. (Original of physician's letter.)"  
"Eckman's Alternative is effective in other forms. Read what Mrs. Carolyn says—"  
Idaho Falls, Idaho.  
"Gentlemen: I have gained twenty-two pounds since last February and my baby is in perfect health. She is now four months old. I do not cough or raise anything at all. I believe my lung trouble is cured."  
(Signed affectionately) MRS. M. H. GARVIN  
"Eckman's Alternative is effective in all forms of tuberculosis. It cures throat and lung troubles and in providing the system with certain poisons, operates on the habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. Ask for booklet telling of results, and write to Eckman Laboratories, Philadelphia, Pa., for additional evidence."

## Oakland Fashion Show

If you have not already visited our store since the Fashion Show started, we sincerely hope you will do so tomorrow.

The Display of Fall and Winter styles is altogether too beautiful to be missed.

A visit to our magnificent Millinery Department will reveal a display of regal splendor. Our hats were never so charming—our values were never so big and attractive.

On our famous third floor you will see Dame Fashion's favorites in Tailored Suits, Dresses, Coats, Furs, Waists and Petticoats—all marked at the popular prices for which this store is famed.

In other sections of the store you will find wondrously interesting displays of Silks, Dress Goods, Trimmings, Laces, Ribbons, Gloves, Hosiery, Lingerie, Corsets, Footwear, Fancy Goods and other merchandise—all temptingly priced for the Fashion Show.

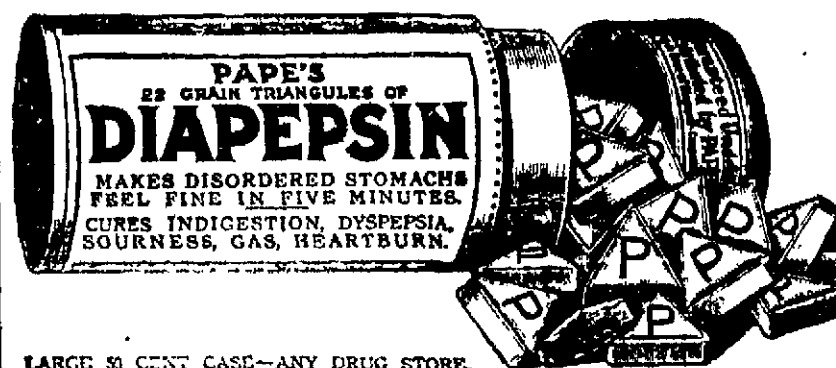

The beautiful displays in our show windows alone are well worth a special trip down town.

## GOT INDIGESTION? STOMACH UPSET? BELCHING UP GAS OR SOUR FOOD?

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable, you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness, its certain, unflinching action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach troubles has made it famous the world over.

LARGE 50 CENT CASE—ANY DRUG STORE.

## BANKER OF BERKELEY WEDS SENATOR'S WIDOW

PORTLAND, Sept. 6.—Speeding toward Del Monte, where they will spend a month's honeymoon, are Mr. and Mrs. George P. Baxter. Up to noon yesterday Mrs. Baxter was Mrs. George Wickham McBride (nee Waller). The marriage took place at Trinity Episcopal Church, Rev. A. A. Morrison officiating. The couple departed on the Shasta Limited, and will be at home in October in Berkeley, where Mr. Baxter is a prominent banker. He is widely known throughout California, and when his engagement was announced about a month ago to Mrs. McBride, who is the daughter of Senator McBride, by her brother-in-law, Judge Thomas A. McBride, created much interest. Mr. Baxter came to Portland a fortnight ago and has been at the Multnomah Hotel.

## FIND STOLEN JEWELS UNDER COTTAGE FLOOR

MILAN, Sept. 6.—The bulk of the jewels stolen from the residence of Count Serbelloni at Castellazzo, on August 22d, and which were valued at \$45,000, have been found in a sack beneath the floor of a cottage in the Bovisio district of Milan. Medals and some other valuables which were stolen at the same time have not been recovered. All persons living in the cottage have been arrested.

## TARRYTOWN TO BE "DRY" AFTER DARK

TARRYTOWN, N. Y., Sept. 6.—The lid will be clamped down tight here over Saturday and Sunday to prevent the starting of any new trouble by the Italian workers on the John D. Rockefeller estate. The sheriff has ordered all saloons to close at dark and his deputies will keep the streets free from loiterers after sunset.

## EXPOSITION STAMPS

WASHINGTON, Sept. 6.—Work started today at the bureau of engraving and printing in the Panama-Pacific Exposition stamps. The new stamps began to make their way to the new stamps. Third Assistant Postmaster General James J. Britt said today that the stamps would be ready to issue to the public by January 1st.

## TO STAGE COMIC OPERA AT STANFORD

STANFORD UNIVERSITY, Sept. 6.—Something new in the line of Stanford dramatics is soon to be attempted by the members of the Rainy Day Club, a club which is planning to stage an original comic opera during the present semester. One of the main features of the piece, which is to be of a burlesque type, will be the entire absence of girls from it. All female roles are to be taken by the men members of the Rainy Day Club.

society and a few talented outsiders, who will be chosen by the club.

## GETS JOB AGAIN

CHICAGO, Sept. 6.—Henry D. Tapp, a Chicagoan, who was once the most powerful man in the United States customs service, has been re-appointed to his old position as chief of the customs at the Port of New York. He had been removed from the office in 1908, but was reinstated in 1910. He was again removed in 1911, but has now been re-appointed to his old position.

# HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

## Society

ONE of the smartest scenes of the season was given this afternoon in Berkeley by Mrs. William Edward Knowles in honor of her daughter, Miss John Albert Marshall. The latter leaves for Salinas tomorrow, where she will make her home for the next few years to the regret of her many friends in local society. Today's tea was attended by many of the smart set of the bay cities. Beautiful gowns were worn by the guests and receiving party. Among the latter were Miss Grace Layman, Mrs. Herbert E. Sisk, Mrs. Anthony Caminetti and Miss Elizabeth Latham.

**RETURN TO ALAMEDA.**  
Mr. and Mrs. Frank Sargent have returned to Alameda from their country place at Carmel.

**RETURN FROM NORTHWEST.**  
Mr. and Mrs. Frank M. Butler have returned from a two months' tour of the Northwest.

**BOSS' FEAST.**  
Ray Kist leaves for the East today, where he will remain indefinitely.

**MATINEE PARTY.**  
Mrs. Frank L. McNutt entertained recently at a matinee party for Miss Alleen Bartness, followed by a tea at the Saddle Rock.

**WILL WED TONIGHT.**  
Miss Christine Turner and Lewis A. Foulke will elope this evening at the home of the bride's parents, Mr. and Mrs. Thomas Turner, in Alameda. Miss Turner is one of the popular society girls of the bay cities, and has been much feted. Miss Pauline Turner will be maid of honor, while Miss Ethel Flenca, of Fresno and Miss Lucile Addison, of Berkeley are the chosen bridesmaids. Lilo Perrin of Arizona is to be best man, and Meredith Parker, and William Turner will be ushers.

The wedding appointments will be very beautiful. The Turner home, which is a rendezvous for many social gatherings, will be converted into a bower of blossoms and greenery for the occasion. The marriage is of interest to many society folk of the bay region. Beautiful gowns will be worn by the bride and guests. Miss Turner, with Mrs. Henry Heilbron (Hazel Layman) has been made the motif for numerous teas, luncheons and bridge parties during the past month by members of the local smart set.

**OSCAR LONGS RETURN.**  
Mrs. Oscar F. Long and her family have returned from their three months' stay in Lassen county, where they were camping.

**GRANVILLE ABBOTTS DEPART.**  
Mr. and Mrs. Granville Abbott and their family left today for Santa Cruz, where they will spend a week visiting friends.

**AT CARD TABLES.**  
Mrs. John A. Parkinson entertained at the card tables Wednesday afternoon at her home on Shattuck avenue, Berkeley. The guests included the members of her whist club, composed of the following ladies: Mesdames Harry Salada, L. Nielsen, J. J. Nagle, Will Ellison, Charles Dunn, J. Franden, B. Longsdorf, D. Gallin, Barry, Ellison and Ardman.

**COMPLIMENTARY AFFAIR.**  
Mrs. Alfred Durney has sent out invitations for the afternoon of September

MISS BELINDA STANTON, BRIDE-TO-BE, WHO HAS BEEN GIVEN A ROUND OF SOCIAL COMPLIMENTS--Webster photo.

17, when she will compliment Mrs. Channing Hall (May Bissell) and Miss Marion Mitchell, who recently returned from Honolulu. A large number of the younger matrons and girls have been asked.

**IN CAPITOLA.**  
Mrs. Rod Church has gone to Capitola, where she will remain about a fortnight. Mr. and Mrs. Lin Church and Miss Esther will leave in a few days for the East, where they will spend three months in travel.

**TO GIVE DANCE.**  
Miss Dorothy Soule and Miss Mildred Mallon will give a dance on September 21, in Adelphi Hall. About fifty guests have been bidden.

**IN PORTLAND.**  
Miss Rose Kates is spending a few weeks in Portland visiting Mr. and Mrs. John Jerome Alexander.

**RETURN TO PIEDMONT.**  
Mr. and Mrs. William Tillingham have returned to Piedmont after an outing at Tahoe.

**KNOWLANDS TO DEPART.**  
Mr. and Mrs. Joseph R. Knowland will leave today for Stockton, where they will remain until after the Admission day celebration of the Native Sons, of which organization Knowland is past grand president.

**TO TOUR SOUTH.**  
Mr. and Mrs. Charles E. Dougherty, Witt Dougherty and Miss Elsie Benedict, daughter of E. L. Benedict, have left for a tour of the Southern States.

The Doughertys have a beautiful country home at "Ogeedank," just outside of Pleasanton, and entertain many friends from Oakland.

**RECEPTION AND DINNER.**

Mr. and Mrs. Arthur H. Breed were hosts at the brilliant reception and dinner given at the Home Club last night in compliment to Mrs. Harde C. Capwell, past president of the club, who has spent the last ten months abroad. The attractive clubhouse decked in asters and scarlet made a pretty setting for the many handsome gowns worn.

A number of dinner parties were given by various club members. Assisting in

the receiving line were: Mr. and Mrs. J. B. Richardson, Mr. and Mrs. Frank Leach, Dr. and Mrs. John Louis Lohse, Mr. and Mrs. R. L. Leet, Dr. and Mrs. Melville Tenney, Mr. and Mrs. Robert Leckie, Dr. and Mrs. W. H. Maxson.

**BRIDGE PARTY.**  
Mrs. Challen Parker gave an elaborate bridge party at the Claremont Country Club for Mrs. Murray Orrick yesterday.

**AT BRIDGE TABLES.**  
Miss Charlotte Hurd will shortly send out cards for an afternoon at the bridge tables when she will compliment Miss Ethel Johnson.

Mrs. Charles William Ames will also give a card party for Miss Johnson.

**LUNCHEON TODAY.**  
Complimentary to Mrs. Catherine Browning Miller, retiring president of Casa Guidi Circle, the members of the organization gave a luncheon today at the Piano Club in Berkeley.

**TO GIVE MUSICAL.**  
Mrs. L. Huhank will give a musical and reception on Sunday evening, September 16, for Miss Mabel Riegleman. A large number of guests are bidden to the Alameda home of the hostess.

**ENTERTAIN PROSPECTIVE BRIDES.**

Three brides-elect, Miss Alleen Bartness, Miss Belinda Stanton and Miss Vera Daniels, were made the honored guests yesterday when Miss Helen Button was hostess. She was assisted in receiving by her mother, Mrs. Fred Button and Mrs. M. F. Luning.

**TO BE HOSTESS.**  
Mrs. Robert Lee Stephenson will be among the local hostesses who will entertain for Mrs. Thomas Watson (Nina Clay). Mrs. Stephenson has had as her house guest Mrs. Charles Stephenson and Miss Clara Stephenson of Little Rock, Ark.

**TO HOLD DANCE.**  
The regular monthly dance of the Encinal Yacht Club of Alameda will be an event of Saturday evening.

## SPIRITUALISTS IN ANNUAL SESSION

500 Delegates Attend Convention of the State Association.

SAN DIEGO, Sept. 6.—It is estimated that 500 delegates are here attending the seventeenth Annual Convention of the California Spiritual Association in session here today. The convention will continue until Sunday night. Mayor James E. Wadham welcomed the visitors. President Mary A. Wells of San Francisco is presiding. Dr. J. M. Peckles, aged 90 years, who opened the first meeting last night, said that the secret of long life lies in abstaining from eating animal flesh, the use of tobacco, liquor and stimulants of any kind. He had followed this rule for 74 years, he said. Three sessions will be held daily.

## WOMEN IN THE NEWS GIRLS OF GOLDEN STATE GUEST AT FEAST

California Girls Eat Raw Fish With Fingers in Tahiti.

SAN FRANCISCO, Sept. 6.—Such little unconventional tales as eating raw fish and other mysterious South Sea customs from the hand of a Tahitian chief and climbing through the jungles of the sacred mountains of Moorea were the unusual experiences of Miss Ruth Raymond and Miss Marjorie Cole, Los Angeles belles, and Miss Katherine Douglas, a Fresno school teacher, who arrived here yesterday morning on the royal mail liner Tahiti.

With many a dazzling smile and near blush the girls told of their thrilling exploits on the tropical isles of the South Pacific.

"We didn't altogether like the idea of eating raw fish," laughed Miss Cole, "but we did it just the same, that being part of the menu of the native feast which we attended. We ate with our fingers, and there were all sorts of strange things. The fish was like rubber, and we expected it to bounce as we bit it, but it didn't."

Among others the girl tourists were guests at an elaborate native dinner given by one of the hospitable native chiefs of Tahiti, whose ancestry goes back into the times when a stray and lonely missionary or white trader would not be overlooked about tiffin time.

While both Miss Cole and Miss Raymond explored dense portions of the island of Tahiti and Moorea, it was Miss Douglas who accomplished a feat still talked about by the passengers, and which aroused the admiration of the native islanders.

The Fresno school teacher has the distinction of being the first woman to scale the steep and densely wooded mountain of Moorea on the island of that name. When little more than half way up the dangerous decline, where it was necessary to cut every inch of the way, Miss Douglas guided her companions in a continuous stream of rain, and in addition to sapping the energy, this condition makes everything slippery, so that it is very dangerous. The tropical growth is very dense, and we had to use our hatchets and knives freely in order to pick our way."

**Smoke Opium**  
SAN JOSE, Sept. 6.—Many women patronize Chinese laundries simply to get a chance to smoke opium without being suspected of fondness for the drug. This is the testimony of a police officer who yesterday when Mrs. Madeline Dornely and her husband, James Dornely, appeared, charged with having had opium in their possession when a midnight raid was made by state pharmacy board inspectors.

Mrs. Dornely told the judge that she went to the laundry of Charley Moy ostensibly to get laundry, but that in reality to get opium smokes. Members of the police and sheriff's forces helped with the raid, and five boxes, besides the whites were taken into custody. Three of the latter were fined \$30 each and the others will have formal trials Saturday morning at 10 o'clock.

**Fears Pain; Dies**  
YORK, Pa., Sept. 6.—The fear of pain caused by having a tooth extracted yesterday caused the death of Anna Hiegar, a 15-year-old girl. The girl was reluctant to have the tooth pulled, but was prevailed upon to have it removed. As the gas was about to be given she collapsed and expired shortly afterward.

**Wedding Postponed**  
SAN FRANCISCO, Sept. 6.—The wedding of Miss Neva Salisbury and Ensign William Reynolds Purnell, which was to have taken place next Wednesday, has been indefinitely postponed, though the engaged couple are expected to be married in the near future. The reason for the postponement was the sudden postponement of the wedding, for which elaborate preparations had been made.

The ceremony was to have been performed at the home of the bride's parents, Mr. and Mrs. Gny Salisbury, on Clay street, by Dean Gresham of Grace Protestant Church. It was to have been a pretty affair, with all the accessories of a navy wedding. An informal reception was to have followed, and the young couple had planned a wedding trip to New York where they were to attend the wedding of Lieutenant W. E. Hall of the navy, an intimate friend of Ensign Purnell.

The engagement was announced in July. Soon afterward Ensign Purnell left for Bremerton on temporary duty on the United States battleship Cleveland. He applied for six weeks' leave, which was granted him, and the wedding day was then set for the 11th of this month. The young naval officer expected to be ordered to Central America after his leave remained in this city with his parents.

**TO ATTEND GENEVA PEACE CONFERENCE**

WASHINGTON, Sept. 6.—Dr. Benjamin Trueblood, president of the American Peace Society, will sail Saturday from New York to attend the Nineteenth Universal Peace Congress at Geneva, September 23-28. Trueblood will take the Panama Pacific Exposition for the congress to hold its 1915 sessions at San Francisco.

## HOT WEATHER DRESSING

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell.)

It takes a long head to dress judiciously in hot weather. One needs more clothes than in winter to keep fresh. There must also be a greater variety. Aim to be cool, neat and dainty at least cost—both of cash and nerves. Do not pin your faith to white or to heavy linens for downtown wear. Nothing is lovelier than suitable white—provided you can afford the laundry bills. A pongee or mohair coat and skirt and one or two chintz frocks will give far better service. A spot-proof dark blue foulard is one of the most useful gowns a worker can own. Avoid fussy clothes in an office; the more simply you are dressed the cooler you will look and be. Apart from the bad form of overdressing, you soon look anything but neat on a hot day. Save your lingerie frocks, your Dutch or French necks, your laces and sashes for home and evening use. It pays to buy good shoes and stockings if you are to stay in a hot office all summer. Nothing causes more discomfort than feet that are out of kilter. Good footgear distinctly does not mean loud stockings and dancing pumps.

Do not get into the habit of going ungloved to work. Plenty of women do it, but it is just a bit better taste to wear gloves in business districts. With cotton gloves and wash chambray, the glove proposition in hot weather is easy. When buttons are used as trimming on summer frocks, instead of sewing them, tiny eyelets should be worked and the shank of the button pushed through and caught on the wrong side with patent fasteners or rings. Be sure to remove these buttons before the frock is sent downstairs to the laundry, otherwise they may not all return. Not only is this method better for the button, and prevents chipping and yellowing from hot suds, but it simplifies ironing.

*Lillian Russell*

this merely tends to irritate the skin and bruise it. The finger nails are poisonous and never should be employed under any circumstances. The treatment I recommend is slow but effective.

**DOROTHY**—I am mailing you recipe for the shampoo for blonde hair. No wonder you are puzzled, since for years persons have believed in the beneficial effects of direct sunlight on the hair. Recently, however, after careful study of many cases, experts are convinced that the effect of much sunlight on scalp and hair is not beneficial. There is something in the sun's steady rays that exerts an unhappy effect upon scalp and hair. So when you dry your hair use salt, warm towels, briskly rubbing the scalp with the finger tips until the reaction is vigorous. But keep out of the sunlight during the process.

## Answers to Queries

**MISS H. W.**—The most stubborn and common of facial blemishes are blackheads. As a rule they flourish in great numbers on the chin, forehead, nose and side of nose; sometimes they spread to the cheeks and appear on other parts of the body. Blackheads are sometimes caused by a derangement of the general health or a disorder of one or more organs. If your health is not good, consult a reliable physician, who will be able to cure, or at least correct, the cause as far as is possible, for local applications

amount to little when the trouble comes from within.

A more frequent cause of the little pests is careless bathing. Unless the impurities are removed from the pores every day, sooner or later they will form the foundation of a blackhead. The face should be thoroughly cleansed every night, using warm water, a pure soap, and a cleansing cream. If you care for it, send me a stamped addressed envelope, and I shall send you a sample treatment for coaxing blackheads from the pores and an inexpensive remedy for superfluous hair. Do not try to expel the blackheads by force, for

## CUBAN CHAMPION QUITS CHESS CLUB

NEW YORK, Sept. 6.—Jose R. Capablanca, the Cuban chess champion, who has been intimately identified with the Manhattan Chess Club since the first came to this country in 1904, and has been its representative in his travels around the world, has severed all connection with the organization. It is said the Cuban was piqued by

certain interests in the club. Capablanca, accompanied by his wife, will sail for Havana tomorrow.

**TO LECTURE ON MUSIC.**  
The public is invited to attend a meeting to be held in Starr King Hall, Castro and Fourteenth streets, on Saturday, September 7, at 2:30, when Miss Olive B. Wilson will talk upon the Hughes system of color music for children. She will demonstrate her talk with a little girl of four years of age.

## COPENHAGEN LINE TO TOUCH CALIFORNIA

LOS ANGELES, Sept. 6.—The Kina, a new steamship which will make Los Angeles a regular port of call, was expected to arrive tomorrow. The Kina is a Danish vessel of the San Francisco line owned and controlled by the East Asiatic Company of Copenhagen, which expects to establish a regular monthly service.

## DOUBLE MURDER PLOT CARRIED OUT

## WAS PLANNED BY WOMAN AND MAN

Husband Kills Own Wife and His Companion's Husband.

Written Confessions Are Obtained From Both the Conspirators.

SHREVEPORT, La., Sept. 6.—Execution of a double murder plot by which Mrs. C. C. Bailey conspired to rid herself of her husband, a wealthy lumber mill owner, and A. L. Watson aimed to do away with his wife, was revealed today by Sheriff Flournoy, who says he has the written confessions of both Watson and Mrs. Bailey, who are under arrest.

According to the confessions narrated by Sheriff Flournoy three months ago, at Flanagan, Texas, Mrs. Bailey and Watson entered into a compact by which Watson was to poison his wife and Mrs. Bailey her husband. Watson did away with his wife without arousing suspicion, but repeated efforts by Mrs. Bailey failed, she says, because she did not know how to administer the poison.

**WOMAN FAILS.**  
Watson came to Louisiana and entered the employ of Bailey. He urged Mrs. Bailey to hurry her part of the conspiracy and she tried, but again failed. In the meantime Bailey became suspicious and quarreled with his wife. Monday she left her home. Watson crept into the house during the night, carrying a heavy ax, with which he says he murdered Bailey. "When I raised that ax," Watson is quoted as saying, "to strike that sleeping man, I said to myself, 'This will send your soul to hell.' That's where I belong and the sooner I'm hanged the better I will be satisfied."

Watson is 45 years old and has three daughters.

## TANGLES UP IN LAW AND OTHERWISE

Thomas Booth, Politician and Manufacturer, Forfeits Bail in Police Court.

Thomas Booth, candidate at the last general municipal election for the mayoralty against Mayor Mott, came within the clutches of the law for the second time within a few weeks last night. Booth was arrested as a result of an excessive devotion to the service of the God of Wine. At the police station, Booth was booked for "drunk."

The Socialist orator and candidate came into conflict with the law last night when he attempted to drive his automobile while under the enthusiasm of Bacchic joy. Booth was with a friend when he visited the Elks Club in Fourteenth street. While his jovian brow was not wreathed in vine leaves, his enlistment in the Dionysian ranks was sufficiently obvious to Patrolman Rheinhardt to cause the officer to request that Booth should refrain from driving his automobile.

Booth resented the interference on the part of the law with the rites and solemnities of the celebration of the joy-god, and insisted upon acting as the chariot of the Bacchic car. As a consequence he got tangled with the street traffic and had to be extricated by his friends and the police. Rheinhardt booked Booth for drunk. The orator and manufacturer forfeited \$5 bail this morning by failing to appear. About a month ago Booth was arrested for driving a lame horse and was found guilty of cruelty, judgment being suspended in the case however, by Judge Samuels.

## DRUGGIST BENZINGER REGAINS HIS HEALTH

R. Benzinger, a well known druggist and chemist of Oakland, returned from the Yosemite this week after an illness of a week with acute nephritis. It was at first reported that Benzinger had a stroke of paralysis, but such was not the case. He has completely recovered.

THREE PHILANTHROPIC SOCIETIES TO HOLD ONE TAG DAY  
PROMINENT LOCAL WOMEN TAKE CHARGE OF ARRANGEMENTS

MRS. ISAAC REQUA, MEMBER OF THE EXECUTIVE COMMITTEE HAVING IN CHARGE TAG DAY, WHICH HAS BEEN SET FOR SATURDAY, SEPTEMBER 28.

## ROOSEVELT TALKS AT GRAND FORKS

Leader of Bull Moose Party Makes First Address in North Dakota.

GRAND FORKS, N. D., Sept. 6.—"I do not believe that the American people will put into power a party which enunciates principles which must be immediately repudiated by the party's candidate when he goes before the people," said Colonel Roosevelt, here today in speaking of the Democratic party and Woodrow Wilson.

## Troops May Be Sent To Scene of Strike

Iron Miners Shot From Ambush; Situation Is Serious.

LONDON, Ky., Sept. 6.—Disquieting reports reached here today from Bath county, where employees of the Roers Run Iron mines are on strike for an advance in wages. Officials of Bath county went to Frankfort, last night, to confer with the governor and Attorney-General regarding the situation. Troops may be sent to the scene. The mines have been shut for several months, and several have been shot and wounded from ambush.

## Hospitals to Receive the Benefit of the Contributions

One of the most notable dates of the winter was announced today—a tag day for Saturday, September 28.

Three of the most prominent and oldest philanthropic women's organizations in the city have combined forces for the tag day—the Ladies' Relief Association, of which Mrs. Matilda Brown is president, the Fabiola Hospital Association, of which Mrs. Kent Chabot is president, and the Providence Hospital Association, of which Mrs. Thomas Hogan is president.

The combined associations represent many of the most prominent women of Oakland, whose efforts will be sure to make the tag day one of the most memorable days of the year. The members of the societies feel that by means of a tag day the burden of the support of the helpless women and children and of the sick poor will not fall on the few but on the many—making each contribution so slight that it will be a pleasure to contribute to the general fund.

Two officers from each association represent the executive committee for the tag day benefit and the members of the committee are:

Mrs. Matilda Brown, Miss Anne Miner, Mrs. Wallace Everson (representing Mrs. Kent Chabot), Mrs. Isaac Requa, Mrs. Thomas Hogan and Mrs. Arthur D. Thomson.

Mrs. Matilda Brown is chairman of the executive committee and the general of the day. Miss Mollie E. Connors is the general secretary of the tag day committee. Almost all the prominent women of the city are interested in the movement, which represents one of the finest and most helpful philanthropic activities of the year, far reaching in the protection it will give to the dependent ones, to the helpless children and to the comfort it may bring to the sick poor. The cause appeals to women everywhere and so it happens that the most influential women of the city are taking their places among the willing workers of the various committees.

## TRIAL OF CORBIN AGAIN RESUMED

Defense Continues Attack on Action of Building and Loan Commissioner Walker.

SAN FRANCISCO, Sept. 6.—The trial of William Corbin secretary of the Continental Building and Loan Association, was resumed in Judge Denay's court at 2 o'clock this afternoon. The line in question and the statements made by Attorney McNab and Henshall, representing the defendant were once more in the nature of an attack upon Building and Loan Commissioner George Walker. At every opportunity counsel endeavored to show that Walker's interference in the affairs of the corporation were not justice.

## New Zeppelin to Be Monarch of Air

BERLIN, Sept. 5.—The new German naval Zeppelin dirigible is to break all records for size, speed and range of action, according to a marine news agency here.

The specifications call for power to carry out a sustained flight of at least six hours, and it is hoped by the admiralty that the vessel will be able to remain in the air for a longer period. The speed required by the contract is well over 50 miles an hour, and the radius of flight, including the return voyage, is to be from 1500 to 1800 miles.

## GRAND JURY IS CONSIDERING REA CASE

Nineteen Jurors Drawn From the Panel and Held Session.

The Accused Alleged to Have Attempted to Extort Money From County Patient.

Nineteen grand jurors, who were drawn from the panel this morning before Superior Judge Ellsworth, held a short session at which District Attorney Donahue and Assistant District Attorney Hynes presented to them facts concerning certain charges brought against Thomas Rea by F. W. Koster of 3880 West street.

Rea is alleged to have attempted to obtain \$150 from Koster upon the representation that he could avert the possibility of Mrs. Laura Koster, who had been arrested several times for passing fictitious checks, from being sent to the penitentiary and arranging so that she would be committed to an insane asylum.

At the time Rea was employed temporarily in the receiving hospital. Mrs. Koster had drunk wood alcohol in her home when arrested by Inspector Richard McSorley and was lodged in the hospital pending disposition of her case.

Rea was not present today, although Stewart S. W. Platt and Charles Emlay, warren of the insane at the receiving hospital, had been summoned as witnesses. No witnesses were called before the jury, however, and following organization it adjourned until Friday, September 20, at 10 o'clock, in order that other witnesses may be obtained in the Rea case.

## TOOK WARDEN'S PLACE.

At the time the alleged attempt at extortion is said to have taken place Warden Emlay was away from the hospital on leave of absence, and Rea was taking his place. Emlay was not concerned in dealings with insane cases other than giving them hospital attention.

I. B. Parsons of Hayward was chosen foreman of the grand jury and R. C. Graham of 1533 Ninth street secretary.

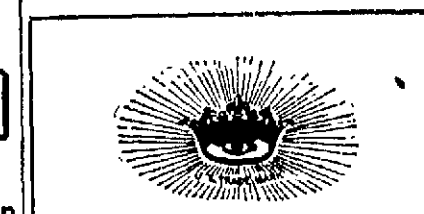

The other members of the inquisitorial body are:

F. W. Arnold, 5501 Foothill boulevard; Oscar P. Brelling, 872, Grand avenue; Andrew Block, Livermore; Manuel Borges, Niles; E. G. Buswell, 1738 Fourth avenue; Daniel Crowley, 883 Sycamore street; James Dalsiel, 538 Thirty-eighth street; Henry A. Dow, 1412 Broadway, Alameda; F. P. Furey, 1414 Fountain avenue, Alameda; W. C. Fletcher, 1631 Ninth street; F. L. Gove, 1428 Chestnut street; Charles W. Hunt, 110 Monte avenue; David E. Hunter, 2518 College avenue; J. J. McElroy, 540 Twenty-fourth street; W. D. Macdonald, 507 Linden street; W. M. Milwain, 607 Thirty-seventh street; W. A. Rouse, 705 Thirty-fourth street.

According to District Attorney Donahue the Rea case is the only one so far that will be taken up by the grand jury.

## Rockefeller Family Meets for Reunion

PHILADELPHIA, Sept. 6.—The Rockefeller Family Association, composed of kinsmen of John D. Rockefeller, is holding its annual reunion here today with sixty-five members present from all sections of the country.

## JUST TRY

Correct styles. Reasonable prices and credit if you wish. Friedman's 524 TWELFTH STREET Between Washington and Clay Oakland, Cal.

## FINDS JOKER IN FINANCES NOT DISCUSSED, SAYS GREY

Convictions Practically Impossible, Says Los Angeles Prosecutor.

However, He Decides He Will "Show Up" Vegetable and Fruit Trust.

LOS ANGELES, Sept. 6.—City Prosecutor Guy Eddle opened war today upon an alleged trust of produce dealers, which, he declares, considers only the blue sky as a limit for prices. Although the prosecutor is not hopeful of convictions on account of the joker which he asserts was slipped into the Cartwright state anti-trust law, he is nevertheless proceeding today with the preparation of numerous suits.

"Anyhow," he said, "I will show up these men who are forcing producers to let fruit and vegetables lie rotting on their hands in order to keep up an artificially high market."

Eddle told his plans to the legislative committee of the city council and explained why convictions in the produce trust-busting campaign will be hard to procure.

"A joker was inserted into the Cartwright law," said the prosecutor, "which provides that convictions may be obtained if it is proved that through these combinations excessive profits are realized."

"To prove that 'excessive profits' were realized would be a hopeless task for any prosecutor," said Eddle, "but I can, and will show to the people of Los Angeles the reason for the present high cost of living."

Eddle also declared that in their endeavor to control the market price of foodstuffs the produce men in the alleged combine are greatly aided by the city license law which forbids ranchers to offer their wares for sale unless they secure a city license.

As a first step in the campaign, the legislative committee voted to repeal the license affecting producers and hereafter all ranchers may sell their products direct to consumers.

## WINS GIRL ON TOSS OF COIN

British Farmer Weds Cafe Dancer on Short Acquaintance; Coin 'Fixed.'

SAN FRANCISCO, Sept. 6.—A flip of the coin decided the destiny of John D. Murphy, a wealthy horticulturist from England last night and because an interested acquaintance was an adept at slight-of-hand, a ceremony was performed by Police Judge Shortall at noon today. Murphy visited a well known cafe last night and was much enamored of Miss Eva Kelleher of the team of the Kelleher sisters, high steppers and dancers of a clever order.

"I'd marry that girl in a minute, if I could," said Murphy to his friend Robert Andrews, the bartender. "If you are lucky I will fix it for you," replied the bartender. "It is the easiest thing I can do."

"I'd give half I own to lead that girl to the altar," repeated Murphy. "Are you serious?" inquired Andrews. "You can bet your life on it," was Murphy's prompt report.

"Well, we'll toss a coin heads you win," declared Andrews, and Murphy was game. "There wasn't a chance for him to lose, Andrews told Judge Shortall afterwards, 'I just slipped the coin on him. It had to be that way.'"

At any rate the introduction was arranged, the attraction was mutual and the former Miss Eva Kelleher is now Mrs. John D. Murphy. Her sister Betty was bridesmaid and Andrews was best man.

Murphy has been employed as a tree surgeon on the coast and has been stopping at the Palace Hotel.

Denies Making Statement Attributed to Him Regarding Panama Canal.

The British Foreign Secretary Issues an Official Statement.

LONDON, Sept. 6.—Sir Edward Grey, the British Foreign Secretary, never wrote anything regarding the financial side of the Panama Canal question in his recent letter to the Gateshead chamber of commerce. He simply wrote that the British government was making representations to Washington on the subject of the Panama Canal Act.

An official statement is published in the newspapers today in which it is said that all statements attributed to Sir Edward Grey in regard to burdening of British shipping with an undue proportion of the maintenance charges of the canal merely were comments made by Herbert Shaw, secretary of the Gateshead chamber of commerce.

## THANK MERCHANTS FOR CLOSING UP

Native Sons and Daughters Express Appreciation of Observance.

The following letter of thanks has been received by the Merchants' Exchange for their activities in behalf of the Native Sons:

"Will you kindly extend to the members of the Merchants' Exchange of Oakland the sincere thanks and kind appreciation of 35,000 Native Sons and Native Daughters of the Golden West for their decision in favor of closing downtown stores and business houses on September 6."

"We will hold the general Admission Day celebration in the city of Stockton, where we would be pleased to entertain and meet such loyal citizens as your honorable body is composed of. Loyalty to the state of California pervades every feature of our work, our precepts and our laws."

"Since the orders of the Native Sons and Native Daughters of the Golden West were founded we have been incessantly working for the preservation of our state's history, her institutions, her historic landmarks and the conservation of her natural resources."

"No event in our state's history is of more interest than the admission of our state into the Union—it will closely follow the struggle California had in Congress to gain admission. When, on the 15th day of October, 1850, the news of the admission of California reached San Francisco through the Golden Gate, business was suspended and all alike gave themselves up to joy and gladness. Then why should we not fittingly observe this day? For we are permitted to enjoy its golden wealth, made possible by the trials and hardships of our pioneer fathers and mothers. Let us for one day in the year renew the spirit and perpetuate the golden days of '49 and '50."

"We Native Sons and Daughters are proud of Oakland and we will do our part to make the Oakland celebration successful, and you can rely on us being at our best in 1913."

"Wishing you all manner of success, A. A. REWIG, Secretary."

# The Fashion Show

Never ceases at the Pacific. All the season through we are introducing the newest styles the moment the great manufacturers put them out.

In that respect we are always a little ahead of other houses.

In regard to quality at Lower Prices we are far ahead of other houses.

It is always a great importance to you in buying a Suit, Coat or Dress that you visit the Pacific.

Of special note as to worthiness are those Suits we are showing tomorrow at these extra low prices.

**\$15**

**\$22.50**

At this price we are exceeding all past efforts at value-giving. These tailored Suits come in man's wear serges and mixtures, in the new fall shades, plain tailored, trimmed effects and Norfolk— all satin lined, guaranteed for two seasons.

Worth much more than our price.

The Suits in this showing we regard as the most remarkable values obtainable anywhere. They include serges, mixtures, diagonals and herringbones, plain tailored and fancy trimmed, as well as Norfolk effects in serges and mixtures— all Skinner satin lined.

Worth considerable more than we ask for them.

**New Fall Novelty Suits \$25 to \$40**

**New Fall Coats \$7.50 to \$40**

**Children's Coats \$2.45 — \$3.45**

**New Fall Dresses \$6.95 to \$25.00**

**Pacific**  
*Cloak and Suit House*  
N. E. Cor. 11th and Washington Streets.

## VANDERBILT RACES TO ATTRACT FAST DRIVERS

Trophies and Gold to Be Given for Victors in Auto Contests.

**\$24,000 SPENT REPAIRING EIGHT-MILE RACE COURSE**

Speed Burners to Be Given Six Days' Practice on the Track.

MILWAUKEE, Wis., Sept. 6.—Seldom have arrangements for automobile road racing been made on a more elaborate scale than the preparations for the Vanderbilt cup program to be run off here September 17, 20 and 21. The three day program begins Tuesday, September 17, with the \$10,000 American Grand Prix over a distance of 410 miles, and winds up Saturday, September 21, with the classic Vanderbilt cup race at 300 miles.

**\$20,250 IN PRIZES.**  
More than sixty of the most widely known foreign and American race drivers will fight for fame and a share of the \$20,250 in cash hung up by the Milwaukee Automobile Dealers Association, in addition to about an equal sum in gold trophies and automobile accessories.

Spurred on by a desire to place Milwaukee on the racing map, the promoters of the meet have spent \$24,000, or \$300,000 per mile, in improving the eight mile Wauwatosa course. As a result, they declare that the course is the fastest of its kind in the country. There are four long straight-away stretches on the course, and only four turns. Each of these turns has been given a broad sweep, and it is expected there will be little slackening of speed by drivers on the turns. The Somerville turn is particularly fast. It has been widened to eighty feet, and in practice cars have been driven around it at a speed of seventy miles an hour. In addition to other improvements, nineteen new concrete bridges and culverts have been built in the course.

**TO ACCOMMODATE 50,000.**  
With the other physical arrangements, the managers have constructed grand stands and parking spaces, around the course to accommodate more than fifty thousand spectators.

The list of entries includes Georges Bellet, winner of the French Grand Prix, who will drive a Peugeot car. The Peugeot racing team, now on its way from France, includes Bellet, two other drivers and two mechanics who are bringing four cars to race in the Milwaukee meet.

Ralph de Palma, Edwin Regdall and Ralph Mulford, who furnished a spectacular three-cornered contest at the recent Elgin meet, are all entered. Fitted against them will be David Bruce Brown, twice winner of the American Grand Prix, Teddy Tetzlaff, Hughie Hughes, Spencer Wishart, Caleb Bragg and half a hundred other drivers.

Among the foreign cars will be three Peugeot, three Fiat, three Benz, two Mercedes, a Renault, Isotta and Metallurgique.

**SIX DAYS' OF PRACTICE.**  
Some of the racing camps have already been established at the course and it is expected that all of the drivers will be on hand September 11, when the course will be thrown open for practice. The drivers will be given six days in which to become accustomed to the new course.

The Grand Prix on Tuesday will open at 10 o'clock. The prizes are the gold trophy donated by the Automobile Club of America, and \$2000 to the winner; second, \$2500; third, \$1250; fourth, \$750; fifth, \$500.

The Blue Ribbon and Wisconsin Motor Challenge Trophy contests will take place Friday, September 20. The Blue Ribbon contest is for medium and the Wisconsin motor trophy for light cars. The distance for the Blue Ribbon is 220 miles, and for the Wisconsin Motor, 175 miles. The prizes are the same as to the money: First, the trophy and \$1000; second, \$800; third, \$250; fourth, \$125.

The Vanderbilt cup prizes are: First, the trophy and \$3000; second, \$2000; third, \$1000; fourth, \$500.

Entries close for the Grand Prix September 10 and for all the other races, September 14.

## VOTERS VOTED EARLY AND OFTEN

More Ballots in Boxes Than Names on the Great Register.

COLUMBIA, S. C., Sept. 6.—The call of John Gary Evans, chairman of the State Democratic executive committee, for funds to conduct the investigation of alleged election frauds, is bearing fruit. The call was made until yesterday afternoon, but the fund is already substantial. It is believed it will soon become large enough to conduct the entire investigation.

Some of the late information of fraud in the election is surprising. Darlington and Greenwood counties are the centers of unearthen scandals. In Greenwood county one of the boxes had 24 more votes in it than there were names on the registration list; another box had 18, and still another 10.

In Darlington, it was found that 56 names appeared on the list in voting precincts that were not on the registration list, and that in many sections one man was allowed to vote more than once.

**RECEPTION TO BE GIVEN AT Y. M. C. A.**

The educational committee and faculty of the Young Men's Christian Association will give a reception to the students and public this evening in the Association building, Telegraph avenue and Twenty-first street.

Following the reception of students from 7:30 to 8:15, there will be music and short talks by T. E. Hughes, educational director, and his assistant, T. E. Vaites. A 20 minute address will be given by Professor T. H. Reed of the University of California. Refreshments will be served and the program will conclude with a general inspection of the building.

## CLEANS THE HAIR AND MAKES IT BEAUTIFUL—25-CENT 'DANDERINE'

In a Few Moments Your Hair Looks Soft, Fluffy, Lustrous, and Abundant; No Falling Hair or Dandruff.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time, this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance, the beauty and shimmer of true hair health.

Besides beautifying the hair, one application of Danderine dissolves every

particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. It's exhilarating, stimulating and life-providing properties cause the hair to grow abundantly long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

## FRESNO TEACHER CLIMBS MT. MOREA, TAHITI

SAN FRANCISCO, Sept. 6.—Miss Katherine Douglas, the Fresno school teacher who recently added to the prestige of woman by being the first white person to scale Mt. Morea, arrived from Tahiti on the Union liner Tahiti yesterday.

Although the top of Morea is only 2000 feet above the sea, it is considered one of the most difficult mountains in the world to climb. Its precipitous sides are covered with a thick growth of trees and foliage and headway can only be made by cutting through with axes.

## DIPHTHERIA CLAIMS 30 IN INFANTS' HOME

TORONTO, Sept. 6.—Thirty deaths have resulted from an epidemic of diphtheria at the St. Vincent's Infant Home here. The cases had not been reported until death ensued. The remaining children, about a hundred, will be treated with anti-toxin.

## MANY CITIES WANT ROTARY CLUB MEETING

Members of the Rotary Club will discuss the merits of the various cities proposed for the next national convention of the Rotarians of America, before giving support to any of them. President Robertson read the request for backing yesterday made by the Cincinnati organization which desires to have the next convention held in that city.

The other city which is making a fight for the meeting is Buffalo, whose merits will be discussed next Thursday. The question of a meeting place is decided by the various clubs throughout the country. At the next meeting of the organization George S. Meredith will preside, and a special program will be arranged by N. P. Bridges, chairman of the entertainment committee.

## CHINESE PIRATES HOLD OFFICERS FOR RANSOM

HONGKONG, Sept. 6.—A powerful band of Chinese pirates today carried off the master and chief engineer of a river tug, and are holding them for ransom. They demand \$20,000.

The pirates first fired a volley at a lighter loaded with oil proceeding up the West river, near the town of Kongkong. Then they boarded the tug, towing her and seized the entire crew, but afterward released all except the two officers.

An article that has great merit should in time become popular. That such is the case with Chamberlain's Cough Remedy has been attested by many dealers. Here is one of them: H. W. Hendrickson, Ohio Falls, Ind., writes: "Chamberlain's Cough Remedy is the best for cough, cold and croup, and is my best seller." For sale by Osgood Bros. Drug Co.

## ONE CHILD-LABOR PERMIT IS ISSUED

Twenty-five Applications Are Received by Juvenile Court, However.

Only one child-labor permit to a child between twelve and fifteen years of age was issued by the Juvenile Court of Alameda county in the last six months, although twenty-five applications were received for such permits. In the preceding six months, seventy-nine applications were received and seven permits granted, according to figures compiled by Miss Edith A. McGraw, who handles this branch of the probation work. Out of a total of one hundred and four applications, ninety-six were denied.

Under the present child-labor law no permit can be issued to any child under twelve years of age at any time. No child between twelve and fifteen may leave school and work without a Juvenile Court permit, which is granted only in extraordinary circumstances. Between fifteen and sixteen any child who can read and write and prove his age may secure and Age and Schooling permit from the school attendance officer.

Reports of violations of the child-labor law, which is being rigidly enforced, may be made to the probation office, at 419 Nineteenth street, near Broadway, Oakland.

## CALIFORNIA WINE FAVORED; R. R. SUIT

Champagne Conspiracy Is Charged by Eastern Dealers.

WASHINGTON, Sept. 6.—A champagne conspiracy on the part of the Atchison, Topeka and Santa Fe and forty other railroads was charged before the Interstate commerce commission by a firm of dealers in wines. The firm complained that the railroads discriminated in favor of California champagnes by charging only \$2 per hundred pounds on such shipments from California to New York, while they fixed a charge of \$2.25 on champagne shipped from New York to the Pacific Coast.

## FIREWORKS FAIL TO DRIVE OUT BIRDS

TOPEKA, Kas., 6.—With a ton of fireworks this city last night began battle against the thousands of blackbirds that have infested the great elms and made the streets here dangerous and unsightly. Professor L. L. Dyche, State fish and game warden, told in officials that roman candles would drive them out. Last night four men spent several hours firing the candles singly and by volleys into the trees. As the firing broke out, the birds swept through the trees the birds fairly screamed at their disturbance. A few took wing and flew to nearby trees but most of them held their roots and chattered noisily. Finally the firing squad gave up the effort.

# A NEW TREATMENT FOR SICK HEADACHE

Made Possible by a Special Laxative Used With Dr. Williams' Pink Pills.

Mrs. Walter Anderson, of R. F. D., Valued, Kansas, suffered for a number of years from sick headache. She says: "Ever since I was a small child, I suffered from sick headache, and when I was thirteen years of age I had a severe attack of inflammatory rheumatism in my limbs, which were terribly swollen. I suffered intense pain and from that time until I took Dr. Williams' Pink Pills I suffered a constant pain through my head and I never saw a well day. I was weak, generally run down and had no ambition to work. My blood was thin and I lost in weight. I was tired and languid all of the time. I had no appetite and my stomach was out of order. Whenever I was chilled I was troubled with rheumatic pains in my limbs. I was very nervous and was often confined to bed for a week.

The doctors did not do me a particle of good and they did not seem to know what ailed me. After being under their care for some time, my father decided to have me try Dr. Williams' Pink Pills. I could see that they were helping me after taking a few

boxes as my strength came back and my headaches disappeared. I have been in very good health since."

As a rule a sufferer from sick headache can tell hours, sometimes days, in advance, when the headache is coming on. This fact makes it possible to use a laxative, as soon as the approach of an attack is discovered, to eliminate the poison from the system and prevent the attack or in a great measure alleviate its severity. A new laxative, Pinklets, designed to be used in connection with Dr. Williams' Pink Pills, affords a perfect combination treatment.

We have prepared a pamphlet that not only describes fully the laxative and tonic treatment of sick headache and gives specific directions for the use of the remedies but contains also much valuable information regarding diet, exercise and the management of the sickroom during an attack. This pamphlet will be sent free on request together with a sample of Pinklets, the little laxative pills. Write today if you want to treat your trouble intelligently. Address: The Dr. Williams' Medicine Co., Schenectady, N. Y.

## MAINE OVERRUN BY POLITICIANS

Liveliest Campaign in History for Eastern State Draws to Close.

PORTLAND, Me., Sept. 6.—The activity of the platform-speakers and party newspapers continues during the closing hours of the Maine state campaign. Before midnight tomorrow the final arguments will be made to the voters, and the balloting will begin on Monday.

Never have so many speakers of national prominence taken part in a Maine campaign as have appeared on the stump this year. Governor Frederick W. Plaisted, Democrat, is a candidate for re-election, and his Republican rival is Wm. T. Mann.

The principal issues of the campaign are State-wide prohibition and economy in the management of State affairs.

**RIGHT ANNEXATION IN SOUTHERN CALIFORNIA**

The co-operation of the Oakland Chamber of Commerce is being sought by the San Gabriel Valley Inter-City Committee in South Pasadena, which is making a fight against the proposed state constitutional amendment enabling cities to annex territory across county lines. A. A. Dennison, secretary of the local chamber, will be invited to attend a meeting in the southern city on September 10.

The ornamental bottles of Pasadena are making a similar fight against the possible annexation of cities surrounding Los Angeles as Oakland is making against San Francisco.

**Excursion Rates to Oakland**  
Round-trip tickets will be on sale to Oakland's Fashion Show from points south of Exeter, Tulsa and San Luis Obispo, also branch lines, at reduced rates on September 8, 9 and 10. Final return limit September 11. Ask Southern Railway agent for additional information.

## KISSES SPOUSE AS SHE 'PHONES FOR POLICE

Long Absent Husband Welcomed by Wife and Officer.

ADMITS MAKING TOUR WITH HIS AFFINITY

After Causing Arrest Mrs. Harry Ronald Repents and Seeks Bail.

"I was a d— fool, like many another man, and now I'm in trouble with my wife and haven't got more than car fare in my jeans."

With philosophical calm, Harry Ronald, who has been, according to his own confession, on an extensive "glad time" with an affinity, whose name he refuses to disclose, described his condition this morning when taken into court on a felony charge of failure to provide, sworn to by his wife, Ronald was arrested last evening, and is still in the city prison, although his wife, repenting her harshness, has attempted to obtain his release on bail.

KISSED BUT DIDN'T MAKE UP.

Ronald was arrested in his wife's rooms at the Madison apartments last evening after the two had kissed and made up, and he had thought he had "squared himself" for an absence of two months with another woman.

"I thought she'd forgiven me," said Ronald today. "But she was just stalling while she called up the police. I was glad to be home again and repentant and ready to do all I could to make up. But I guess she thought she'd show me a lesson. Well, I want the limit, and I guess I can't very well weep about it now."

Ronald's case was before Judge Aaron Turner this morning and was continued after arraignment to September 16 for preliminary examination. In the meanwhile Ronald was returned to his little cell in the city prison in default of \$1000 bail.

When Mrs. Ronald's health became poor last May Ronald sent her to the mountains of British Columbia to recuperate, and furnished her with money for a time. He and his wife had a bank account of \$1000, but when the remittances failed to arrive and Mrs. Ronald returned to Oakland seeking to discover the cause, her husband had disappeared and the bank roll had dwindled.

"T'WAS A MERRY JOURNEY.

Mrs. Ronald asked the police to find her husband. Inspector McSorley found that he had left with a married woman who was in business in Oakland and had gone to Los Angeles. The merry and sentimental journey extended as far as New Orleans before there was trouble and the fellow travelers parted company.

Ronald came back last night. He sought his wife. He told her how badly he felt about the affair. Mrs. Ronald kissed him and the two talked of old times. But she found time during the conversation to hold a private talk with the police over the telephone and Inspector Bodie A. Wallman went to the house and placed Ronald under arrest.

It then developed that Mrs. Ronald had intended to use the proceedings to "righten hubby," for when he was in jail she did not wish him to remain there overnight. The course of the law proved inexorable and Ronald had to spend the night in jail, while his wife made unavailing efforts to obtain the bail.

## COURT MAY DROP THE SWIFT CASE

Woman Must Prosecute or the Charges Will Be Dismissed, Says Judge.

SAN FRANCISCO, Sept. 6.—If Mrs. M. F. Swift, who accuses her husband Harry Swift, manager of the Clayton Innertre company, does not appear in court tomorrow to prosecute her spouse on a charge of failure to provide or sends up an affidavit from Los Angeles, the case will be dismissed. Police Judge Sullivan was about to quash the proceedings today when Mrs. Swift's counsel, Attorney Rose, stated that he believed there would be an affidavit for him in the mail, and urged one more day's stay. He said that Mrs. Swift could not be here until next Friday.

Mrs. Swift's accusation against her husband was sensational and her mentioning George Robert Daly, an employee of Swift's in connection with it, led to Daly's threat to sue her for defamation of character. The wife was refused admittance to her husband's apartment in the Baldwin hotel last Friday and went to the Palace, later leaving for Los Angeles.

## VISITING RABBI TO CONDUCT LOCAL SERVICES

REV. J. L. CARR.

Rev. J. L. Carr of New York has been invited to conduct the holiday services in Beth Jacob synagogue, Ninth and Castro streets. The eastern rabbi is here on a visit and has consented to lead the devotions on the three holy days, which are observed as follows: Rosh Hashanah, September 12 and 13 and Yom Kippur, Saturday, September 21.

Last year the services were directed by Rev. Benjamin Meyerowitz, who resigned his charge to accept a call in a large synagogue in New Orleans.

The orthodox ceremony which is adopted upon those occasions in that synagogue will be followed. The order of the devotions has not as yet been announced.

## MOKI WEDDING KNOT REINFORCED

Sacredness of Corn Meal Cake Fails to Impress White Couple.

LOS ANGELES, Sept. 6.—Hearing that a wedding knot tied by a Moki Indian chief, who used nothing more sacred than a corn meal cake, would not be considered sufficient by their parents and friends, Roman Hubbell, son of the chairman of the Republican State central committee of Arizona, and Miss Alma Juliette Dorn, daughter of a capitalist well known in Washington and New York, waited until they could be married again by a Catholic priest at Pasadena, before announcing their nuptials to relatives and friends today.

The young people are said to be the first white couple ever married according to the quaint, simple rites of the Mokis. Young Hubbell grew up among the Indians, with whom his father had traded continuously for 45 years. Miss Dorn, whom he met a few months ago in Washington, visited the Pueblo rancho at Ganado, Arizona, to witness the annual Moki dance, and when Miguelito, the old Indian chief, learned of their love, he suggested a Moki wedding.

But the corn meal, which is essential to an Indian ceremony, was lacking, and young Hubbell had to ride 60 miles to procure enough to make the wedding cake, which, when eaten by the young couple, constitutes the wedding ceremony.

Miguelito thought the couple were tied tight enough, but Miss Dorn and her bridegroom thought differently, and their forthwith rode 60 miles more to reach the train which brought them to Pasadena, where the second ceremony was performed.

## MARINES TO STOP FILIBUSTERING

U. S. Forces March on Managua to Reinforce American Guard.

WASHINGTON, Sept. 6.—American naval forces in Nicaragua are taking steps to prevent filibustering expeditions through the Bay of Fonseca. Rear-Admiral Southerland reported to the Navy Department today that he was taking drastic measure and had dispatched the cruiser California to San Juan del Sur and other points along the coast.

**MARINES ON WAY.**

CORINTO, Sept. 5.—Delayed in transmission.—American marines from Philadelphia who arrived here on board the California are on their way to Managua. The first battalion departed yesterday and was followed today by the second battalion and by six bluejackets from the cruiser Colorado. Some of these men are to be used as guards along the railroad and the remainder go direct to Managua to reinforce the American guard already in the capital.

The revolution is losing ground, according to reports received here.

**W. M. CUTTER, COINER IN U. S. MINT, RETIRED**

SAN FRANCISCO, Sept. 6.—William M. Cutter, coiner of the United States mint in this city for many years, has been retired from the government service. The post, considered one of the best in the mint, was held by him for 14 years. The position was abolished by the treasury department.

Cutter was notified by Superintendent Frank Leach that the office was abolished and the former State Senator of Cutter county is now in the city bidding farewell to friends preparatory to returning to his home. It is said both Senators Perkins and Works were passive in regard to saving the job of Cutter.

## CLUBWOMEN HOLD S. F. DISTRICT COUNCIL

Many Movements Discussed at the Redwood City Gathering.

MEETING CALLED BY MRS. SHUMAN

Program of Music and Addresses Occupy Members During Day.

REDWOOD CITY, Sept. 6.—Clubwomen, including State and district officers, gathered at the artistic home of the Redwood City Woman's Club yesterday afternoon for the initial council of the San Francisco district.

The council was suggested by Mrs. Percy L. Shuman, district president, and the executive board as a means of coming into closer contact with all the counties within her jurisdiction. After the gathering yesterday, which is the first of a series which will be completed before Mrs. Shuman's term of office expires, an elaborate luncheon was served on the shaded side of the pergola veranda of the clubhouse.

Mrs. John Glisner rendered several vocal selections and contributed to the musical program of the afternoon. Other numbers were given by Miss Lydia Roper of San Jose, pianist, and Mrs. John G. Jury, chairman of music for the San Francisco district.

MRS. ORR SPEAKER.

Mrs. J. W. Orr, who appeared for the first time before the clubwomen as State president, spoke briefly of the new year book of the General Federation, which will be out within a week.

Mrs. Percy L. Shuman, president of the San Francisco district, took charge of the council and announced that she had brought all the members of her executive board and her department chairmen, so that the clubwomen might look them over and approve.

Mrs. Percy S. King of Napa, vice-president of the district, announced that the clubs of Napa valley had arranged their council for September 25.

**DISCUSS ISSUES.**

The various department chairmen presented the subject of study clubs, with their importance to the present day movements. Department work on the lines of reciprocity, art, health, music, legislation, civics, civil service reform, social and industrial conditions was also discussed.

Mrs. Frederick W. Colburn of the Thursday Club of San Mateo spoke for the study clubs of that district.

Mrs. Horace Coffin, department chairman of legislation, spoke of the value of clubwomen in the recent equal suffrage campaign, and declared that, without them, the victory for equal suffrage would not have been assured.

**TALKS ON HEALTH.**

Dr. Mariana Bertola of San Francisco addressed the meeting as district chairman of health. The house fly and dust were the two special subjects chosen for attack by the committee.

"Infantile paralysis, which has reaped such a harvest in the southern part of the State, and which is slowly spreading from there, is carried by dust," she said. "We know that. Our work is to get rid of the dust."

Miss Jennie Partridge, chairman of civics; Mrs. Louis Hertz, chairman of social and industrial conditions; Mrs. V. Grimes, chairman of civil service reform; Mrs. Norman Martin, press chairman; Mrs. Emma Tojetti, chairman of music in the State Federation; Mrs. John C. Vickerson, reciprocity chairman; Mrs. Rose Berry, art chairman, and Mrs. Chas. McCarthy, each gave a brief outline of the work of her department.

**ENDOWMENT FUND.**

Mrs. E. G. Dennison, president of the local board, was an invited guest, and she discussed the endowment fund, which the General Federation is undertaking to raise throughout the country. Miss Jessica Briggs, corresponding secretary of the State Federation, also addressed the meeting.

The second council of the district will be held for the Santa Clara county clubs on October 12, at the Hotel Vendome, San Jose.

The officers of the Redwood City Woman's Club, to whom a large measure of the success of yesterday's meeting is due, are:

President, Mrs. George A. Merrill; first vice-president, Mrs. H. C. Finkler; second vice-president, Mrs. C. D. Hayward; recording secretary, Mrs. J. N. Winter; corresponding secretary, Mrs. J. T. Thorne.

## TROUBLE SETTLED OUTSIDE OF COURT

Miss Cooper Gets But \$100 Instead of the \$5000 She Expected.

SAN FRANCISCO, Sept. 6.—Miss Maud Irene Cooper, the pretty actress who obtained net worth valued at \$5000 from Gustav Ehrlich, a real estate man with offices in the Monadnock Building, will not have to go through the ordeal of a court trial. Today the young woman was induced to give her the note. Immediately she disposed of them to H. T. Kearney and he, on learning that the detectives were investigating, sought out Ehrlich. He agreed to turn over the note if he was reimbursed. Ehrlich would only give him \$50. Thus the whole transaction from a \$5000 deal simmered down to \$100 received by Miss Cooper to the loss of both Kearney and Ehrlich. When the matter was explained in court today Judge Van Nostrand refrained from commenting, but dismissed the case.

**FIVE CARLOADS of Pianos intended for our Christmas trade have just arrived and must be sacrificed with the rest of our stock.**

**SIDE WHISKERS ARE COMING TO U. S. A.**

NEW YORK, Sept. 6.—An invasion of America by the British whiskers of the style of 1830 (they have already returned to vogue in England) was predicted yesterday by George Ade, who returned on the Olympia after several weeks of his usual research abroad.

"Side whiskers are coming to America just as fast as the fastest ship can bring them," he said. "I am going to raise money at once and I shall therefore be ahead of the hot mofid. I have been informed that if I remain in seclusion and am attended by a specialist, I shall be ready to come forth into the world resplendent in whiskers."

"The old trailing arbutus style of whiskers," he continued, "but there is more art in the raising and care of the new fire whiskers. These new ones are not so new after all. They are of the crop of 1830, and the London dandies have already re-animated them beyond the danger of a relapse."

"Next to whiskers, the thing that made the most powerful impression on me in England was the weather. It rained all the time, in city and country. The farmers were tilling for hay and selling for oats. I had intended to go to Venice, but I was saved that expense. Every town in England was a Venice."

**SANSKRIT TEACHER WILL SPEAK HERE**

Har Dazal, M. A., a fellow of St. John's College, Oxford, lecturer in Hindoo philosophy at Stanford University and teacher of Sanskrit, will address the directors of the Oakland Chamber of Commerce on "American Commercial Expansion in India" next Tuesday morning at 10 o'clock. Dazal will speak in behalf of a movement for the publication of an American commercial directory for circulation in different countries. The possibilities for American trade in that country will be told by the speaker. The local commercial body is giving the undertaking support. The representative for the directory in this territory is Rein N. Park.

6%

A gentleman living in Marysville writes us as follows:

"Your literature received and I wish to congratulate you upon the clear, clean-cut way you have described your certificate proposition. I have been looking for a safe but careful 6% investment for some time and 'Syndicate Sixes' fit the bill.

"Have talked with a number of people who know the Syndicate and they all recommended you highly. Enclosed find check for \$500. Within thirty days I hope to place more. No more small mortgages for me—too much bother and worry."

People all over the west are placing their accumulations of capital with us and over 7000 individuals have had experience with The Syndicate as investors.

We gladly refer you to any one who has ever deposited with us.

Why not send or call for literature describing the proposition? You owe it to yourself to get as much for your money as you can, consistent with safety.

For 17 years The Realty Syndicate has been paying 6% interest to depositors.

Why is it that YOU are not taking advantage of this proposition?

You work hard for your money and then when you get it you let it loaf along at 3% or 4%.

What is the use of accumulating money if you do not make it earn the maximum rate of interest?

Money is worth 6% and you can get 6% with safety for it if you try.

We have pamphlets describing every detail of the investment—you take no risk, have no bother, no responsibility, no dates to remember and no meetings to attend.

In fact, through the medium of "Syndicate Sixes," we offer you an absolutely care-free 6% investment that is well worth investigating.

Call or write before you forget it.

## NO PROVISION WAS MADE FOR ALIMONY

Matter Overlooked in Divorce Papers; Wife Takes Belated Action.

When Mrs. A. P. Crossfield obtained a divorce from A. J. Crossfield, manager of a San Francisco bridge company, everybody got something out of the proceedings in the way of payment but herself. Owing to an oversight, intended alimony allowance was not put in the papers granting her separation and maintenance. The attorneys got their fees, but Crossfield refused to pay his wife \$50 per month as it was not so worded in the documents of divorce. Attorney R. Porter, Ash, representing Mrs. Crossfield, appeared before Superior Judge Harris this morning seeking amendment to the decree. The case is now continued.

## SAN DIEGO FAIR GROUNDS VISITED

Northern Commissioners Seek Sites for County Buildings.

SAN DIEGO, Sept. 6.—In charge of Winfield Hogaboom and other members of the board of directors of the Panama California Exposition and members of the chamber of commerce, forty commissioners representing northern counties of California, this morning visited the Panama-California Exposition site in Balboa Park to make a preliminary examination of the ground with a view of selecting sites for county buildings.

A. A. Denison of the Oakland Chamber of Commerce, E. L. Finley of Santa Rosa, D. W. Carver of Sacramento, Milton Moore of Reno and W. G. Scott of Inyo are among the visitors.

## 80-YEAR-OLD FARMER IS KILLED BY BULL

BANGOR, Wis., Sept. 6.—Mell Schmelz, 80 years old, was killed by a bull on the farm of his son, seven miles south of Bangor. Little is known about the accident, the family being away at the time. On their return they found the body on the floor of the barn, the furious animal loose in the building.

## ROUND TRIPS TO PALERMO

Excursion tickets are on sale at \$6.30 for Fridays, Saturdays and Sunday mornings from September 6th to 26th, incl. first return limit. Tuesday following date of sale, from Oakland Pier, Oakland, Berkeley and South Berkeley. Ask Southern Pacific Agents for other information.

## PINEAPPLE TO BE SHIPPED HERE

Vast Quantity of Fruit to Be Carried by the American-Hawaiian Vessels.

According to advices received here today at the local quarters of the American-Hawaiian Steamship Company, preparations for the handling of the 1912 pineapple crop of the islands about Honolulu are nearly completed and it is reported that fully 450,000 cases of canned pineapple will be handled by vessels of the American-Hawaiian Company during the present season. The steamer Columbia of this line, which sailed from this port several weeks ago, will load a cargo of nearly 100,000 cases of the product. With the completion of her loading she will sail for Salina Cruz, where she will discharge a portion of her cargo, from where it will be distributed by steamer to the various ports on the European and Atlantic seaboard. A portion of the cargo will be brought here to be discharged for inland shipment.

The freighter Missouri of the American-Hawaiian people sailed several days ago for this coast with the first cargo of preserved pineapple. It is expected that the shipments will continue until December, when the entire crop will have been moved. Local officials declare that a considerable portion of the crop will be handled here.

The steam schooner Shasta, owned and operated by the E. K. Wood Lumber Company, was, according to reports received here today by the local offices of the company, rammed by the steam schooner Saginaw yesterday off San Pedro. The advice is meager, but it is known that the Shasta was damaged to the extent of \$5000. The Saginaw was practically undamaged. No details as to the cause of the collision were forthcoming. Both the Saginaw and Shasta operate on the coast lumber route, the Saginaw making this port one of her regular discharge points.

## NEW GAS TUG

A new gas tug for bay service was put into the estuary yesterday afternoon at the D. J. Hanlon shipyard. The new craft is known as the engine and will, with the installation of her engines, be used for towing purposes on the bay.

Repairs to the big British freighter Strathford, Captain McIntyre, were completed this morning at the Moore and Scott shipyards and the vessel shifted across to the San Francisco side to fuel and provision. The big Britisher has been chartered by Hind, Ralph & Co., of San Francisco, to load lumber on the Columbia river for Calcutta.

Another salmon packet, the schooner C. A. Thayer, Captain Pederson, of the fleet from northern Alaska, came here yesterday and took a berth at the San Francisco side. The vessel is owned by Peter M. Nelson and will, with the conclusion of her discharge on the San Francisco side, winter here.

The Thayer came from the district about the Bering Sea and was busy in beating her way down the coast.

The steamer Francis H. Leggett is at the United Engineering Works undergoing a general overhauling. The steamer Navajo is at Long wharf loading 3000 tons of cement for the north. Yesterday the Olsen and Mahony sailed with something over 2000 tons of cement also for the north. This makes a total of 7000 tons in three days and it is expected that fully 10,000 tons will be taken for the north in the next month. Considerable difficulty is being experienced by the stevedores and longshoremen handling the stuff as when it becomes wet it cannot be used.

The steam schooner Daisy Gadsby completed her lumber discharge in the inner harbor today and sailed for Willapa Harbor to load lumber for this port.

Reporting rough weather during the greater part of the run the steam schooner Despatch, Captain Rees, arrived here this morning from Eureka. According to Captain Rees although the run along the coast was rather heavy, Humboldt bar was practically calm when he left. During the last few days, however, the bar had been causing considerable trouble to shipping.

Vessels at Long wharf today included the steam schooners Carlos, Vanguard, Pasadena and South Coast.

## WOMAN LOSES HER DAMAGE SUIT

Realty Dealer Absolved by a Jury From Blame for Insanity Warrant.

Mary Sullivan of Thirty-first street and Telegraph avenue, who sued H. E. Walcott, a real estate man, for \$5000 damages, because he swore to an affidavit of insanity against her last spring, lost her suit today before Superior Judge Murphy when, after a few minutes deliberation, the jury returned a verdict in favor of the defendant.

Walcott complained that Miss Sullivan and her sister Margaret had disturbed neighbors in the vicinity of his home and had chased small boys, threatening them. On the other hand, the Sullivan sisters averred that Walcott was at loggerheads because they refused to dispose of certain property they owned for improvements.

## HEADS WITHOUT HATS TO BUILD CLUBHOUSE

SOUTH PASADENA, Cal., Sept. 6.—Members of the "Women's Improvement Association" of this city have decided to go without new fall hats and to donate what they would have spent for headgear to a fund for the erection of a clubhouse.

## FREE TO TRIBUNE CLASSIFIED ADVERTISERS

An order for two large, handsome Firestone Studio Photographs or Home Photo Portraits—that are now so popular—will be given to the Arrowsmith studio to every customer placing a cash classified advertisement over our counter for run for one week or more.

Downtown office, 1220 Broadway.

## STORM DELAYS G. A. R. SPECIAL

Oakland Veterans Disappointed in Plans for Reception of Commander.

The unexpected tears of old J. Fluvius put a woeful crimp today in the plans for the entertainment of General Harvey N. Trimble, commander in chief of the Grand Army of the Republic, who was expected to reach Oakland at 1 o'clock this afternoon.

The special train on which General Trimble and his party are traveling west via the Western Pacific was delayed by storms in the Sierras and it was reported by railroad officials at noon that the travelers would not reach this city until after 4 o'clock and possibly not until evening. In the latter event, there may not be any time for a reception or dinner to General Trimble, as his schedule calls for a departure from Oakland at 6 o'clock tonight via the coast route to Los Angeles.

In case the special train arrives very late the commander and his staff will stop over all night in Oakland and continue the journey tomorrow.

The storm has proved a keen disappointment to the local veterans and members of the auxiliary bodies, who had planned an automobile tour for the visitors and a big banquet at 5 o'clock tonight, at which many distinguished guests were expected to speak. Covers had been laid for over one hundred. The dinner will be held anyway on scheduled time and it is hoped that the visitors will arrive in time for a reception between the hours of 8 and 9.

Among the guests invited to meet the commander in chief and his staff are Senator Perkins, Congressman Joseph R. Knowland, Mayor Ralph of San Francisco, Mayor Mott of Oakland, Mayor Wilson of Berkeley, Mayor Nov of Alameda, Mayor Owens of Richmond, Mayor Craig of Piedmont, Mayor Christie of Emeryville, Mayor Heyer of Hayward, and Mayor Gill of San Leandro. Speeches will be made by the commander in chief, by the department commander and by the distinguished guests.

A delegation from the various relief corps, the Daughters of Veterans and the Ladies of the Grand Army, together with the members of the various posts, will act as a reception committee.

## INNES' WIDOW MARRIES BROKER

Quick Ceremony Unites Former Lilia Schmidt and Michael Winant.

ALAMEDA, Sept. 6.—Mrs. Lilia Innes of this city and Michael N. Winant of San Francisco were married last night at 6 o'clock in the temporary chapel of the First Methodist church in Oakland. The Rev. Mr. White was the officiating clergyman. The bride was attired in a traveling dress of blue. The couple left at once for a honeymoon. After their return they will make their home at Grand street and Clinton avenue, this city. The bride is the attractive widow of the late Edward Innes, who committed suicide in Los Angeles a couple of years ago after becoming involved in financial difficulties. She is the daughter of Mrs. L. Schmidt of this city. Winant is a San Francisco broker.

The steam schooner Daisy Gadsby completed her lumber discharge in the inner harbor today and sailed for Willapa Harbor to load lumber for this port.

Reporting rough weather during the greater part of the run the steam schooner Despatch, Captain Rees, arrived here this morning from Eureka. According to Captain Rees although the run along the coast was rather heavy, Humboldt bar was practically calm when he left. During the last few days, however, the bar had been causing considerable trouble to shipping.

Vessels at Long wharf today included the steam schooners Carlos, Vanguard, Pasadena and South Coast.

## HART ESTATE TO BE DISTRIBUTED

Claremont Capitalist in Court to Dispose of Late Wife's Property.

H. H. Hart, the Claremont millionaire, appeared before Superior Judge Ogden today in the matter of final distribution of the estate left by Mrs. Orpha Spinks Hart, his wife, who died last spring. The estate is valued at \$212,474 and consists of stocks and bonds and a beautiful home in Claremont.

The will provides that after the death of her husband the home should go to the University of California to be used as an art gallery. There was an inheritance tax of nearly \$5000 paid on the estate. Bequests were made to Mrs. Leona Bartlett and Mrs. C. J. Goodwin, sisters, and to C. C. and William H. Spinks, brothers. Certain property in Rockledge was bequeathed to Orpha and Howard Hart, adopted children.

Mrs. Hart died shortly after her husband's home should go to the University of California to be used as an art gallery. There was an inheritance tax of nearly \$5000 paid on the estate. Bequests were made to Mrs. Leona Bartlett and Mrs. C. J. Goodwin, sisters, and to C. C. and William H. Spinks, brothers. Certain property in Rockledge was bequeathed to Orpha and Howard Hart, adopted children.

## CORPSE KEPT TWO YEARS TO ADVERTISE BUSINESS

SAN MARCOS, Tex., Sept. 6.—For more than two years the body of a man named Andrew J. Bailey has "stood up" in one corner of the Rogers Furniture Company's store, awaiting the coming of relatives. The corpse was today pronounced a perfect mummy.

Bailey died June 20, 1910, on the Dick Craft ranch, near San Marcos. Twenty

hours after death the undertaker embalmed the body in the usual manner. The body was claimed by a brother in Fort Scott, Kan., and Bailey's father and brother in Virginia. These relatives postponed coming for the body or sending funds for its shipment. Two weeks ago they were notified that the corpse would be buried in the potter's field within a fortnight if they did not remove it. In two years 5000 persons have viewed the "dead curiosity." The mummy was buried this afternoon.

## FIRST APPLICATION OF A SIMPLE REMEDY DARKENS FADED, GRAY HAIR

Gives Strength and Beauty to the Hair—Leaves the Scalp Clean and Healthy.

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyeth's Sage and Sulphur Hair Remedy. Apply a little tonight and in the morning you will be agreeably surprised at the results from a single application. The gray hairs will be less conspicuous, and after a few more applications will be restored to natural color.

Wyeth's Sage and Sulphur also quickly removes dandruff, leaves the scalp clean and healthy and promotes the growth of the hair. It is a clear, wholesome dressing which may be used at any time with perfect safety. Get a fifty-cent bottle from your druggist today and see how quickly it will restore the youthful color and beauty of your hair and forehead; the nasty dandruff, hot, itchy scalp, and falling hair. All druggists sell it under guarantee that the money will be refunded if you are not satisfied after fair trial. Agents, The Owl Drug Stores.

This Is Good News for You---

This Is Good News for You to Tell Your Friends---

## We Are Now in Our New Home Washington Street, Cor. Twelfth

After twenty-seven years of progress in "My City—Oakland" we are presenting to you a shop for men and boys that is a shop of quality—better than you have ever known—a shop where not only is money saved, but better garments and longer service secured.

It is with a great deal of pleasure that we announce the opening in our NEW HOME, not only because we better ourselves, but because our facilities and equipment are improved to such an extent that we can serve our customers in a better and more satisfactory manner than heretofore.

We are not unmindful of the conditions that have made this move so imperative, and consequently take this opportunity of thanking most cordially our many customers and friends for the loyal support extended to us in the past.

We wish to perpetuate and increase this friendship by continuing business under the same liberal policies that have been in vogue during the past twenty-seven years—namely, one price to all, all merchandise bought and sold on strictly a cash basis, and above all, our original policy of MONEY BACK on all purchases that are not entirely and absolutely satisfactory.

### Men's Clothing

Our men's clothing department will please you and that you can get just the hat to satisfy your taste from our large assortment. We have never had such excellent values for your selection in our store before.

### Men's Hats

We know this department will please you and that you can get just the hat to satisfy your taste from our large assortment. We have never had such excellent values for your selection in our store before.

### Men's Furnishing Goods

Neckwear, suspenders, men's half hose, shirts, underwear, pajamas, collars, in fact every necessary that goes towards making complete a man's wardrobe this department offers for your admiration and selection.

### Boys' Shop

Mothers—You will be amply repaid by a visit to the Boys' Shop. Here everything for your young hopeful will help you keep him dressed as well as Tommy next door and also leave you plenty of change in your pocketbook.

### Mechanics' Dept.

For the men who toll we have overalls, jumpers, gloves, trousers, in fact everything the workman needs in the clothing line.

### Traveling Goods.

Trunks, suit cases, bags of all description for every use, for the traveling man or the man who goes away only occasionally. This department will lack nothing for your most complete and satisfactory approval and needs.

### Girls' and Misses' Dept.

An entirely new acquisition is our department for girls and misses brought about by the constantly increasing demands for girls' and misses' man tailored coats, sweaters and tailor made hats.

## SPECIALIZING OVERCOATS

We have given unusual attention to our Overcoat Departments for men, young men, boys, girls and misses. In this line we have on display a stock that at the prices have never before been equaled in style, variety or actual value. Our Overcoats have been selected from both standpoints of style and service. In fact, we have made this a special department, with many individual features of its own. Our selection is second to none and our prices are in keeping with our past policies and reputation.

We have a souvenir for every child who visits our Boys' Shop tomorrow.

**Money-Back Smith.**

### AVIATOR BUD WARS IN WEAK CONDITION

OAKLAND, N. Y., Sept. 6.—Bud Wars, the aviator, who was badly hurt yesterday when his biplane dipped and crashed into a fence during an exhibition flight at the county fair here, is still in a weak condition at the general hospital, but is expected to recover.

Tracheotomy air pockets are held responsible for Mr. Wars' fall. His biplane is a complete wreck.

### BENEFIT VAUDEVILLE AT HAWTHORNE SCHOOL

Rehearsals are in progress for a vaudeville entertainment which is to be given in the Berkeley high school auditorium, Saturday evening, September 21, for the benefit of a domestic science bungalow clubhouse for the Hawthorne school in South Berkeley. Several prominent people are scheduled to appear during the evening.

### MEMORIAL COLLEGE FOR GEN. BOOTH

Son of Late Salvationist Issues  
Appeal to Followers to  
Aid Project.

LONDON, Sept. 6.—Bramwell Booth, the new head of the Salvation Army, has issued an appeal for \$750,000 with which to erect, equip and maintain a new training college for Salvation Army officers, as a memorial to his father. Regarding the form of the memorial, he says:

"It seems clear that we should ask ourselves, 'What would he himself say could he speak to us?' I know that in consistency with his noble life, he would warmly repudiate any thought of a personal tribute such as could be expressed by stone or iron. He would have said: 'Let it be something that would benefit the needy, and the needy of all countries.' And he would say: 'Let it be something the beneficial effect of which will be felt, if possible, as long as the world lasts.'"

In further discussing the project, Bramwell Booth says that provision for the better training of officers had much occupied his father's mind of late years, but he hesitated to bring out the plan, because of the large sum required. "But," he asks, "may not his death have given us just the impetus we need for an extraordinary effort. I do not intend to spend one shilling on turkeys or marble ornamentation, but to build in the simplest way consistent with up-to-date sanitation and methods. In other countries the English model will be largely followed, and complete union on the general plan will be ensured. The amount raised here will determine what shall be done in the United States, Canada, India, and elsewhere."

### MISSOURI SOLDIERS RE-ENACT WAR DRAMA

KANSAS CITY, Sept. 6.—Two thousand soldiers gathered at Swope Park on the outskirts of the city today to re-enact the battle of Westport, one of the most important battles of the civil war fought on Missouri soil. The mimic warfare began on exactly the spot where Confederate blood was shed fifty years ago. Governor Hadley and his staff were invited to view the battle.

### MAY ESTABLISH FUNERAL ZONE

Undertakers May Have District Set Aside for Them in Los Angeles.

LOS ANGELES, Sept. 6.—A funeral zone is a possibility in Los Angeles. The advisability of setting aside a district for undertaking establishments already has been considered by the legislation committee of the city council.

The undertakers themselves are anxious for some relief from the ordinances which says they must not maintain their establishments within 50 feet of a residence, church or schoolhouse. It is said that practically every Los Angeles undertaker is breaking that law at present. The legislation committee has recommended that the provision be repealed.

### OFFICIAL G. A. R. NOTICE

The headquarters train of the Department of California and Nevada G. A. R. will leave Oakland, First and Broadway depot of the Southern Pacific—the official route—at 7:00 a. m. sharp, Sunday, September 8, for Los Angeles. Arrangements have been made with the Tracfon Company to provide early car service to connect with the headquarters train. Leaving time at terminals: Grove street, 6:15; San Pablo Ave., 6:13; Telegraph Ave., 6:15; College Ave., 6:20; Piedmont, 6:20; Oakland Ave., 6:25; Shattuck, 6:30; 16th Street Depot via 12th street serving 8th and 16th street lines, 6:28; Alameda via Santa Clara, 6:30. Other lines regular Sunday schedule will arrive in ample time. Any information calling attention to any other train or route as being the "official" one, is unauthorized. (Signed) W. R. THOMAS, Dept. Com. Official—R. G. O'Brien, Asst. Adj. General.

### BULL MOOSE SLOW IN OLD LOUISIANA

May Lose Right to Name the Party Candidates by Reason of Dilatory Tactics.

NEW ORLEANS, Sept. 6.—If contentions of the Taft leaders are correct the Louisiana Progressives will not have the name of Colonel Roosevelt and their other candidates on the State ticket in the November election. To obtain a place on the ticket the Progressives are required by law to file a petition with the secretary of State signed by at least 1000 electors. They have not done so. The Taft leaders and Secretary Herbert, in charge of the Taft campaign, say that the time limit for filing the petition expired last Tuesday night. The Progressives hold that they have until October 1. The case may go to the courts for settlement.

### TIE-UP IN BUILDING INDUSTRY AVERTED

NEW YORK, Sept. 6.—The biggest tieup in the building industry that this city has seen for years has been averted. It is believed by an agreement to refer to arbitration the demands of the sand excavation teamsters against the Contractors Protective Association. The strike had all way and on hundreds of buildings throughout the city. It was estimated that already from 30,000 to 40,000 building mechanics had been idle.

The strike was for the renewal of an agreement which expired last November, including a slight increase in wages and changes in working conditions.

## Piano Selling Without "Schemes"

Many people make the mistake of assuming that "legitimate business along conservative lines" means high prices. Nothing is further from the truth.

The advertising of a house reflects its methods. Extravagant advertising and extravagant schemes are always paid, in the end, by the purchaser.

Your interests are safer in the hands of a firm that does business and serves the public, and therefore itself, best by claiming little but DOING much in the matter of dollar for dollar value.
